

Not long after I started my 'War On Shills' Mel Ve [who at the time was in regular contact with members of the Hollie Hoax group; the hot topic being super slimy Brian Gerrish] invited me onto her Freedom Central radio show. At the time I was far too preoccupied with J's illness, and she was happy to postpone. When I did get back to her she didn't reply. Perhaps she was too busy – she probably had far more important people to talk to. Or maybe in the interim she had been 'advised' by the 'grey suits' not to talk to me. I did intend contacting her again, thinking that she might not have got my email; but after listening to the interview she did with **Sheva Burton** and **Louise Clarke** I was **horrified**; realised that she too is a NWO gatekeeper and decided I want nothing whatsoever to do with her.

This realisation came as a shock, as I really thought she was independent and I used to have so much respect for her because she was one of the very few seemingly doing such a good job exposing the lower level 'controlled opposition'. Perhaps she was getting too good at it and had to be curtailed. She must've pissed the Masonic high ups off when she gave the Hollie Hoax group a large audience. There's another way of looking at it though. Perhaps she was 'allowed' to give them [a group of **genuine** 'ordinary' folk] a platform, to give *herself* credibility. This is how shills trick us into believing they're the real deal. This was the tactic used by Charlie Foulkes - she used my story to give herself credibility. So when these con artists come out with some bullshit, you don't recognize it as such, you tend to think it must be true.

Mel Ve certainly had me fooled. Then again I was only interested in the videos that she did re the controlled opposition. It didn't matter to me what her other videos were about or who her other guests were. But when you begin to realise how cleverly controlled opposition works you understand that there only needs to be 5% or less disinfo [plain lies/nonsense] from an otherwise credible source of information, for that person [NWO agent] to **help keep the populace comatosed**. So after becoming suspicious about Mel Ve and starting to look a little deeper, I soon realised that she is NOT the independent truth seeker/truth sharer she appears to be. As for whether she is a turncoat or whether she was always working for the enemy I don't really care. The important thing is that she is definitely NOT now on the side of truth and justice and freedom for all.

Some might say she is just naive, or perhaps a bit shallow – putting her ego first and a drive for some sort of celebrity rather than striving for truth; that she's not something more sinister – an evil subversive. None

of that matters. What matters is that she is NOT a freedom fighter. Even if she is just naive [which I certainly don't believe is the case] she is a useful idiot assisting the NWO agenda and cannot be tolerated [or trusted]. Time is of the essence. Read on.

Mel Ve is described as an international alternative media **celebrity** and a global icon for the **revolutionary movement**.

<https://www.youtube.com/watch?v=d6W2yVyDqtU> That tells us all we need to know about who's side Mel Ve is really on. In the above video whereby Mel talks to Ethann Fox, she says her name Mel Ve is not her "illegal corporate fiction". She talks of her "corporate illegal fiction" as being the name on her birth certificate which is Melanie Spencer and says "we are declared dead at the age of 7". Strength give me strength. This 'Freeman on the land/Strawman' nonsense is just another way the ruling elite, through their agents such as 'Lawful Rebellion'

<http://www.lawfulrebellion.org/> 'Freedom Rebels'

<http://www.freedomrebels.co.uk/> 'BCG'

<http://www.britishconstitutiongroup.com/article/reclaiming-our-sovereignty> ... keep the public under control. They brainwash people

into believing they can avoid their debts/challenge judges and magistrates in their own courts. Of course this only ever leads to so-called 'lawful rebels' getting themselves a criminal record [possibly even a prison sentence] which obviously brings all sorts of problems for them and their families, which of course is the plan of the PTB. Also **criminals** are not credible challenges **to the ruling elite criminals**.

As Mel says she cannot use her Mel Ve name on her passport or on any identifying documentation. So it is not real; just more of the same time wasting useless PRETENCE; just as the whole 'Strawman' jiggery pokery is. Mel says she's involved with various 'projects' to address the 'passport' problem, amongst other things. Such 'projects' are phoney schemes designed to buy time for the ruling elite. All shills only ever talk about phoney 'solutions'. Mel, just like all shills, gives you false hope, keeps you confused and going around in circles.

No shill will ever tell you that the ONLY way the NWO can be stopped and the criminals behind it and those aiding it exposed and brought to justice is to expose the fact that there is an **illegal shadow authority** in the form of freemasonry and other various *secret societies* that runs through EVERY society in every country worldwide. If they do mention freemasonry it will be done half heartedly, for example by saying some freemasons or certain groups are to blame/are corrupt ... that not all freemasons are bad ... i.e. they avoid talking about the purpose of

freemasonry. Also no shill will ever tell you that anyone who is a mason, no matter what level, or who benefits from freemasonry or any other secret society, is a follower of Lucifer the devil. Nor will any shill ever tell you that if you want freedom you have to literally follow God into battle [and by joves if you remain **totally** loyal to God, **you will suffer for it**]. It is not ok to remain neutral. You have to choose a master. If you do not choose God and live your life according to His teaching, with 100% commitment – there are no half measures - you are serving Satan.

Continuing with my analysis of the video

<https://www.youtube.com/watch?v=d6W2yVyDqtU>, with, as always, my comments in red:

Mel claims to have healed herself using Reiki. She says she had a car accident aged 18, was in a wheelchair for a year, learned reiki and healed herself back on to her feet. I am very sceptical. Have a look at this <http://scienceblogs.com/whitecoatunderground/2009/03/11/reiki-still-stupid-after-all-t/> “There is no such thing as “life energy”. Since it is immeasurable, unobservable, and exerts no measurable effects, it is almost by definition non-existent. *Reiki* is really nothing more than vitalism, the discredited ancient idea that there is an immaterial life force separate from the physical body. Reiki is no different from any other woo. It is an unproven and unproveable practice based on discredited ideas about the human body.” **Of course Mel *might* be telling the truth. But there is no evidence of that and no-one has corroborated her story of self-healing [or even that she was even confined to a wheelchair for a year.]**

During the interview she says we shouldn't need such a thing as a passport. **Well we do need such documents as we do need a form of identity and we do need to stop criminals moving around.** At 19 mins she says she's **living free of the 'slave' system.** I wonder if she means that by being in league with freemasonry [as all NWO gatekeepers are] that she is living a comfortable life protected by masonry, and as such is spared the slave-type conditions that most of us exist under. She is **very vague** when she talks of how she manages to drive a car without a driver's license and that she *will be* deregistering her car. I have noticed that shills have a habit of thinking **IN THE FUTURE.** Just as Mel **WILL** be deregistering her car, shills say they **WILL** produce 'the evidence' [at some unknown time in the future.] Mel says she and her hubby “**fly beneath the radar quite skilfully by moving around a lot** [every 6 months]” **that's conveniently vague!** and

that they make a point of not getting caught and staying out of court. She says it doesn't matter what you try to use in court ... how you try to fight it in court "you may get a judge with an ego ... and then you're toast". **So no practicing what she preaches - 'freedom on the land' - for Mel Ve! That's cos she knows it's all BOLLOX. She's very vague about her income, laughs about being 3 months behind with her rent, doesn't explain where she gets her 250 Euros per month for her "legalised squatting building" and says she's more worried about "astral attacks"!!!**

At just after 32 mins, Mel discusses the **SWISSINDO Mister Sino** scam. **This bit of the video really sent my bullshit barometer into overdrive.** Mel talks about 'good guys' working within various networks, such as the United Nations ... apparently there is around 15% of the world's gold going for grabs [monetary value of around \$6 million for each of us!!! **Yes you heard correctly. Now if you think you're going to get anything from Mister Conman Sino you are an even bigger fool than I thought. As for Mel, her involvement and promotion of this scam means she's stinking to high heaven.**] Mel says she is a delegate for the African delegation [there are 100 delegates]. She says she was approached and offered the job. She says the plan is to set up a banking system outside the current system [**sounds like the Roger Hayes 'Lawful Bank scam**]. She says the 'King of Kings' Mister Sino is "a good person, a man of the highest spiritual intent and has best wishes for humanity". She refers to his "gift to humanity". **I feel like throwing up!** She says JFK [**who called for a return of America's currency to the gold standard, and the dismantling of the Federal Reserve System**] was going to do this project with Mister Sino ...

Listen to what she says on the well known skill site 'Before Its News'. Our intrepid seeker and sharer of truth, 'investigative journalist' Mel Ve meets with the big man Mr Sino himself. **If your stomach can take it, do read on. I must warn you though this really does come with a health warning.** <http://beforeitsnews.com/alternative/2014/06/mel-ve-6-24-14-report-back-from-indonesia-meeting-with-swissindo-and-king-of-kings-2982958.html> She says: "It is true that we cannot hope to solve the problems of the world with the same consciousness, thoughts and practices that created the problems in the first place." **More utter bollocks. Who got humanity into this mess? Not Joe Public. Yes the general public allowed evil to rule because your average Joe on the street doesn't think s/he can do anything about it. Every action results from a thought. The only thing that holds us back from challenging evil is thinking that we can't; because people en masse listen to the voice of Satan; you know the one that feeds us negative thoughts – the one that**

tells us to be afraid, the one that tells us we'll look like idiots, the one that convinces us we are powerless against the mighty establishment. Well it's high time people start sticking the finger up at Satan and start believing that **we can**. When *individuals* believe they can become empowered, collectively we **will** bring in **God's** New World Order.

Now read the following link for some SWISSINDO truth. [The propaganda video shown is almost certainly narrated by Mel herself. It certainly sounds like her.] Former insider and whistleblower Pieta Morgan explains the proposed new hierarchy that is to run the world. "The '**king of kings**' sits atop several layers of '**royal**' authority down to a series of emperors delegated to each continent. Prime Ministers etc sit below these appointed emperors. This is the sort of typical **collectivist madness** to be expected from the United Nations; a completely **unrepresentative and undemocratic institution comprised of tyrants pretending to be saviours of the Earth.**"

<http://www.truthwillovercometyranny.com/radio-podcasts/65-swissindo-exposed-by-insider-pieta-morgan.html>

Mel, who accuses **Heather Tucci-Jarraf** [more on her below] of sabotaging the Swissindo project has fallen out with her over Swissindo and the 'Queen of Africa' title she was offered. **Just that silly title is enough to tell you that this project - which even Mel herself refers to as a 'game' - is a con.** [Around 59 mins of the vid.]

At 1hr 32 mins Mel is saying the 'darkness' isn't bad. She says we need people like Kevin Annett here. **Pass me that puke bucket again, please.** She says **we need that negative energy to help us evolve.** **Yes, you heard that right.** She says it is not about good and evil. Apparently someone from inside the Vatican – a cardinal - phoned a *contact* of hers to say that they **don't want to be evil, but they have to be as part of their contract on this planet. They have a contract with darkness. This is needed to ultimately serve the betterment of humanity.** **Oh fucking hell - now I'm reduced to swearing; sorry can't help it; this shite just makes my blood boil.** Mel is even worse than I thought. Is she brainwashed or just plain evil? I'd say the latter; she's too intelligent to just go along with this crap. **She's completely sold out to Satan.** She says their contract with darkness is over. She says she's involved with the setting up of *common law grand juries* to sort it all out. She's setting them up in South Africa. **How ridiculous. We already have perfectly good structures in place. It is unnecessary and, even if possible, would be futile to try to set up anything new. Whilst the bad guys remain in power, in possession of all the money, how the hell can you have a**

system running alongside them??? They will just infiltrate and take over any structure Mel creates!!! How about **bringing to justice the criminals in power** and then filling those positions with the good guys??? The problem is Mel doesn't believe the bad guys should be punished; she wants to forgive and rehabilitate. Well they're not showing us any bloody mercy. Bad people need to be punished. How do you bring a child up to know right from wrong? When the child does wrong, you teach it that there is a punishment for that. You don't just accept it, or the kid never learns appropriate behaviour!!! I wonder if Mel would be so forgiving if she had really suffered from the PTB's evil. There is no evidence that she is suffering [or has suffered]. Only God's servants suffer in this life. She is NOT on God's team. We get back to the same old realisation - there is no *nice* way of dealing with the evil psychopaths in power and their gatekeepers. You can't work with them. We have to FIGHT them. We have to FIGHT FOR FREEDOM. There is no such thing as a nice war. When you fight evil, **you have to be prepared to sacrifice your life**. You might as well give it all you have, because whilst they're in power YOU HAVE NO LIFE.

1hr 43 mins Mel says there is some **truth** in what Icke says when he talks of **reptilian blood lines**. **Need I go on folks? Does anyone need any more proof of who Mel Ve really works for? Just in case there are those who do, I'll continue ...** She talks of folklore; fairy tales – dragons, serpentine beings and mermaids and says we cannot ignore these dragon origins. She says she has a book on mythology written in the 1970s which references a dragon-like race in Indonesia and says she is into the study of serpent worship. See her Chasing the Dragon video <https://www.youtube.com/watch?v=S23t0e2AZPY&list=UUhtUfNsofmXlr-m-PJGTxJgQ>

Mel spews the same nonsense as that other slick super-shill bullshitter Ickie, saying that the darkness serves the light – that everything is one. Incidentally she **pretends** to slag him off, saying he is controlled opposition. If she was being sincere she would not allow the videos she did with him to continue to pollute her video library and she would not be promoting the same bull as him. When you know that someone is a C/O agent, you do not afford them any credibility whatsoever by linking to them in any shape or form.

She even declares she “has **perfect intent**”. **Oh my! This barefaced LIAR is in a league of her own in the piss-taking stakes**. She says ‘they’re’ coming out now, admitting they’ve made a mess and they’re saying “hey **we’re giving you the opportunity to help enforce**

changes in the world.” Folks, Mel Ve is trying to convince you that the truly evil paedophile psychopaths in power are now inviting us plebs to **work alongside them**, to help them make the world a better place!!! Mel does not seem to realise that her satanic driven Masonic handlers are making her look a right tit. This is what happens when you serve the dark side and allow fawners to feed your ego. Mel craves celebrity more than she does freedom. She says **they’re offering to repair some of the damage** ... This is cringeworthy stuff. I actually feel sorry for Mel Ve that she has been persuaded to stink [not a typo] so low that she would agree to regurgitate this nonsense. When asked to give an example of what ‘they’ have agreed, she says *the only example* she can give is that they are **offering to enforce the findings and verdicts of the common law grand juries**. She hasn’t got a bloody clue how ridiculous she sounds. What she promotes is no different than the absurdity of the ‘anti-corruption act’. No one should need to enforce judgements. If we had no corruption [Masonic influence] in our judicial/law enforcement systems, *people would be doing their jobs properly* and justice would flow naturally. **I will reiterate, so that you fully understand what Mel Ve is pushing as a solution**. She says the **corrupt ones** should be enforcing proper proceedings; that the **mega-criminals should stay in power** and that **they should let us use their structures**. STOP LAUGHING. She really believes she has all the answers and is trying to convince you that all the solutions are being put in place. Here’s the killer line though. She wants **everything to collapse, so that it can be rebuilt**. She’s working on a **project** to protect against too much upheaval that will result from **ending one system and going into another**. She wants a **REVOLUTION**. [2hrs 14 mins.] She believes the new system should be based on a ‘resource based economy’. [More on this below, where I discuss Jacque Fresco - another of Mel’s ‘hero’s - and the man behind the ‘Venus Project’. See also [http://antimatrix.org/Convert/Books/Jacque Fresco Designing the Future/Jacque Fresco Designing the Future.html](http://antimatrix.org/Convert/Books/Jacque_Fresco_Designing_the_Future/Jacque_Fresco_Designing_the_Future.html)] I’ve said it many times, and I will say it again. You cannot appease bullies. If you don’t stand up to them and fight them, **you are with them**.

So Mel Ve, are you INCREDIBLY naive and brainwashed and shallow, such that you are after some sort of celebrity OR are you incredibly fucking EVIL? Which is it Mel?

Mel says, during the interview she did with Heather Tucci-Jarraf <http://removingtheshackles.net/freedom-central-radio-transcript-mel-ve-and-heather-of-oppt/> that, according to her research, **Lucifer actually contracted with the Reptilians to anchor the darkness to**

evolve humanity. She says it actually is a **huge sacrifice on their part to bring this darkness to us.** Heather comes out with her own gobbledegook, saying: “It’s a very simple document that covers all these legal, lawful issues, but in such a manner where you don’t have to worry about all that was done and then understanding the mechanics of it. All you have to understand is that you BE. Does that make sense?” Mel replies: “Yeah. Absolutely. So where can they find this document, Heather?” Heather says: “It’s on Scribd...I can actually send you the links. I know Lisa Harrison.” **More on Lisa Harrison below.** Mel then asks: “when are we going to stop having to use paper money? When is the system going to stop with the illusion? When can we actually go back to or start to use something else?” **There is no need to stop using paper money. There is nothing wrong with the system of exchanging money for goods and services; the problem lies with the corrupt and greedy private bankers who are allowed to run their fractional reserve ponzi scheme. The illusion stops when the disinfectant of sunlight shines in very dark places, such as in Masonic lodges, where the light of truth does not enter. When freemasonry and all other secret societies are outlawed and all their conspiratorial members brought to book, then we can live in a fair and just world – god’s righteous world.**

If anyone is still undecided about which side of the fence Mel Ve sits, read on. Take a look at the interview she did with Sheva and Louise, recorded on 30th September 2012 and published on 8th October 2012. This is the broadcast that originally got me suspicious about Mel and led me to listen to some of her other videos, such as the one above, to find out what her **game** really is.

<https://www.youtube.com/watch?v=O7ihLzy0YIE> Pay particular attention to the highlighted bits. I comment in red. Please note, to avoid repetition I only cover the areas which have not already been dealt with in my ‘Sheva Burton’ PDF. So please take a look at that PDF first http://sharonkilby.co.uk/site/SHEVA_BURTON.php Please also take a look at my PDFs on Ben Emlyn-Jones http://sharonkilby.co.uk/site/BEN_EMLYN-JONES.php Charlie Foulkes http://sharonkilby.co.uk/site/CHARLIE_FOULKES.php and Christopher Booker http://sharonkilby.co.uk/site/CHRISTOPHER_BOOKER.php

Sheva says in the 1993 rally whereby 1400/1500 people congregated in The Square, everyone there had been abused or knew someone who had. She asked people to put their hands up if they knew **hundreds had been abused. Some people had their hands up. She said “even a thousand or more” and there were still hands up.** **That is almost certainly not true. Where is the footage of this momentous day? Sheva**

only shows **3 photos** of the day on her brief video clip; and those same photos are also published on her facebook. There is no recording. If such a vast number of people marched that day SURELY THERE WOULD BE LOTS OF PHOTOS AND EVEN VIDEO RECORDINGS. DID NO-ONE ELSE HAVE A CAMERA/CAMCORDER ON THEM THAT DAY? Apparently the BBC were filming that day too. But there is nothing to show for that either. Sheva says she has some footage of the clips on old VHS tapes, which she **intends** to upload onto the internet “over the next week or so”. SO WHERE ARE THEY? YOU’D THINK THEY’D ALREADY BE ONLINE! At the time of writing this, it is November 2014 i.e. MORE THAN 2 YEARS AFTER THIS INTERVIEW. AND THERE IS STILL NO SIGN OF THESE CLIPS.

Sheva says the police chief, responsible for policing the event, told her that the police had no idea child abuse was so widespread and that on seeing the mass of raised hands, many officers wept **no evidence of that though!**. She says that some of those police officers went on to create things like ‘**CEOP**’ <http://ceop.police.uk/> which, she says, did create change. **Jesus wept!** More of the same disgusting PRETENCE. Why would the **police** need to create a site to tackle child abuse??? THEY ARE ALREADY THE AUTHORITY RESPONSIBLE FOR TACKLING CRIME – ALL CRIME – INCLUDING CHILD ABUSE. And the wonderful campaigner against child abuse Sue or Sheva or whatever the hell she calls herself just accepts that and *believes* they’re making a difference??? Why didn’t Mel Ve press her on this??? Sounds like Sheva’s Masonic handler has told her to say this, just to convince us apathetic lot to accept that something is being done for CSA victims ... Sheva also says sites like ‘**Maypack**’ and ‘**Into the light**’ sprang up. I’ve searched cyberspace for some info on these sites ... and met a blank wall. Why didn’t Sheva elaborate? Why didn’t she give the website addresses? Why didn’t Mel question her further?

Mel says lots of ‘movements’ are infiltrated and usurped before they’ve even had a chance to get going; that “you can **start a revolution** if it is not controlled and quelled.” **Revolution is exactly what the ruling elite want to provoke. We genuine freedom fighters need to prevent that at all costs.**

Sheva says the **BBC crew were told it couldn’t be shown and they threatened to walk out unless it was shown.** Of course there is no evidence that the BBC crew did anything of the sort. You’d think Sheva would’ve asked for something in writing to this effect, or that she would have got the telephone conversation she had in this regard recorded.

She says she was invited onto Kilroy and other programmes but there is no evidence that she was on any programme. She talks about “false memory syndrome suddenly becoming an issue” and says she and her fellow campaigners are all demanding change. What the hell does she mean by that? Is she a f*cking politician? Doesn't she mean JUSTICE? She laughs, saying that they were accused of making things up and that a therapist told them that. Why is she laughing? She should be as mad as hell. Mel just goes along with it; accepting Sheva at her word; not questioning her on anything. Sheva says she went on Sky news no evidence of that either! and was up against a therapist who was saying about false memory syndrome. She says that she told the therapist that she couldn't get help and other survivors she knows couldn't find therapists who would talk to them. She says, “the therapists don't know what to do with us, they're turning us away” and, “where are these therapists who are not only going to listen to us, but who are going to encourage us to have these false memories?” She says, “later we find there is the paedophile information exchange”. Notice how vague she is. No names of therapists, no details, no time-line, no names of other victims she knows ... It's as if she has just been told to throw in these key words – ‘false memory syndrome’, ‘paedophile information exchange’ ... But wait. That is exactly what has happened. If you read my PDF on Sheva you will see more confirmation that she is clearly lying, that she cannot substantiate anything she says and that she is a NWO disinfo agent. She says she has footage and there is footage online ... Where???

As regards the Hollie Greig fiasco, Sheva says “I'm not prepared to say that Hollie Greig's story is necessarily untrue, I really don't know.” Why doesn't Mel Ve tell her there is overwhelming evidence that the HG story is NOT TRUE???. She doesn't say it's a hoax until she's making her closing comments during the interview. Instead all she says is that the HGJ lot do wear people down and that she only contributes to groups who are controlled by ‘nice’ individuals.

Nowhere during this interview does Sheva mention her father, never mind that she tried to sue him. And of course there is no mention of the important change in the law that prompted her to start her campaign. Wonder why! That is the **most important part of her story; the very reason she started her campaign and YET SHE DOESN'T MENTION IT!!!**

Mel then brings Louise in [21:21]. This person grates on my nerves more than Sheva; and that's saying something. **My bullshit barometer hit new heights with Sheva, but it is totally off the scale with this Louise Clarke NWO sell out shill. She makes a complete mockery of all genuine victims of child abuse and especially within the area of 'mind control'. [Please see my PDF on Ben Emlyn for more on this.] If you took either of these 'women' seriously, especially Louise, anyone would think you had lost your marbles. Whoever repeats the rubbish these two NWO whores are parroting is going to be ridiculed; and quite right too. The likes of Sheva and Louise and the HGJ gang are the reason genuine campaigners against child abuse lose all credibility. This is exactly how entire movements in the past have been destroyed. This is exactly why the populace is NOT waking up to the NWO.**

The blurb under the video written by Mel is: "The awakening population is having its attention diverted by false campaigns such as the Hollie Greig campaign, and it is being supported by provably co-opted "Alternative Media". Those most affected by the co-intel tactics, are as always, the genuine victims and survivors, many of them scattered through infiltration... However, all is not lost, as many of them have come forward to give us information, and on this clip, we speak to **two very brave ladies**, Sheva and Louise, who share their stories and insights into what is going on, **through their own unique experiences.**" **Someone pass me the sick bucket quick smart. I challenge anyone to sit and stomach the ABSOLUTE TOMMY ROT that these two charlatans spew. In particular I challenge anyone to listen to [and try and make sense of] Louise's rambling nonsense. Any credibility Mel Ve might have earned herself with the interviews she did of the Hollie Hoax camp has been completely and utterly destroyed by letting either of these two 'ladies' anywhere near the air waves. She has made an unpardonable mistake. It is a shame because what she says in her blurb is very true. But the message got lost when she let Sheva and Louise loose.**

Ok, on to Louise. Deep breath. As always I comment in red. She says her job was to **deprogram** a child that had been abused [which included being 'programmed'] in 'care'. She says whilst getting a care order revoked she was up against a lot of obstruction. She says she was helping the mother **who had given birth to other children of which she**

was unaware! She says she and this mother were being gang-stalked. She talks about Tavistock and Valerie Simpson. She went to a conference which covered Satanic abuse. Louise talks very vaguely. She doesn't name the child/mother, doesn't give dates or a time line and doesn't give any details or explanation as to what she means by 'deprogram', 'satanic abuse' 'gang-stalking' ... Louise, like Sheva, appears to be just regurgitating these 'labels'. It's a common theme in the 'against child abuse' troof community.

She says she went to the 2011 against child abuse rally and said things during her speech that Gerrish wouldn't say i.e like mind control and ritual abuse. She said that she was fobbed off when she wanted to know where the footage was of her speaking. Finally she was told her clip got contaminated. Mel sighs in support of Louise on hearing this. She doesn't question anything Louise says. Louise does a lot of waffling and regularly switches from one thing to the next. Even though she takes her time and chooses her words carefully she still doesn't make much sense. She is so boring and full of obvious bullshitification that it is hard to stay awake and focus on what she says. She talks about the 'agenda'! What agenda??? Mel just goes along with the nonsense and even says that Louise had answered her question!!! Louise nonchalantly says she gets confused. She talks of the "darker side of the system". She says "Social Services come in and behave very unusual". She says they "fake sincerity very well". That's rich coming from this first class fake.

Louise says she first came into this in 2010 "BECAUSE I WAS BORED... So I got involved with the Hollie Greig campaign." She says: "WOW, someone got through. We can't get no-where ... we can't get justice." Also: "And I even told the child that I saved from them ... she's saying what you're saying and what's going on ... they can't say she's a liar cos she's got Downs Syndrome." Louise continues: "I supported the HG campaign ... you're saying what I know." And she repeatedly says "it is all orchestrated". This is bullshit of epic proportions. It is obvious that this piss taking sub-human is following a loosely compiled Masonic script. NO-ONE gets involved with this stuff because they are BORED. People get forced into it because they or their loved ones become a victim of injustice in some way. Others might get involved due to moral

obligation; for example after witnessing some form of malpractice in the workplace.

Louise says that everything she speaks of [which is meaningless twaddle] is 'hidden'. She says she wrote to Tony Blair and MI5 !!! and David Blunkett. "AND I UPLOADED THEIR RESPONSES!!! ... and they're not hidden". But she doesn't tell us where she publicised these responses, so we can read them ourselves... She waffles on, repeatedly saying "They allow the HG story to come through ... it don't tally, it don't tally ... something's not right." Mel is listening intently to all this and taking it all on board!!! All of this is all **obvious total fabrication**. Mel Ve is either incredibly stupid or she's **sold out**. The stuff this Louse [not a typo] talks about belongs in conspiranut land. She provides not one shred of evidence to support anything she says. And Mel is happy to accept her [and Sheva] at their word. Mel is supposed to be this admired and popular researcher/broadcaster and yet she doesn't think to ask these women for any evidence to support their claims and she doesn't research either of them.

Louise waffles on, saying she "don't get involved all that much", she likes "my own truth". She says she went to a campaign where Bill Maloney and Robert Green [waffle waffle waffle] ... She can't remember what it was all about but she made a speech there!!! I'm sure no-one in their right mind would still be listening to this lying Louise [or the other lying shill – Sheva] anywhere near this far into the video. But I will continue to loosely transcribe; so that you can skim read, if you like; which will save you the trouble and trauma of *listening* to all this bullcrap. Mel interrupts every now and again with a supportive grunt or comment. UNBELIEVABLE.

Louise goes on about NLP [Neuro-Linguistic Programming] being used on her of which there is no evidence. Sheva comes back in talking about 'expert witnesses' – psychiatrists labelling parents as unfit. She says that if you are a survivor of abuse 'they' will target you and they will put labels on you. She says "they will muller you psychologically ... this has happened to me". She says parents get destroyed, even in some cases without the expert meeting the parent ... just because they were abused. She says the labels used are: 'narcism', 'maunchausens by proxy' [although this has stopped,

says Sheva, only because she and her fellow campaigners were shouting about it] and 'borderline personality disorder'. She says the risk of future emotional harm is the one often used to get kids removed from parents. Sheva seems to know a lot about all this and she speaks on behalf of other 'victims', saying that she has witnessed "many parents" having NLP used against them. AND YET SHE DOES NOT/CANNOT BACK UP ANYTHING SHE SAYS. You would think that such an avid campaigner would have a list of case stories, complete with details, dates and time lines and names of parents and the 'experts' involved ... and most importantly some VERIFIABLE EVIDENCE. She has NOTHING, but her big filthy lying gob. Sheva goes on to say that her therapy helped her with NLP. She says she used it to get herself walking when she'd been told she would never stand again. Blah, blah, blah bullshit Burton. If any of you, my fellow slaves out there reading this, believe any of this shit being spouted by any of these paedophile excusing shills then **don't you dare complain when your injustice comes.**

Sheva then comes out with even more outrageous bollox. Seriously folks, this really is too ridiculous to listen to and too painful to transcribe; but I will continue because you apathetic sheeple out there need to see and UNDERSTAND how these filthy fakes successfully subdue the voices of *genuine* opposition to paedophilia and the NWO. This trio of disgusting disinfo jockeys - Sheva Shill, Louise Louse and Melanie Monkey, together with countless more dirty paedo protecting disinfos are royally taking the piss out of any *genuine* victim [not just the child abuse victims] and any *genuine* truth seeker/*genuine* campaigner for truth and justice.

The story goes like this [51 mins]: 'Expert' Dr Hibbert sent a young mum out in her car. She had to pretend her car had broken down ... that she had a flat tyre. She had to do it when her child was hungry, so that the kid was screaming with hunger. She then had to decide whether to feed the child or fix the tyre. She was told under no circumstances could she feed her child. She ended up being labelled as an unfit mother. Sheva says no matter what she did she would be labelled that. This is a distortion of the story which is presented in the MSM, which is itself distorted truth and devoid of any proof. See <http://www.telegraph.co.uk/women/mother-tongue/9178021/The-doctor-who-took-my-baby-away.html?fb> During Dr Hibbert's 'fitness to practise' hearing, whereby NONE of the allegations against him were found proven by the mpts, some truth about the mother emerged

[http://www.mpts-uk.org/static/documents/content/Minutes_PUBLISHABLE_\(2390846\)_February_2014.pdf](http://www.mpts-uk.org/static/documents/content/Minutes_PUBLISHABLE_(2390846)_February_2014.pdf)

Sheva questions Hibbert, saying this psychiatrist is paid £6000 pw for each family on his books; on top of that £250 for every report he writes. She says: "That money, given the info we gave out in the early 1990s – about what it feels like to be abused, how its affected our lives, how its damaged our relationships... What couldn't they do with all that money to help that family? Given what we know. I know the power of NLP when its put to the right use. Why aren't they doing that instead?" And: "We're still catching up. Its as if we opened up and told the world and told everyone how awful child abuse can be and they've used that knowledge against us and every tool we found that could help us seems to also have been turned on us. And none of that is flourishing and growing as knowledge within the movement today; where Hollie Greig is the focus." She says that hundreds of thousands of members don't even know that rally happened 'yesterday' and she is upset and guilty cos she could have promoted it but felt unable to because of what she knows is going on... she did promote it. See my Sheva Burton PDF. This really is vomit-inducing stuff. Sheva and her pals Louse and Mel must have degrees in the creative art of bullshit.

You have to laugh at the irony of all this though. This trio of traitors are blaming poor Hollie Greig for suppressing the voices of 'real' child abuse victims; but what has actually happened as a result of the HG shenanigans is that real child abuse victims are now on the road to finding justice and we are all on the road to freedom; although Hollie doesn't know what a star she actually is. I'll explain. For years, I belonged in the 'half-awake' club, as I used to listen to the 'half-truthers'. It was Hollie, bless her soul, who fully woke me up. And now it is my job to fully awaken others.

At 56 mins Louise the louse comes back in. In answer to Mel's question, she says that she only knows of the case she "came across". She then goes on to say that the "foster carer and others" had programmed this child. **FFS, this child [name unknown] was PROGRAMMED by an UNNAMED foster carer and other UNKNOWN people!!! and it was Louse's job to DEPROGRAM the child - which is quite a responsibility, I'm sure you'd agree - and the Louse just *stumbled across* it!!! Deep breaths again, before moving on.**

She claims to be “high profile” and that a panel would listen to her – always – if the meeting was about returning a child to her mum. **This narcissist is really doing my pip in. Everything she comes out with is a fat f*cking lie. Listen to what she comes out with next.** She blabs on about social workers being rude to her, lying, obstructing, not holding case conferences where they should. She then talks about a big black ugly African woman who has a very distinct name [but who will remain anonymous]. This mysterious woman is a manager. Louse says that “it wasn’t true” ... that she “**knows this particular manager and it wasn’t that black ugly woman**” ... **O.M.G how can Mel take this Louse seriously???**

Louse then prattles on about **cult magic**. She comes out with so much mega BS that she frequently forgets what she’s saying and Mel has to swiftly come to her rescue! Louse says she “witnessed” obstruction. **You do not ‘witness’ obstruction! You might be obstructed.** She then claims that ‘they’ were on a “shut me up campaign”, to “keep me out of the picture for 10 years”!!! **I wish someone would shut this lying skank up.** She talks about “strange things – **gang stalking** more key words her handler has told her to repeat– going on”. She says it was all out of her perception of how the world ran. She read **Cathy O’Brien’s** book **funny how she can’t give us other names and yet she makes sure we know about her fellow bullshitter O’Brien’s name!!!** Her puppeteer must be so proud and says “Oh **this makes sense; cos I was looking for answers**”. Groan, this is all so f*cking predictable. Folks, not content with subjecting you to this trio of trolls, your slave masters want you to succumb to even more brainwashing – from the O’Brien B.S.er. More on this on my Ben Emlyn PDF.

Louse waffles on and then says “**generational abuse**” **key words anyone?** She says the government say, “let us use your children for **government programming** **yes, you guessed it, more cointelpro keywords** or [inaudible] so that’s how families buckle.” She then talks of **disassociation** and “mumble mumble mumble ... coping with **trauma** ... so if you are programmed and you have **alters**, so must your mother. So we looked at her mum, who must be **programmed**”. **Buzzwords galore!** She then says “starting off with Cathy O’Brien’s book ... we learned how to get into the program and

we managed ... blah blah blah” Louise Lie Alot starts laughing here ... probably wondering how many of you suckers believe her. Mel is taking her seriously; trying to make sense of it all. If Mel Ve is not a shill I feel embarrassed for her that this Louse has managed to make her look a right chump. Mel clarifies that this mother, Louse’s former lesbian lover, was herself programmed and that she had a child who was also mind controlled and programmed by the system. Louse managed to deprogram both the mother and child!!! Yes you heard that right. Now stop fucking laughing and pay attention to your friendly supporters of slavery. Louse says it makes her laugh when people “on the internet” say they have deprogrammed someone cos it takes a long time ... “you have to recover from extreme torture”. All this talk of alters, trauma and extreme torture is enough to scare the pants off anyone. But wait, isn’t that the idea; **keep us all in perpetual fear and subservience.**

Mel asks her to clarify that this mother has children that she doesn’t remember as she had them when she was in different alters. 1:06 Yes you heard correctly again. Louse goes on to say this woman had a child every year from aged 10, whilst she was in different alters. She says it is common for kids who have suffered Satanic Ritual Abuse to have children as young as they can. She says some don’t give birth, they kill them ... Louse talks of occult practices, saying it all interlinks ... She says even the social workers are switching alters themselves ... She says these social workers change their names depending on the alter they’re in. She says SRA is massive; lots of people are involved and people don’t know they’re involved because they’re in different alters. This outlandish drivel hits new lows. There is not a stich of credible evidence to corroborate anything Louse says and yet Mel loyally hangs on her every word!!! Mel should be thoroughly ashamed of herself. If she was too lazy to research these two psychopathic pathological liars Louise Lie Alot and Sheva A Shill before she interviewed them, SHE SURE AS HELL SHOULD HAVE RESEARCHED THEM AFTER THIS CRINGEWORTHY INTERVIEW; and then dumped this video firmly in the shill bin. More than two years on and Mel still proudly allows this broadcast to pollute her video library. What are we to conclude? Mel is too trusting and naive beyond belief or she is something more sinister – **a paedo loving NWO whore?** Read on. I think you’ll come to the same conclusion as me. Have a look

at this too – it'll give you a giggle

<http://www.wikihow.com/Identify-a-Psychopath>

At 1:13 Mel brings Sheva back in. She says she has a friend who was a **mckenzie** friend who helped families caught up with social services. Notice she doesn't name this person. Anyone involved with the mckenzie monkeys is closely associated with the HGJ gang. Sheva says she was hearing **stories** of how parents were abused and told her friend to tell these parents about the 'child abuse awareness' campaign. She did and the parents opened up and **said they were abused**. Notice the usual vagueness and the lack of names and complete lack of evidence. Listening to these two poison tongue drama queens, anyone would think there are masses of CSA victims out there and numerous kids being snatched and programmed ... The picture being painted is that all social workers are evil monsters who want to get their grubby hands on our kids and molest them. She talks about Baby P and the failings of social services. She doesn't mention any other agency or Ofsted or the MSM. See my PDF on Charlie Foulkes for more on this. She says there is a pattern of SS ignoring and allowing such tragedies whilst picking up on families who may be having some kind of crisis, who just need help. It is true to say that there are many cases where kids are at risk and do need SS intervention. Most of us are aware of at least one dysfunctional family, whereby kids are neglected, left to bring themselves up and many are abused. The authorities don't intervene, partly because they simply don't have the funding to do so; but the main reason is that the PTB *want* fucked up families. They want kids to rebel against parents, they want kids to be uneducated and addicted to booze, drugs, gambling and 'fun'. They want kids to be having sex, having babies and generally running wild. The PTB want a complete break-down in society, so that they have an excuse to bring in draconian control measures. How best to achieve that? By destroying the family unit. The easiest and most effective way to do that is by influencing the youth. If we had a society made up of strong, principled, hard-working, educated and productive families, do you think it would be possible for the PTB to bring in their NWO? Of course not.

Sheva Shill has not shown us one family, out of all the cases she says she is aware of, who have suffered some sort of injustice as a result

of social services ‘gangsters’. She says she used to talk to various groups and would visit family justice groups as she herself was targeted by social services. **But she has not shown evidence of that either.** She says she coped because she was able to use the tools she learned in therapy. She says **social workers would provoke you, deliberately rile you up and stress you and that she saw them doing this to lots of parents.** She says that’s not the way to treat people who are in trauma. She says she and her fellow campaigners were the total opposite - they were gentle with these victims. She goes on to say that a social worker was in her house, saw the video of her campaigning back in 93/94 [the one she claims was destroyed by her fellow gatekeeper friend Emma of ‘T & H’] and that **from that point onwards, the social workers backed off.** **Pathetic pathological LIAR.** Sheva Burton, like all shills, suffers from delusions of grandeur. It is a typical shill characteristic. She says **she has all the paperwork and that she will be revealing it “cos it’s funny”.** **As always with these evil subversives, all the evidence will be produced at some unknown time in the future!** Sheva Shill claims it is “funny” cos these social workers made her look so bad and themselves look so good. **Yes it is funny to these shills cos they’re having a laugh at our expense. They’re being paid to play this sick game, of which they do not suffer.** She says she was letting these social workers know that she was not going to be gagged ... she says **they knew she was going to highlight them!** She wasn’t letting any social worker know anything of the sort. I’d be surprised if any social worker was ever involved with her own family. She has not provided any evidence of that. Neither has she shown any evidence that she has spoken to social services regarding anyone else. As for being gagged, you cannot be gagged for speaking the truth. I wish someone would gag her though – permanently. Every word she speaks is a filthy lie.

Sheva says the social workers “on the ground” are ‘puppets’ and that they don’t know they’re being trained in **NLP; cointelpro buzzword, anyone?** the purpose of which is **to catch the parent out;** that it’s all “punitive”. **Well this is more of the same shill spin of which Brian Gerrish is the kingpin. See http://rationalwiki.org/wiki/Brian_Gerrish Nuff said.**

Sheva says “suddenly they’ve got your child and you know nothing”. Well that is just more of the same wild distortions of the truth. It is not easy for social workers to just ‘take a child’. There is a long process involving a variety of professionals and authority figures, many meetings and core group meetings and then court proceedings. Anyone not familiar with this stuff or with Masonic manipulations generally, listening to this garbage would be thinking that all sorts of terrible things are going on within the family court system, that untold numbers of our kids are being snatched by these State thugs, that law and order has gone out of the window and that we are all **powerless to prevent it happening. Job jobbed.** Genuine kind-hearted people may try to help a fake ‘victim’ and would then become embroiled in a time-wasting, money-wasting soul-destroying venture. **Job jobbed.** The populace at large, with the likes of Gerrish at the helm, are encouraged to believe that our **only course of action** is to **revolt** – get angry and attempt stupid things like arrest a judge or ask if he’s on his oath, seize courts, arrest a police officer or chief constable, evade debt ... Of course any sane person with any common sense would know that such behaviour only ever gets them into all sorts of trouble. And any desperate gullible person who listens to a shill will find that the likes of Gerrish and Co, who led them down the criminal route, will not be there to offer support or any real help afterwards.

Take a nosy at the shite being promoted on the shilly sites – Lawful Rebellion, TPUC, BCG ... The message is resist, ‘lawfully’ rebel i.e. commit crimes ... They want anarchy on the streets as this will be the excuse the ruling elite need to put the army on our streets, or foreign policemen - who cannot speak our language such that all sorts of chaos ensues. More people will be thrown in prison, taxes will increase to pay for the building of more prisons ... NWO here we come.

Sheva parrots on, saying ‘they’ do nowadays give you lists of solicitors, but all the solicitors they give you work for them [local authority] too, which is a conflict of interest. Well ‘they’ do not give you a list, you choose your own solicitor. It is not correct to make blanket statements that all solicitors work for the local authority. It is correct to say that all solicitors are either masons or they are beholden to freemasonry and will therefore will toe the Masonic line

[if there is one] during legal proceedings. Any solicitor who dares do otherwise will be committing career suicide. That said I would still advise anyone who finds themselves up against the big bad council to use a solicitor. You have more chance in court when represented by a solicitor [and usually a barrister as well] than you have going it alone as a L.I.P. I'd say that the advice given by NWO gatekeepers to be a L.I.P is another trick to make you believe you can win this way, when the reality is somewhat different. Even if you discover that your own solicitor is a mason and obviously working for the other side, you can change solicitors and you can choose your own barrister. Also by keeping a log of all the proceedings, keeping all your official documentation [including copies] and by making secret tape recordings, you can then expose said solicitor/barrister if it turns out he/she is bent. The more people you involve in the proceedings the less likely your opponents can destroy you and your family. Freemasons do not allow their corrupt practices to be that obvious; thus if there is any skulduggery going on, you do have the power to lessen its impact.

Sheva says she had a solicitor on her case "3 or 4 years ago" and the social workers were terrified of her. Sheva only had to mention that she might phone her and SS would fall into line. BULLSHIT Burton is at it again. She and Louse just come out with lie after lie after lie. She doesn't name this super solicitor and, as always, doesn't/cannot back up what she says. She goes on to say that she "managed to unravel them and win and all the rest of it cos I know how to". She says it's so that she and her son are safe and that she needs to teach people that you can unravel these people [SS]. FFS people, avoid Sheva Burton and Louise Clarke and Melanie Spencer like the plague.

She says another thing she's witnessed is their vindictiveness. She says, "the amount of effort and money they put into chasing a parent down who has won, should win, has their child back or escaped or even protected their child." She says she knows of a woman who fled to Canada cos the father is a paedo. She says there is lots of evidence. She doesn't show us it tho! She says the UK SS wasted lots of money to bring that mother back, to crucify her. And "These cases are not being spoken about cos the HG case is a false flag which is taking up the whole arena." She says she knows of so

many people this is happening to; where there is skulduggery. But doesn't tell us where we can read up on these cases. She then talks of a family who escaped to Spain and had their baby there, but the parents are now refugees as they cannot come back to UK or their child is taken and adopted immediately. As always she doesn't provide any details or anything to substantiate this story. And of course Mel doesn't press her for information/proof that this story is true. She says, re the Canadian case, that "once they started getting heavyweight help, the prosecutor was found hung off a bridge in the freemasonry". Mel asked her to tell us more. Sheva said she can't reveal all because "some of these people are still in danger who Sheva??? Who is in danger??? NO-ONE. COS THE 'PEOPLE' SHEVA TALKS ABOUT DON'T EXIST. ALL THESE STORIES ARE FABRICATED; JUST LIKE THE HOLLIE GREIG FANTASY and I can't reveal all but there are heavy weights who can back me up awww, she needs some heavy weight LIARS to back her up – notice how Satan's army needs a never ending line of LIARS, whereas God's army has very few speakers of truth who may be able to waffle waffle waffle ... its like the tubes have got blocked of that freedom flow that I tried to create originally, came back and tried to recreate, its all got blocked up again, news is not flowing of all these cases, it all needs airing ..." Fuck's sake. Hope no-one is relying on Sheva Shill for a flow of information!!! Why didn't Mel persist in pressing the lying cow Sheva for the details of the STORY about the hanging prosecutor???

Mel even says that we're so programmed through TV and music that she's sure people can flip into alters without even knowing its going on. I don't know about flipping 'alters', if there is such a thing; what I do know is that Mel is showing a very flippant attitude towards the very serious topic of mind control. Sheva says she hopes she's making sense!!! Mel reassures her, saying she's giving good information. God help us. Then Sheva Shill has the brass neck to declare that "it's puzzling ... how is it happening that we're still not getting the full picture out there after all this time?" Well when you have odious pieces of shit like Sheva and Louse spewing verbal diarrhoea, being endorsed by a popular radio presenter who is herself excreting a steaming pile of disinfo, it is not difficult to see why Joe Public is still in the dark re the extent of 'organized child

abuse' and the extent of paedophilia in powerful positions of society.

Sheva Shite continues saying she's witnessed so many parents saying the same things. She recalls that she was in a group and there were two mothers, one was desperately begging for social workers to give her respite – the woman needed a couple of weeks break from her kids, but was told “no”. Sheva says on the other hand the mother on the other side of the room was begging the social workers not to take her kids. The social workers told her they were going to take her kids; they insisted on it cos in their opinion the mother [who didn't want it] needed respite. Sheva says the social workers said they don't care what the parents think. This is nothing but the ramblings of a psychopathic liar. Folks, your search for truth will show you how dark the minds of the evil doers are.

Sheva, the lying sack of shit, continues “people don't realise that the lowest level ‘they’ [social workers] can write on a report to get you on a register is emotional abuse. They convince parents that they need to be on the register then they [SS] can get funding and can get them [the parents] some help. So the parent agrees to be labelled an emotional abuser so that they can get help. But they don't get help they get abused and programmed and sabotaged and manipulated and then they realise they need a solicitor ...” I would love to see the evidence of that stream of abject nonsense.

It is very difficult to get kids on the ‘At Risk’ register. I was informed by the headmistress of Dolgellau high school, who had participated in many case conferences, that she knew of many cases where children were genuinely at risk and whereby they should have been placed on the ‘At Risk’ register, but weren't.

At 1:32 Mel brings Louise the Louse back in. She agrees with Sheva that, “the things we use to raise awareness are used against us in our campaign. So you show there's a need and then they fix it by setting a law in place to trap you even more.” Mel agrees. Neither of these ‘ladies’ can tell us about any new law that appeared out of the blue to thwart these amazing campaigners. She talks about the case she took on, saying “we won; and everyone else doesn't win”. Need I say the rest? THERE IS NO EVIDENCE THIS LOUSE

TOOK ON ANYONE'S 'CASE', NEVER MIND THAT SHE WON IT. If *anything* that the louse and her bullshitting buddy Burton say was true they would be PROUDLY PUBLICISING THE PROOF.

Louise the looser continues her string of lies: “So it was like **how did we win; how did we revoke a care order?** Even though we did it through sheer hard work and wit, I had to work through a [inaudible] with a million little puzzles to work out how to beat them how to get social services off the mother's back. **I can guess now all the loop holes that I found; and I always find loop holes. I bet you they've now filled all those loop holes in.** It's like show us the way you're going to do it and you won't be doing it that way any more.” **Pass the sick bucket please. I don't know about a loop hole; I'd like to put a loop around her neck and push her over a cliff. She can follow her partner in crime Mel Ve, who, as far as I'm concerned, calmly strolled off the edge of the credibility cliff at the beginning of this interview.**

Louse talks about **herself having “good energy”**. **She means she's full of wind.** She says when she worked with crack users, “for the system” she was given everything she needed to become knowledgeable... everything was provided. She talks about a book she was supposed to write but didn't and ‘they’ squashed her and she wasn't able to work anymore. She said **the day she was going to publish her book was the day they destroyed her whole life and stole the book.** **She destroyed her whole life when she gave herself to Satan. No-one stole anything off her. She has nothing that anyone would want to steal.** She says, “why do they want a book to get off crack? They want it cos **then they can take my knowledge that I've given and reverse it and so then they know how to keep someone programmed.**” She says **she had to give up her career and everything to win the case. She followed her heart she hasn't got a heart; she's a non-person – a mere puppet on a string to help the child rather than continue with her career.** **I bet she never had a career in anything. She and Sheva Shill both need to seek help for their extreme egocentric and narcissistic behaviour**

Sheva Bullshit Burton then comes in again 1:36 saying that a mother has been described by her psychiatrist/expert witness as a nymphomaniac. She says, “My psychiatric witness described me as a prudish woman ... he **went into detail in my court reports** ... what's

that got to do with parenting?” **That of course is just another LIE. If such reports existed Sheva Shill would have published them by now.**

What’s that awful stench, I hear you ask. It’s the shit coming off these government stools. All three of them.

Mind control is real and is necessary for the few to control the many. On a personal level I know that we are ‘programmed’ by TV and brainwashed at school. Take a look at this video by Bill Cooper confirming this <https://www.youtube.com/watch?v=gXqb6PDKBtQ> As for ‘satanic ritual abuse’, ‘alters’ etc I do not know where the truth lies. What I do know is that you cannot get any reliable information from a shill or a fake ‘victim’; their job is to keep you confused and in the dark where the smoke is very thick and the mirrors very wavy. Take a look here for an interesting read http://www.slate.com/articles/health_and_science/medical_examiner/2014/01/fran_and_dan_keller_freed_two_of_the_last_victims_of_satanic_ritual_abuse.html

Does anyone need any more convincing that Mel Ve is NOT our friend? Right you die-hards, put your hands down and read on.

As mentioned Mel endorses the solutions put forward by **Jacque Fresco** in his ‘**Venus Project**’. Take a look at the interview she did with him and Roxanne Meadows here <https://www.youtube.com/watch?v=a2KcIoWydhs>

Meadows straightaway says that many activists complain about ‘the system’ but they don’t pose a workable alternative. She says the monetary system itself causes the problems. I’ve already explained that there is nothing wrong with our system, which includes our use of money. I won’t repeat myself. Let’s look instead at the Venus idea.

The Wiki blurb on Fresco is:

“The Venus Project was founded in 1995 as a for-profit corporation by Fresco and Roxanne Meadows in Venus, Florida. A separate, non profit organization started by Fresco and his business partner Roxanne Meadows is Future By Design, founded in 2003.

The Venus Project advocates versions of sustainable development, energy efficiency, natural resource management, and advanced automation in a global socioeconomic system based on social cooperation and scientific methodology.

Fresco lectures his ideas and gives tours of the Venus Project location. The documentary-style films *Zeitgeist: Addendum* and *Zeitgeist: Moving Forward* directed by Peter Joseph focus on ideas from the Venus Project, though the two groups split from each other as far as supporting one another after the movies mentioned were made.”

Take a look at the following link

http://antimatrix.org/Convert/Books/Jacque_Fresco_Designing_the_Future/Jacque_Fresco_Designing_the_Future.html

This is what is stated:

The Bottom Line

“What this trilogy talks about is the **same exact thing as the NWO, ruled by Lucifer**. What could be the purpose of this framework? Well, simple enough, **to console you all and make it look like some "bright future of mankind" so you**

accept the NWO and give an oath to serve Lucifer and Lucifer only, as all of you will be required to do according to information on record.

This whole "paradise on earth without God" ideology is meant not to free you but to enslave you and in the most drastic and violent ways. If you agree to it, you will sign your own death sentence as it is planned to destroy at least nine tenths of the world population "to restore the balance with nature" and create that "paradise" for the "elite" of parasites to parasite on the fruits of labor of the rest of you - "slaves", in a LITERAL sense.

Conceptually, this framework does not make any sense even though some things seem to correspond to reality. Because someone has to rule it and make decision to allocate the resources, to initiate the projects and make all sorts of decisions. **It can not just work by itself.** Someone has to direct this grand show, and who would that be but not the same biggest and baddest bankers that change their dress to look like some "elite" while controlling the world just the same. What do you need money for if you OWN the whole world?

Basically, the whole ideology culminates in the rule of Lucifer. That is, the whole model of money driven world and private property as such, and all the political systems, no matter what they are, and all the existing ideologies are to be abandoned. The eventual goal is what is known as the NWO, a single global super-state, ruled by the "ruler", who is an absolute dictator, and all the property and wealth of the entire planet belongs to him by implication.

There are ALL sorts of problems with the entire ideology. First of all, it is **inherently inhumane** despite the fact that the authors sing all sorts of praises to this "progressive" and most humane ideology of "resource based economy" and the

rest of it. They present it as something inevitable, something inherently progressive representing the "bright future of mankind". But is it?

And it is them who are obsessed with occult and satanism. Why would they give up their wealth, power and control of the world and who can possibly force them to? Who has enough might to stand against them and their agenda no matter what some utopia claims? Are they some kind of nice guys craving for this "paradise on Earth without God"?

Where is the evidence of it?

If they EVER give up the control of money, they will only do it to obtain TOTAL control on all the levels of anything imaginable. That is about the only rational outcome of it. All the evil you see happening in the world, all these fake wars and "colored revolutions" are staged and fomented by them, and the wasteful and polluting energy technologies is their deeds, as they have had a deadly grip on the world with oil and coal via money and gold and their financial might for ages.

How do you submit the biggest and baddest bankers who have the world in their pockets **unless they achieve even more deadly grip on the world?**

This framework as presented in "Zeitgeist trilogy" dedicates an entire video film to proving that God is nothing but a myth that is going back to the times of ancient Egypt. First of all, this is probably the **most profound lie.** God can not be proven or disproved using any kind of logic or philosophy. It is not possible, even in principle,

You see, there is such a thing as the **Law of Free Will** - one of the most fundamental Laws of Life as such. It essentially states that you are free to do whatever you please and

external interference is not allowed. Why? Well, to allow ALL possible expressions in order for the Infinite Intelligence to perceive all possible aspects of anything imaginable. When you mature enough, you will see some things that are destructive and life denying, going against Life itself. At THAT point, you will simply SEE it. It is not a matter of IMPOSING something on you against your will. Good can not be imposed on you, as though you were some kind of biorobot to be programmed with some instructions. That is not how Intelligence works.

If there is any definition of God, it would be The Infinite, All Pervading and Ever Expanding Intelligence of All There Is.

God, or rather Creator, is not just some figurehead sitting in some heaven "up there" in the sky. God is present in All That Is, down to the smallest subatomic particle and up to the planetary systems and Universes.

The denial of God is probably the highest intellectual crime there is or could possibly be, even in principle. Because it disconnects you from your roots. Interestingly enough, Jesus said: even a branch needs a wine to grow from. This is the very crux of the matter.”

Take a look at the following comments from various people who have made their own observations and have voiced their concern on public forums, on various websites and under various Fresco videos:

The Venus Project offers a utopian society in which humans no longer have to work, and will live in cities that "can build themselves." Everything is reliant on machines to do all of the work for humans.

Sound crazy? Yes, it sure as hell does. But people are actually buying this. The creators ask for money while issuing promises of this... "utopia??"

The amount of advertising money these people have. But this "Zeitgeist" thing has exploded into the main-stream. Seems like they have some financial backers! TRANSLATED INTO 21 LANGUAGES

False prophets, and controlled opposition.

Venus project is a pseudoscientific BS scam.

What they promote is like a fairy tale to a person who have some idea about how natural laws work. Its absolutely impossible to create in real world. They use the fairy tales to lure people in their movement to achieve technocratic tyranny.

VENUS PROJECT IS A CANDY COATED POISON.

In reality they want to:

Depopulate most of the world

Create a central world government

Confine humans into big cities like bee colonies

Destroy individuality

Manipulate natural laws and be like gods(biotech, nanotech etc)

Use technology and surveillance to control people

Venus Project= Agenda 21 = NWO

Only elite will be allowed live in those super lux cities that is shown to you in their propaganda video. Machines cant do everything and cant sustain all the people.

Even if they somehow manage to create an utopia -more like a dystopia- like this i still absolutely would not want to be part of this and i am sure many people would not either.

I advise people that support Venus Project to study physics, more importantly THERMODYNAMICS to see how idiotic this scam is.

Jacque the old timer always blames monetary system and cash for every problem of the world. He wants to eliminate the cash and monetary system because cash provides individuals freedom to some

degree. You can still buy things even if you become out law. They don't want that freedom. They want to be in charge of what you buy and what you not.

When they establish their technocratic tyranny they will either hand out cards or implant rfid chips to people. This way you only will be able to buy things they allow you to buy. If you rebel, become outlaw or refuse to do what they want they will simply turn off your chip and you will not be able to buy anything not even will be able to travel.

Venus Project is Communism. If you eliminate free market and monetary system, central gov will control the economy. This will destroy the last crumbs of freedom we still have.

In the interview he says there is no room for individuality. He says there will be no room for freedom as 'it leads to chaos' according to that old nut.

He says that he wants to unite all the nations under one government that will plan everything.

That man is a future big brother wannabe. He sounds like an absolute tyrant. He is enemy of freedom.

He is a real deal and have ties to UN. This project is prototype of Nwo. Same shit with Agenda 21

So overall, the zeitgeist movie is part of a well thought out agenda to advance this movement that many evil, rich, and powerful people refer to as their "Destiny."

Also, many people aren't aware of the fact that this has happened in history before...simply because none of us learned about it in school, but Jesus has been reduced to Sun God mythology in society not all that long ago. The papacy enforced this ideology, hence the Pagan symbol they also adopted. The Bible was basically sealed off from society, about 50 million Christians were killed being accused of heresy, and people were forced to believe in the Zeitgeist scam of their time. This was the beautiful period of history we know as the dark ages. Today, powerful and insane leaders of this world believe that we can avoid repeating history by rewriting it as a lie. Unfortunately, they are so blinded by their lust for power that they probably don't realize that they are in fact doing the same exact thing that history proved they would do.

For all of the people who believe the Bible is a scam, all they need to do is take a good look at what is happening around them. The Bible reveals this current situation simply because it reveals a period for history where this has already happened. Think about that...how could simple men so long ago, limited in their knowledge of the world around them, know that history would keep repeating itself? Only through Divine inspiration.

Anyone with a desire to explore the mysteries of the world and learn the truth about global events should listen to multiple sources and seek out well-documented, skillfully researched articles which represent the unheard voices of legitimate scholars who can expose the lies which run rampant through society., *Zeitgeist* is directed, produced, written by, edited by, and scored by Peter Joseph – ONE MAN **Peter Joseph wants to control the ENTIRE planet with his machines!**

You've been brainwashed into believing **instead** of THINKING and DOING.

You feel powerless. So you joined the Zeitgeist cult to let Peter Joseph and Jacque Fresco do the thinking FOR you. They PREY on people like you and Peter Joseph openly admits it.

You refuse to accept reality and you BELIEVE that everybody will have everything and live happily once Zeitgeisters rule the planet.

Wake up!

You're dreaming.

There is absolutley NO evidence to substantiate the ludicrous Zeitgeist claims.

And then I see apparently intelligent people like you become completely delusional and you just BELIEVE whatever sounds good to you -- no matter how unrealistic.

Peter Joseph and Jack Fresco are TALKERS who'll need everybody else to DO the work.

It's difficult to determine who's worse -- the NWO or Fresco and Joseph.

They could well be the same. It makes perfect sense. They actively **DISCOURAGE dissent and activism** and ANY kind of action to change the world, to fight for our rights, to live sustainable.

They're transforming ACTION into "communication" -- **spreading their gospel.**

There is NO difference between using MONEY or RESOURCES to control people.

Jacque Fresco is a **eugenicist.**

Resources are allocated according to availability and needs, priorities are determined by "the computer." **The central command decides what is produced where.** In communist regimes resources often are NOT available for all people. **The elite never suffers.**

The discussions at the Zeitgeist forum are exactly as at any religious / political forum. Endless arguments over what will happen in the future, no substance, no reality, faith based. That's faith in Fresco and the Venus Project and Utopia.

A lot like cults waiting for UFOs, planet X, whatever ...

It's very scary and very sad to see the many desperate people there, unemployed, broke, putting their FAITH in Utopia.

All the Zeitgeist Movement ever was is just a self-proclaimed activist wing for the Venus Project, and Joseph himself is little more than a conspiracy theorist and a charismatic figurehead who silences

dissenting opinion on his forums. Doesn't that sound like a cult to you? He rarely talks about 9/11, but will openly ban anyone who attempts to debunk 9/11 conspiracy theories, while not banning anyone who promotes them, all while claiming his movement is not about 9/11. He calls everyone "kids" to seem superior, calls everyone who disagrees with him insane or mentally ill, and silences dissenting opinion on his forums. A user named peterpan posted a slightly dissenting opinion on the forum, and later got his post deleted, topic locked, and he himself later got banned.

Ex-members will notice a growing cult of personality around Peter Joseph. In the movement, his word is law, whether anyone in the movement likes to admit it or not, and he acts unilaterally to forbid members from talking to outsiders and banning members who post on their forums who aren't glorifying him.

There is nothing new or different in the Zeitgeist Movement/Venus Project. It is merely a word-game, wherein some clever sophists have used a lot of up-to-date "green" language for some very old (red) formulations.

A group of men supposedly with the only truly mature minds in this world, who are going to setup a Utopia on earth, a heaven of earth if you will. And that there's the ones who are going to rule through a benevolent despotism. And they call this Utopia the Great Society, the New World Order, the Utopian philosophy, all of these things. Now, Lyndon Johnson, Lyndon Baines Johnson, was a member of this secret society. He was, in fact, a 33rd degree Freemason, and his Great Society that he envisioned was exactly what we're talking about here. And you can see that Johnson, a great Socialist, a Marxist secretly, set us on the road to Socialism by setting up this great welfare state, which he called the Great Society. It's one and the same, folks. It's the same. George Bush's New World Order is the same. The New World Order that our forefathers envisioned was the same. The Great Society talked about during the Peasants' Revolt in England was the same. The same that is coming, unless we wake up to stop it. And you can see, by the welfare state, how well it really works. (laughs) It doesn't work at all, it never will work, it can't work! These people are Looney Tunes.

The ruling elite are using increasingly sophisticated ways to control the populace.

This brings me on to Mel's friend **Lisa Harrison and the New Age nonsense**. Have a read of the following comment on this discussion thread <http://www.realistnews.net/Thread-the-great-new-age-delusion-of-ascension> under the title **The Great New Age Delusion of Ascension**

"Have you heard of ascension? It's the process in which a human shifts from the 3rd dimension to one or more higher dimensions. It was a major theme on the scifi TV show Stargate.

The problem with the ascension meme is that it is total bullshit, no human is going to shift to 5d, there is absolutely no evidence that humans can do this and if they could that humans in the current evolutionary stage of development are ready for this. In fact the Ascension concept is just like the Rapture, a belief system of dissatisfied humans who want to get off this hell planet

The motive and driving force behind ascension/rapture is disempowerment, we are having our personal power removed and transferred to the state. We are having our natural rights taken away, we are being corralled into submission, without hope of freedom many of us who sense the tightening noose and confinement are imagining an escape plan.

Ascension is exactly the same as the Christian belief of Rapture. It is a fantasy, no one is going to ascend, no god is coming back to save us, what we have to do is face up to the evil in front of us and fight for our survival. A total electronic

control grid is being imposed on us, drones and surveillance cameras, FEMA camps and biometrics, and even terminator like robots. Its so horrific many of us just want to check out.

Ascension, just like the Rapture, is wishful thinking, it is not real and not healthy.”

That sums it up brilliantly. Agents Mel Ve and Lisa Harrison are two amongst **numerous** New Age sell out shills who are peddling this happy shiny bullshit.

Mel Ve is a great fan of Lisa Harrison and she encourages people to donate to her and her work. Gregory James, in his article **John Major Jenkins, the Mayans, 2012 and All That Jazz** says: “It's safe to say that Mr. Jenkins is a heavy hitter in the **"2012"** arena, and that he has done his homework. I'm betting there is nothing I could possibly say that could contend with his expertise on the topic. So why the fuss about a few claims I made in an article? Surely a nobody like me poses no threat to the empire Jenkins has built? Well, as Laura Knight-Jadczyk has assured me on more than one occasion, and knows all too well: **"Being attacked often means you're doing something right.**

Maybe I hit a little too close to home implying that Jenkins may be a COINTELPRO agent or an unwitting gullible asset set into place to plant a seed and cultivate misguided seekers to fall into a trap of credulity surrounding the 2012 phenomenon... a point Jenkins has yet to contend or address in anyway, despite two complaints in the comment thread following the article in question and two emails to the SOTT editors asserting the errors in my claims. Seems sort of an elephant in the room by my reckoning, and maybe to him too?

"For the time is coming when **everything that is covered will be revealed, and all that is secret will be made known to all.**" ~ Matthew 10:26"

Somebody comments: "I find it annoying, not to mention personally insulting, when a so-called "researcher" like Jenkins employs baseless and misleading criticism via word salad to confuse readers and publishers of credible articles such as Gregory's, simply to further his own agenda.

Keep up the good work Gregory. I guess one just has to accept the fact that Cointelpro and misinformation go with the territory when one is searching for the truth. So it's important to learn discernment, be objective, and network, when gathering knowledge,"

Lisa promotes the work of 'Author and Researcher' **Alfred Webre**, founder of Exopolitics.com. See

<https://www.youtube.com/watch?v=wRrdbA3tM5A>

Michael Horn, in his article **Exopolitics: The Ultimate UFO Disinformation Operation?** says: "Let's also give a dishonorable mention to Alfred Webre, who, along with Salla and Bassett, unashamedly promotes the completely unsubstantiated (to say nothing of illogical and moronic) notion that there are "benevolent extraterrestrials walking among us". That's right, ETs are strolling around everywhere, presumably taking a vacation from eons of boring, peaceful existence and travelling in space (and perhaps even time) in order to enjoy our overpopulated, polluted, warlike, greedy, self-destructive

world, which is obviously amply populated by fools and idiots, with too much time on their hands, who invent such scenarios.

“Exopolitics” the latest assembly of pathetic poseurs and wishful wannabes, delightfully free of any self-policing, scientific standards of evidence and proof, or actual knowledge about **anything** extraterrestrial, who gleefully seek to soak up the limelight with an abundance of irrelevant and unsubstantiated bilge.”

Max Igan’s video **Fight The New World Order With Global Non-Compliance** <https://www.youtube.com/watch?v=PZx2tUCB9t8> tells us whose side Max is really on – the ruling elite want us to stop complying as that will bring about their much needed revolution.

His documentary “Trance-Formation” <https://www.youtube.com/watch?v=68iTESUe8mM> covers issues ranging from transhumanism to chemtrails. See my Ben Emlyn PDF for more on chemtrails. ‘Anon’ comments on the video on the Atlantean Conspiracy site: “I’m surprised you don’t caution your readers that this is a **brilliantly crafted piece of NWO propaganda**. Max Igan’s website, it’s dripping with **occult clues**, especially in his artwork section. The very name the **crowhouse** is also a huge clue. Why would he **endorse known Illuminati agents like David Icke and Luciferian theosophy** as promoted by the likes of Depak Chopra and many others. It’s an **occult conspiracy**.”

I am going to continue to do everything I can to make sure this man is fully exposed, so as he is no longer able to harm people with his psychologically and spiritually destructive propaganda.

They have you debating over Fallen Angels, Reptilians, Greys and so on. Study Psychological Warfare, Predictive Programming (I have many articles here exposing ‘alien abductions, etc...)

The underlying theme of the Movement is to ‘prepare’ (brainwash into believing) humanity for the ‘New Age’.

Look at David Icke with his New Age bullshit, there is no such thing as reality, it’s all an illusion, a ‘matrix’, no such thing as morality, etc..., therefore ANYTHING GOES so you can get the sheeple to believe

ANYTHING, including Reptiles from the Stars!!! The MAIN IDEA is to MAKE HUMANITY BELIEVE IN ALIENS. They present their secret technology (UFOS) as ALIEN in origin. HA HA HA!!! It's not a network of Masonic Faggot Pedophile Psychopaths, it's Inter dimensional Two Legged Crocodiles!!!

Basically every major 'Conspiracy Researcher' is a DISINFO AGENT pushing the Alien Agenda - they present real provable facts and then send it into the realm of Science Fiction - the totally debunked Zechariah Sitchin (Hebrew University, Mossad Agent? Hmmm?, Freemason, total and absolute liar) Michael Tsarion (an extremely arrogant asshole, follows the MI5 fraud Aleister Crowley) Jordan Maxwell (real name Russel Pine, Freemason

The whole World is CLINICALLY INSANE!!!!!"

Comments from this thread:

<http://forum.prisonplanet.com/index.php?topic=56827.0> "Meet Michael Tsarion, descendant of a long bloodline of Irish druids.

For a couple of hundred dollars, he will sell you a DVD set wherein he will brainwash you for well over ten hours with what can only be described as a total apology of Satanism.

All of this is simply further proof of what those of us in the know were already well aware of: Michael Tsarion is a fake and a shill, put out by the powers that be to mix fact with fiction and create mass confusion among our movement. He promotes the belief in aliens as well as a mass of other occult garbage including tarot cards and astrology. He also promotes the Rothschild funded philosophy of Theosophy, and is an apologist for the very high Freemason and founder of the OTO, Aliester Crowley, who it is recently declassified was a paid agent of MI-6.

Alan Watt, though apparently hesitant to say all he knows about this situation, has several times indicated that Michael Tsarion, David Icke, Jordan Maxwell, and the rest of that little club are all disinformation agents, put out there to mix the truth with the sci-fi/fantasy world of the New Age religion

It is also worth noting that Tsarion's forum is hosted by Red Ice Creations, the Admin of which, Henrik Palmgren, does a radio show where Michael Tsarion is a regular guest. Alan Watt used to appear on this show every month, but recently he has stopped being invited,

claiming on his own show which airs on RBN that this was due to the fact that he refused to go along with the "alien agenda" propaganda which most of the Red Ice guests promote."

Tom Cahill exposes Tom Sheridan in a number of his videos, such as <https://www.youtube.com/watch?v=j7VTkikELS4> Daniel Skipp comments: "Correct me if I am wrong but, aside from the fact that "Sheridan" just waffles on talking smack with no substance and so wastes our time, he destroys any of his credibility by appearing on SOTT, Signs Of The Times, a major New Age UFO Cult disinfo site and now book. It is connected with cassiopaea.org. The flakey blowhard woman running it not only admits to have married a spook but she regularly "channels" "Enlightened" "Aliens" from aforesaid star constellation. A load of unverified and unverifiable drivel and highly pretentious can't and do-nothing "spiritual" cobblers of course. Funny hypocrisy that Sheridan would knock UFOs and channelling while appearing on SOTT. Naturally neither he nor they offer any real exposure of truth, disinfo liars nor much useful suggestion as to solutions. His psychopath shlock is just weakly amateur, superficial, slipshod, shitty and as you note crazy and genetic-obsessed. Credibility ZERO."

Sheridan has a publisher and gets his books sold on Amazon <http://www.amazon.co.uk/Defeated-Demons-Consciousness-Parasites-Psychopathic/dp/1905605307> Notice how ALL these slick BS merchants in the pretend opposition make a **very nice living** from their published books which are afforded maximum publicity; and from *selling* their other 'troofer' wares. Genuine opponents of the NWO cannot get a publisher. The voices of the real freedom warriors are stifled in numerous different ways. That alone tells you who these treacherous sub humans really work for ... And it isn't for the benefit of you and I and freedom for all.

Mel Ve also endorses another widely exposed dis-info agent **Fritz Springmeier** - another authority on 'mind control'. See <https://www.youtube.com/watch?v=qv2ywvBEHhU> Also <https://www.youtube.com/watch?v=iSep7JBmCk> Take a look at <http://fauxcapitalist.com/2012/09/30/more-evidence-that-fritz-springmeier-is-a-phony-a-new-world-order-colony-on-mars/> And <http://www.realityunknown.com/category/controlled-opposition/> There are some good comments here too <http://lunaticoutpost.com/showthread.php?tid=148740&page=3> Also see <http://barbarahartwellvscia.blogspot.co.uk/2012/01/cointelpro-mk-ultra-controlled.html>

As said, mind control is real, but not in the sense the NWO disinfo brigade would have you believe. The purpose of which is to so ridicule the area of mind control that the general populace are discouraged from looking to see if there is any truth in it. Mind control is far more subtle and widespread throughout society. See also my Ben Emlyn PDF on this.

Mel Ve also endorses the thoroughly discredited pair **Dr Judy Wood** and **Andrew Johnson**. Take a look at this hilarious video <https://www.youtube.com/watch?v=0R4RRGjOSo0> The full cringe worthy interview '**Directed Energy Weapons? LOL! Dr Greg Jenkins Destroys Judy Wood (Full Interview)**' is here <https://www.youtube.com/watch?v=qYm1AnUKi8> Also see <http://wideshut.co.uk/judy-wood-911/> [Please note, **Keelan Balderson** is, unfortunately, not the real deal either. More on him in my pdf on the Hampstead Hoax psy-op http://sharonkilby.co.uk/site/THE_HAMPSTEAD_HOAX_PSY-OP.php One of Wood's jaw dropping remarks to Dr Jenkins is: "I'm not saying

there's absolutely no debris because **somebody may have had some pennies on the window sill that may have been falling down.**" What has Dr Wood got her PhD in??? This is the woman who is heavily endorsed by Richard D Hall [who has his own BSc in bullshit] of Richplanet TV fame – she gets regular TV coverage, is praised to the hilt and gets to flog her £32 comic ... er book on his show. That alone renders Hall's credibility as absolute zilch.

Mel Ve, Richard D Hall and all the other controlled opposition clowns are being *prostituted* as pretend spokespersons against the NWO by sinister forces. Their giant egos prevents them seeing that the illusion they help create is unsustainable and that one day soon, they and all of Satan's little helpers, will awaken to find that their little worlds have imploded with spectacular effect.

Now, let's take a look at Mel's 17/6/'12 radio broadcast.

[http://www.freedomcentral.info/page.php?page=radio_show_170612&title=\\$radio_show_170612](http://www.freedomcentral.info/page.php?page=radio_show_170612&title=$radio_show_170612) I'll just comment on the salient points - with my input, as always, in red.

Some credit should be afforded to her for stating publicly her opinion on *some* of the controlled opposition. However she is not convincing because her expose is half-hearted. Why? Well, for starters, this radio broadcast is rather obscure – it has no title, no introductory blurb and it is hidden on her radio archives amongst 33 other 'radio shows' which are also without title or anything to tell us what the show is about. Compare that to her video library where there are titles and photos of the guests; and when you click on the title you have an overview of the contents.

Mel speaks with caution, saying that the people she names are *suspected* of being controlled opposition. **If she did some independent research she would know who the agents are. If she actually worked for freedom and not for the dark forces she would be exposing all of them, in forthright fashion.**

She tells us that all is not what it seems within the T/M and that most are not the real deal. **Neither is she.** She says Santos Bonacci - who *she greatly trusts* and *whose work she follows* - says 60% of the T/M is co-opted and put there to scare and confuse us. **How does he know it is 60%? It looks to me that almost all of it is.**

She says there are a lot of egos in the T/M and adds that she doesn't want to slag anyone off. **If you are serious about standing up to evil you have to show the skills the absolute contempt they deserve. So, of course you have to 'slag them off'. There is no 'nice' way to do it.**

She says many are using the T/M for their self-interest, to make lots of money and gain celebrity ... that they're not awakening folk, that they're actually doing a lot of damage. **And she is assisting in the damage. On top of everything else I've pointed out thus far, she *unconvincingly* exposes the controlled opposition agents, which is no different than being a half-truther. For example she uses the *fake* pair Sheva Burton and Louise Clarke as examples of 'survivors' in her 'The Consequence of the Co Opted Truth Movement – Survivors speak out!' video. She names people she *suspects* are controlled opposition and need questioning, but she doesn't do that questioning and she doesn't even expose anyone with any reasoned argument or supporting documentation. In other words she is no threat to the controlled opposition and that is because she is on their side and is only *pretending* to be exposing them. I haven't looked at all her videos but from what I have seen [which are quite a lot and are the ones I mention], the only interviews she's done exposing the controlled opposition that are of any use are the ones she did with the Hollie Hoax group. And that was because *they* [who are honest and upright] were providing the truth, backed up by the facts. More on this below.**

Mel says during this radio broadcast and throughout various videos she's made that there are people who are provably co-opted. She says some are pretentious – *using the T/M for fame*. She makes the point that she doesn't want Alex Jones on her site, "confusing people with his disinfo". **So why does she have Icke, Veitch and all the others who she calls disinfo on there? More on this below.** She says Alex Jones is "mocking the truth". She says *they* are "**bringing in a new reality**, but it's not the truth." **New What? ... New Reality ... New Age ... *New Nonsense ... New World Order***. The truth is Mel is also pretentious - a 'mocking bird', using the T/M for fame.

Mel says she's done research and proved "the controlled opposition are co-opted". **That doesn't actually make sense because controlled opposition and co-opted means the same thing. In any case she hasn't shown us any evidence of this research and she hasn't proved anything. She just says a lot and talks in vague terms. For example she says "Camelot are disinfos" and that she has "questions for all the Camelot lot".** She includes Bill Ryan, saying that she knows he and Jordan

Maxwell are “playing a game”; *yet, rather than making new videos, full of hard hitting questions, which might convince us that she means business, she leaves the video interviews that she did with Ryan and Maxwell up!* She says *lots of people* have told her that Bill Ryan and Kerry Cassidy are agents and that “*people are scared of them*”. *Looks like she’s too scared to name these people she speaks of! Either that or she’s just feeding us more BS.* She says **Kerry Cassidy**, like Ian R Crane, asks for money. She says Kerry spends the money intended for Camelot on nice clothes and good food for herself!

She acknowledges **Charlie Veitch** is controlled, saying he has “flip flopped” on 9/11. *But she is light-hearted about it, leaving the videos up that she did with him and trivialising the fact he is a traitor by use of a “Get well Charlie Veitch” video message which infers that she hopes he will one day recover from his ‘illness’ and get back on the right side!* <https://www.youtube.com/watch?v=GD83QaPn1SE> This making light of Charlie’s treachery makes a mockery of all genuine freedom fighters, **many of whom battle for years against very evil forces** for truth and justice and in the doing PAY A HIGH PRICE. Such flippancy fuels my belief that Mel Ve is enjoying her starring role in this ‘truther’ pantomime. Is she suffering any hardship? Hell no. Why would she when it’s just a **game** to her. Agents of the state get well rewarded for their loyalty to service. She says so herself.

I have news for Mel Ve, anyone who **can be bought by the ruling elite** [and that includes her] **cannot and will never be unshackled from Satan.**

She says if you have an ego you can be persuaded to work for them. *So that’s you too then Mel. Yes?*

She says Charlie Veitch is an example of egotists who will do anything to feed their ego. *That’s rich coming from her who boasts 150,000 hits on her Bill Ryan interview and 200,000 hits on her Icke video. It’s obvious she cares more about popularity and celebrity than truth, justice and righteousness.*

She tells us she’s never removed the videos from her site or You Tube channel “**because they have played a very important part in our journey of discovery**”. She also says: “**They have a place**” and “**We’ve learned a lot from these people.** *Course she has – how to spread bullshit. We feel their message is valuable.* We don’t take anyone’s work down irrespective of how we feel about them now on a **personal level**”. *What*

she means is that she gives **mixed messages**; which gets us back to the half-truther mentality i.e. the confusion; the PRETENCE. Folks; my fellow slaves, we are being blinded, bedazzled, brainwashed and buried in the matrix of total MSM and C/O control. WAKE UP. She says it's not about the messenger but about the message. How very sweet, fluffy and COMFORTABLE. Of course it's about the **messenger**. Has Mel forgot, we are in an INFO WAR. We are in a **WAR** FFS. You can't attack *messages*. Duh.

Mel says she's "not part of the **Truth Movement**". True, she's every bit as fake and **Satan serving** as the rest of them. She talks about **evolving for the betterment of humanity**. Jesus wept! **There is no evolving**. There is a process going on of good people standing up to evil people. End of. That's it. That is all.

Mel preaches that you should "walk your talk in the truth movement". **SHE DOESN'T!**

She says she knows the PTB can shut you down any minute. She hasn't been shut down and she never will be. She is a very big asset to them.

Mel believes in and promotes **Arizona Wilder**. No surprises there. Course that just confirms Mel Ve must be completely cuckoo. Anyone who believes that the royals change into lizards when they are asleep or that they can't stay in human form at the scent of blood; that they transform and go crazy ... is beyond barmy. See <http://swallowingthecamel.blogspot.co.uk/2012/06/prodigal-witch-part-xvi-illuminati.html> I quote: "**Some of Arizona's weirder claims**. Let's be honest, here: This is *all* batshit insane. But a few things Arizona told Icke are just a shade battier than the rest of it." See also <http://sodlikeproductions.motion-forum.net/t1438-arizona-wilder-the-nwo-shill> and <http://reptilian-facts.blogspot.co.uk/2014/02/arizona-wilder-revelations-of-mother.html>

She speaks of Alfred Webre, saying he is a Knight of Malta, serves the Pope and "is in there with the worst of them". She says he is involved with the Disclosure movement, which she says is a co-opted CIA front. She says the T/M was started and co-opted and funded by the CIA and intelligence. **How can she be sure of that?**

She says we don't know enough truth to be able to figure it all out and we're not allowed to know too much or we'll gain too much power.

That's stating the obvious. We know we are in the process of piecing the massive jigsaw puzzle together. She certainly sounds like she is in the know. She's a very clever lady, playing her *acting* role admirably.

She talks quite a bit about Icke. She criticises him for being part of the system – paying his taxes etc, even though he preaches freedom. Well we're all part of the system. And so is Mel Ve. We have no other choice. Anyone who claims to be living outside the system [apart from a tribesman maybe, living a nomadic life] is a bloody liar. I'd like to see the evidence for it. The only way you can do that is if you're leeching off others.

She says she's proven there is a reptilian bloodline. I'd sure like to see that proof! Perhaps she could make a video of one of the ruling elite family members – a senior royal maybe - turning into a lizard when she wafts a container of blood under their noses!

She says David Icke doesn't talk about the Jesuits; that he is a Jesuit co-agitator. She calls Icke one of the worst examples of a traitor to humanity. Yeah so bad that she leaves the videos she did with him up! She says he is part of the monster he claims to fight; that he is a wolf in sheep's clothing. SO IS SHE.

She says 'they' try to get you to work for them; that they promise you fame, money, book sales etc as long as you don't say certain things. Wonder how she knows so much about this!!! She says you're not allowed to say it's Rome ... the Vatican ... the Jesuits i.e. the real perps. How can she be so sure it's the Jesuits/Vatican? Many say it's the Jews. This video is very compelling <http://thegreateststorynever told.tv/> What has she been given/promised for her loyalty to the PTB? Bill Cooper says it's not the Jews <https://www.youtube.com/watch?v=-fHmWcRZ72A> None of us really know. We are all trying to piece this giant jigsaw together. I think sometimes we can get hung up on worrying about who the overlords are when really it isn't necessary and just wastes valuable time. We know we are ruled by a network of **secret societies**, that come in many disguises, all of which contain many levels. That's what needs to change.

Someone anonymous comments on a forum: "We're onto your disinfo. You and the Karen Hudon Jew/ fake opposition agents with their "Jesuits rule the NWO and intl banks" line. Laughable. JEWsuits maybe. BTW: the Vatican Bank was taken over by the Rothschilds in 1832 ... No Bimbo, your diversionary claptrap won't fly. We know exactly who tops

the pyramid and their names are on the Fortune 500, CFR, MSM and top banks. Those names are 93% JEWISH. Not a Catholic priest among them; much less a Hindu, Xtian or Muslim. So take your troll trash and stuff it!”

Talking of **Karen Hudon**, Mel endorses her too. Well what a surprise!
<https://www.youtube.com/watch?v=C3LcsTtMu0>

She talks about the HG story, saying that she used to champion it. She says it looks like there are holes in the story. She then goes on to say that there’s a *bunch of egos*; that the likes of Icke, Gerrish ... **don’t want to look at the evidence because “it makes them look stupid”**. Mel must’ve been told to say that – by some high up faceless nameless seedy mason. Someone of her intelligence would know that this is much more serious than the likes of super shills Icke and Gerrish merely looking stupid. She must know that they [and Green, McKenzie, McNeill and a whole load more who collectively make up ‘Hollie’s Army’] are **in on the Masonic concoction that is the Hollie Greig story. By playing it down she is protecting them.** The whole lot of them are mega criminals and should be locked up for a very long time for their treachery to humanity. She says **the story could have been co-opted and infiltrated at some stage. She talks about the campaign being hijacked and split down the middle.** What does she mean by that? It just doesn’t make sense. It sounds like Mel has been told to say that too - to throw *confusion* into the mix. She is presenting it **as if the Justice for Hollie Greig campaign was legit**, but then got corrupted i.e. hijacked. The story is a **complete fabrication**. But to hear Mel talk you wouldn’t think it. The *story* is that Hollie and a few other children were abused by a gang of paedophiles. That story has been **proven** to have been **fabricated**. That means Hollie and the others were never abused. **The question is why does Hollie have an ‘Army’ and why was her phoney campaign publicised so heavily worldwide by virtually the whole of the ‘alternative media’?** If Mel really cared about truth and justice, she would be leading a fund raising venture to help Sylvia and Wyn and all the other victims sue Anne Greig, Robert Green and all the other peddlers of HG lies – Icke, Crane, McNeill, McKenzie, McFerran, Gerrish, Maloney, Quinn, Butlincat ... for libel. But what does she actually do? She leaves the videos she did with the odious creatures Robert Green and Ian McFerran up on her site, which suggests that she still supports them; thus giving out *mixed messages*. Mel Ve has no intention of getting to the bottom of it. No-one in the Troof movement is interested in that. They are paid to muddy the waters. In fact Mel goes one step further and really *serves her paymasters well* by then throwing

some **doubt** into the pool by saying “we’ve been duped, **but not completely**”. She thinks “**Hollie may have been abused to a certain degree but not by all 22 people**”. Why would she say that? There is not a scrap of evidence Hollie was sexually abused by anyone. [She has actually been abused by her mother and her mother’s ‘friends’ – the HGJ scumbags.] Point is, why is Mel Ve putting the seeds of doubt into her listeners’ minds by saying that? The suggestion then is that *something* has happened. By creating this uncertainty Mel is misleading her audience. It’s a typical skill ploy to throw people off the scent. She is deliberately leading people to believe that there is *some* truth to the story i.e that it’s not a complete hoax. This stops people asking too many awkward questions. The last thing the big guns of the controlled opposition want is a curious populace wanting to know what the Hollie Greig story is really all about. Mel talks about **opportunism that was seized upon by Anne Greig**. The tactic of focussing attention on Anne, together with the other tactics, protects the real criminals behind the scam – Green, Gerrish, McKenzie and the rest of the clan. Having said that the psy-op supremos would have us believe that the chickens are finally coming home to roost. Don’t be taken in. Take a look at my pdf on The Hampstead Hoax **PSY-OP** for more on that.

Mel is obviously very aware of the prominent role Sabine McNeill has in promoting the Hollie Greig farce; indeed Mel takes the credit for being the first broadcaster to give the Hollie Hoax group a platform, whereby coherent credible and comprehensive evidence was presented to *prove* that story was a work of fiction. So how in the world can she trust anything Sabine now says? Well she does - or, rather, she *pretends* to. She’s a brilliant actress is Mel. Shills have to be. Mel tops them all though; she can really turn on the crocodile tears when required. Have a look at this video interview that she did with Sabine McNeill re the so-called ‘Kids Whistleblowing Satanic Sex Cult in Hampstead London’ on 13th March 2015 <https://www.youtube.com/watch?v=N9JCwBfxHQg> The absolute disgust and utter contempt I feel for these two evil **fakes** – Sabine McNeill and Mel Ve is indescribable. They really make my blood boil.

At the end of the video Mel gushes: “It is an honour and a privilege to talk to you ... your strength, your honour, your courage to take on such difficult matters.” She says she doesn’t go in front of the camera much – “only for very special people, like you”. Nauseating. Even worse is the fact that Mel is giving Sabine a regular slot on her show. This suck up to Sabine tells you everything you need to know about the traitor Mel Ve and who she *really* works for.

Incidentally that broadcast is via Mel's new 'Conscious Consumer Network' [CCN] which she founded together with her husband. Fellow disgusting disinformationist Alfred Webre says CCN stands for 'Creative Consumer Network' and calls it a collective news network. It's actually a black propaganda network and CCN stands for 'Contemptible Cointelpro Network'.

Have a look at this video published on 26th February 2015 entitled 'CCN Director Mel Ve: Anonymous Hampstead expose is plausibly real – Citizens must now take action' whereby Webre interviews Mel Ve for her response to reader comments questioning the veracity of reports at Hampstead <http://newsinsideout.com/2015/02/video-ccn-director-mel-ve-anonymous-hampstead-expose-is-plausibly-real-citizens-must-now-take-action/>

Have a look also at the accompanying blurb: "During her interview Mel Ve shared aspects of the Hampstead Heath area that are conducive to an Interdimensional context of negativity and the attraction of negative and malevolent entities. Mel Ve noted the predominance of High Gate Cemetery with its history of sightings of greys and reptilians, roped off pyramid and underground chamber, adjacent to where Bram Stoker wrote and set scenes from *Dracula*, a classic novel about vampire ritual sacrifice and blood-drinking." FFS.

Another brilliant **psy-warrior** is Charlie the charlatan Foulkes. Like Mel she is also clever and charming and convincing [well, to the 'half-awakers' at least] and is also able to pull the wool over people's eyes. She also uses the same shilly neutralising tactics to great effect. Take a look at my write ups on her. Here's a flavour: Charlie is playing a very devious 'game'. Whilst acknowledging that the well-known names in 'trutherland' are actually half-truthers [i.e. shills], she's saying they're still worth listening to because, "a lot of what they say is valid!" She mentions some of the Big Guns here <http://www.charlifoulkes.co.uk/truth/index.html> and here <https://www.youtube.com/watch?v=mPAnE4zw2DU#t=392> whereby she's giving Ian Josephs the thumbs up. She tells her readers that she has 'issues' with some of these people, but that we needn't worry as we can just disregard the bullshit that they spew. As for the HG story, she only touches on it. She refers to it as a "dodgy campaign", says there is "something fishy", but also adds that "I do believe that she was abused".

Anyone can say they were abused. It doesn't mean they were. Anyone can say they believe someone else was abused. That doesn't hold water either. How would Charlie F, Mel V, Sheva B, Louise C, Ben Emlyn and all the other bloody FAKES like it if their names were included in the list of people being accused of being involved in the rape of Hollie Greig? They would want to **get to the bottom of it**. They would want to know why certain people [the HGJ evildoers] **are hell bent on defending that story**.

Mel talks about **Sandra Barr**, who is a close friend of Belinda McKenzie and who she says has also been co-opted. She says she has spoken to Sandra's ex boyfriend. She then throws in a **whopper of absurdity** saying that **Sandra says she was abducted by aliens and that she says she has a reptilian soul**. I wonder what reward Sandra Barr got from her Masonic handler for allowing herself to be ridiculed in this way. From what I can deduce is really going on behind the scenes, the big guns of trooferland – the main players in the HG story - knew that the Hollie story was about to unravel, so in order to protect themselves they had to do some damage limitation. That was achieved by agent Ve introducing the confusion and both agents Barr and Ve trivialising the whole thing with their talk of ETs, and Mel chatting shit about reptilians, and saying things like, "we know aliens exist."

Dingbat Mel believes people are incarnated and have come from other planets. She says "they have advanced densities and have fallen to live amongst us to **help us evolve**". Seriously I can't get my head around the likes of lovely talented Mel Ve stooping so low that she would agree to spew this bullshit. What price Melanie Spencer, for selling your soul? Was it worth it? How do you sleep at night? The hypocrite then astonishingly puts **Lord Pye** [of 'Starchild skull' fame] on her 'mocking bird' list; saying he is deliberate perversion diversion, distracting us from the real important stuff!

She says she questions **Jim Corr** - [James Stephan Ignatius Corr - TheCorrs](#)

But the only thing she can find wrong with him is that he hangs on to his MBE. [The Corr siblings were appointed as honorary [MBEs](#) in 2005 by [Queen Elizabeth II of Great Britain](#), in recognition of their musical talents and also their charitable work which raised money for [Freeman Hospital](#) in [Newcastle](#) (where their mother was treated), victims of the [Omagh Bombing](#), [The Prince's Trust](#), and other charities. Jim and his sisters were also involved in the [Live 8](#) series of concerts, performing at [Edinburgh](#) in mid-2005 alongside [Bono](#) and other acts such as [Annie](#)

[Lennox](#), [Eddie Izzard](#) and [Bob Geldof](#). He also performed at [Nelson Mandela's 46664 concert in South Africa](#), to help raise awareness of the growing AIDS epidemic in Africa.] If he's a serious freedom fighter, of course he should give the Queen her gong back. But there is a lot more that is questionable about Corr than just that. Why didn't Mel do some research on him?

For starters anyone who gets any kind of TV coverage is highly suspect. Before I woke up to the existence of controlled opposition, and with that the realisation that Edge Media TV is controlled, I noticed Jim Corr was a *regular* speaker on the 'controversial' channel 200. Straight away that raises alarm bells. But not for Mel.

Let's examine the interview she did with him in June 2011 <https://www.youtube.com/watch?v=Vw-MAi5AX-Q> At that time Mel says "Jim Corr has become one of the most trusted and respected sources of alternative information". *Why would she want such a video up on her site if she later began to doubt him? Again, she is giving mixed messages. She is not convincing. She is neutralising. She is pretending i.e. FAKE.*

The video is only 18 mins long but there are lots of breaks in the filming. I wonder why. Heavy editing? Mel calls him an infowarrior. *She should have said he's a disinfowarrior.*

Corr says we need to say NO to the system that is enslaving us. *Well that will do diddly squat for us, as he well knows. All it would achieve is **revolution**, which of course is what all shills are promoting. And that, as he also knows, will lead us to our enslavement.*

Corr doesn't tell us anything new. He just repeats what is widely championed by all the shills. And in keeping with Masonic rules he doesn't mention freemasonry or any secret society – not once. Instead the idiot just says things like: "We need to get out and get them – our so-called leaders - to listen to us as we are their employers." *What a load of old tommy rot. Spoken like a fuckin mason.*

He says he agrees with the notion of peaceful mass non-compliance. *Leading to revolution.* He says that's the way it is going to happen. He also says that when people are protesting they need to be aware of agent provocateurs. *Well protest may have its place, but what is more important is that shills like him and Mel are thoroughly exposed and dealt with. When that day comes freedom will be just over the horizon.*

He says: “The agent provocateurs, who we know are undercover cops, need to be pushed back into the police lines where they belong.” **He laughs at his joke there. Smug bastard. Mel laughs too. Birds of a fuckin feather.**

There is no chance of the millionaire musician putting his money where his mouth is. The unsavoury character is exposed here <http://www.thejournal.ie/jim-corr-acc-bank-debt-loan-910569-May2013/> for his dodgy financial dealings and is even warned about perjuring himself: “Corr denied that it was his aim to keep the property from the bank, at which Mr Justice Peter Kelly intervened and told the songwriter to reconsider his answer. “Did all of that just happen by a stroke of good luck? Do you really expect me to believe that? Seriously?” he asked. Judge Kelly also reminded him that he was under oath when giving his reconsidered answer.”

Take a look at Corr’s FB

<https://www.facebook.com/jim.corr.961?pnref=story> On his timeline is this ‘Danielle La Veritte’ video

<https://www.youtube.com/watch?v=AyRL4i8kdpI> – ‘Support Chris and Stacey Spivey’. He has other ‘Danielle La Veritte’ vids on his timeline too.

Also on his timeline are links to Alex Jones’ Prison Planet, Thomas Sheridan, Brian Gerrish, UK Column and Lou Collins ...

Take a look at this thread

<http://www.boards.ie/vbulletin/showthread.php?t=2056171934> “I’ve always considered Jim Corr as courageous and sincere if a little misled by Alex Jones/Loose Change disinfo. However, **his association with Lord Christopher Monckton has made me doubt his integrity.**”

Take a look here too <https://www.youtube.com/watch?v=iDPhRaZNgSU> where he is talking politics – the Irish election 2011. Doesn’t he know ALL politicians are controlled?

I think it’s pretty clear which side of the fence Jim Corr sits. And it aint on the side of freedom.

Mel says **Jane Burgermeister’s** story is very questionable. **She doesn’t specify why or elaborate in any way.** Later in her radio programme,

without providing any reason, just that *Jim Corr* questions JB, she calls **her** a disinfo agent. In this <http://projectavalon.net/forum4/showthread.php?4898-Jane-Burgermeister-friend-or-foe> forum the question being asked is **JB: friend or foe?** 'Curative' says: "I have recently been involved in debate regarding her credibility with what I perceive as a growing movement of alternative researchers in their **unified condemnation of JB. Namely Ian R Crane, Jim Corr and others.** They are **circulating the allegation that Jane is either mentally unstable or a NWO plant.** All this at a time when Jane is apparently fighting against prosecution by the Austrian Judiciary.

I for one cannot turn a blind eye to this situation as ultimately it comes down to this: **Either JB is untrustworthy or her accusers are."**

Steven replies: "A quick search on Jim Corr <http://www.jimcorr.com/> and Ian R Crane <http://www.ianrcrane.co.uk/> shows both men are researcher for NWO agenda. **Selling products** on the subject... They are **no expert in medical/pharmaceutical** field. **Why they came up with this attack on JB credibility?"**

Until I get a chance to do the research I don't know whether JB is genuine or not. However since Ian R Crane is a widely known and proven controlled opposition agent and Jim Corr is also exposed as one, it would seem that Jane Burgermeister is the real deal. Until it is proven otherwise, that remains the **case.** Links on this 'friend or foe' thread show that the court proceedings against her were dropped. <http://www.godlikeproductions.com/forum1/message1021325/pg1> **Jim Corr VS Jane Burgermeister - WTF?** Jane says: *"The documents and evidence are all on my website. There is no mystery.*

The mystery is why James Corr is trying to discredit me and using

almost exactly the same approach, yes even the same pseudo friendly language as Ian Crane and Paul Byrne.

In repeating claims I have not filed charges and asking for proof, James is, of course, actively discrediting me himself under the guise of trying to shore up my credibility.

Also, James Corr makes the strange statement that it makes little difference to my work if I filed criminal charges or a complaint, whatever a complaint might be.

The fact is, it does make big difference to the Bilderbergs and New World Order if criminal charges have been filed, a police investigation has taken place, and there is proof that holds up in a court of law that Baxter tried to trigger a global bird flu pandemic in 2009 and the Austrian authorities are helping them cover up the incident.

From his bizarre email, it is hard not to conclude Jim Corr also belongs to the controlled opposition to be found in alternative media, unions, NGOs, and who are boosted in their careers by the Bildeberg/NWO money machine.

But everyone can decide for themselves. This is his email:

Dear Jane,

Sorry for troubling you in relation to this matter and do bear with me. Having posted a request on my fb page, and up on my web-site, that you and your web-site be supported by my supporters, I've been inundated surprisingly with somewhat negative feedback. People are doubting that you filed legal charges and are assuming that what you submitted were in fact 'complaints' for which you received acknowledgements, and not actual 'charges'. Please dispel these ridiculous rumours with the proof that charges were properly filed then we can all be done with this matter.

If it is the case that only complaints were submitted well Jane it still had the desired effect and doesn't take away from the fact that you woke so

many people up to the reality of what was going on, but I would admit this Jane if that is the case. It is coming down to an issue of credibility and I would not want it in any way to interfere with your future work or the support going to your web-site so please do dispel these rumours and show the proof of charges filed,

Many thanks and keep up the great work,

Jim Corr”

Michael Telling is another one that Mel herself acknowledges is discredited and yet she leaves the video she did with him online.

https://www.youtube.com/watch?v=iusSDZaR_QY

And why the hell would she ‘like’ on her FB page, the likes of: David Icke, Michel Telling, Bill Ryan, ‘Help Hollie Greig receive the justice she deserves’ and a host of other thoroughly discredited twoofers? As said even though she *acknowledges* during her various interviews/broadcasts that certain people are controlled opposition, she should not then ‘like’ them or link to them in any shape or form. She certainly should not be leaving video interviews up. That is just pretence. Pretenders are on Satan’s side. It doesn’t matter how popular or famous these ‘alternative media’ speakers are, they’re evil and they’re working for the slave masters. They need to be destroyed. **Anyone who values their reputation will not afford any fraudster any credibility whatsoever by allowing their own good name to be in any way associated with gatekeepers for the NWO.** Anyone who allows their name to be tainted in this way, as Mel Ve does, is an actor. Such people are insincere and will not be tolerated.

Anyone who links or associates with shills on any level does him/her self a grave disservice

To conclude, the “New Age” is hardly a new view, in fact, it is very ancient, the most ancient of all **lies**. Many of these occult practices and beliefs were a part of very early pagan cultures. Many practices, such as witchcraft, sorcery, spiritualism (contacting spirits from the other worlds), divination, astrology (clairvoyance; seeing the future), necromancy (consulting the dead) mediums (channelling) all of these and more are clearly and strongly condemned in Scripture (Deut. 18: 9-17; Lev.19, Isaiah 47: 9-15). These and other occult practices were practiced by the

ancient tribes and mystery religions of the Chaldeans, Egyptians, and the Babylonian culture. Horoscopes, palm reading, crystal ball, water witching, pendulum, divining rod, tarot cards, tea leaf reading, numerology, palmistry, Ouija board and the study of animal entrails have given way to more modern updated names **but the practices are still the same**. Only the names have changed such as channelling or spirit guides is the practice of ancient mediums and spiritualism. These have been used by shamans, witchdoctors and mystics in the ancient world. **God has always warned his people not to participate in this.**

Mel promotes Traditional Shamanic medicines. See <https://www.youtube.com/watch?v=qZ6MYBEfjk0>

Shamanism) is a practice that involves a practitioner reaching altered states of consciousness in order to encounter and interact with the spirit world and channel these transcendental energies into this world. A shaman is a person regarded as having access to, and influence in, the world of benevolent and malevolent spirits, who typically enters into a trance state during a ritual, and practices divination and healing. Shamanism is occult as the rituals are esoteric and "hidden"

The following comments are from Barbara Hartwell and others:

Having studied the New Age Movement for over thirty years; having been on the inside of CIA's New Age propaganda campaign, designed to foment spiritual and moral complacency; to discourage individual critical/analytical thought; to usurp the power of God and implement a One World Government, One World Religion and to usher in the New Age/New World Order, I have found a number of phrases and buzzwords commonly, continually and consistently repeated by the New Agers which are emblematic of their belief system.

<http://barbarahartwell.blogspot.co.uk/2006/12/new-age-politically-correct-thought.html>

Here are some basic tenets of this New Age psychology and philosophy, which more or less could be said to form a sort of "New Age Manifesto" for the True Believers.

I haven't included them all; however these should serve as a fairly comprehensive list of the most salient and well-established among the New Age Community.

1) We create our own reality. Therefore, we are "responsible" for all that happens to us, and have no one to blame but ourselves for any event that takes place in our lives, including poverty, illness, assaults and even murder. Therefore, it follows that "There are NO victims". Whatever it is, get over it, say the New Agers, it's a "lesson" we needed to learn.

2) "Negativity" is to be avoided at all costs. Therefore, if you don't have something "good" to say, something redolent of "love" and "light", say nothing at all.

3) "What you resist, persists." Don't resist, no matter what may be coming down the pike. Resistance is futile. Just "let go"; "go with the flow" and submit yourself, trusting that "the universe" is "gifting" you with an important "lesson".

4) Good and evil don't really exist. They are "illusions"....just "polarities" which need to be "balanced".

5) "We are all one." This includes even the baddest of the bad guys. We must be "tolerant" of ALL, no matter their crimes or atrocities. Yea, verily, we must roll out the red carpet for evildoers, as they are a "part of us" and have "lessons" to teach us.

6) "LET GO!" NOT "Let go and let God"....just "Let Go!" of anything disturbing your "process." (They LOVE that word!) or which makes you angry. Anger is a no-no in the New "Paradigm." (Another buzzword they adore!) Anger is NEVER justified, no matter what the outrage, the injustice or the transgression committed against you. Don't get mad, it might interfere with your "process" or retard your "spiritual evolution."

7) Individual rights must be subsumed by the GROUP; the "team"; the "committee"; the "community" or the "Global Village" for "the highest good of all". It is "selfish" to attempt to protect one's individual rights or sovereignty. By the same token, holding and protecting private property is seen as "selfish".

8) "The earth is a "school." We are here only to learn, so that we can

"evolve spiritually."

9) ALL relationships with others are for one basic purpose: "To teach us about ourselves." This of course, includes adversarial relationships of every stripe, even domestic violence, incest or sexual abuse. No problem!.....they say. "We chose these relationships to LEARN." Yes sirree Bob, ALL Others are a "mirror" for ourselves.

10) There are no moral absolutes. No behavior is really "right" or "wrong." Everyone has "the right to be wrong" and therefore even to DO wrong. It's all part of the "lessons" we are here to learn.

11) The world of "Third Density" (3-D) and all it contains is ONLY for those among us who have not "woken up" and are therefore "trapped." The "awakened" and "spiritually evolved" New Agers, with "Fourth-Density Consciousness" will "ascend", while all others will be left behind.

According to various theories, which the New Agers continually squabble over, this "ascension" will take place when "Mother Earth gives birth" to "earth changes." When "Niburu" or "Planet X" enters the solar system. When a special spiritual entity, such as "The Mahdi" manifests. When "The Matreiya" incarnates. When the "friendly ETS" come to "beam up" the chosen "lightworkers", etc. etc.

12) "Divisiveness" (another World-Class New Age buzzword) is seen as "negative"; while "consensus" and collectivism are seen as "positive"; "loving" and "peace-nurturing."

13) All religions are nothing but a form of "mind control." There is no value for the evolving human "BE-ING" (New Agers love to break up words, intimating that there is a deeper meaning to be gleaned for those "in the know".)

Anyone who chooses to worship God through a religion (God forbid!) is seen as being spiritually retarded or in a sort of spiritual kindergarten class. But not to worry, say the New Agers, WE (their favorite word) will ALL "get there." WE are ALL following the very same "spiritual evolution" or "process."

True, they say, some of us (usually themselves) are "ahead" of others on the "path" but ALL will "arrive" eventually at the same place, no matter the evil deeds they have committed, because there really is NO EVIL, only "learning" on the "journey" of spiritual evolution.

14) It is an "illusion" to believe there are any real differences between individual human beings, any separateness or individual spiritual integrity. NO individual is unique, since really, WE ARE ALL ONE.

15) Those who [dare to] speak and live THEIR OWN TRUTH, based on their own experience and knowledge, in a myriad of ways, be it through a religion; through being agnostic; through being loners by choice; through claiming their natural God-given INDIVIDUAL rights in such actions as SELF DEFENSE; and who refuse to CONFORM to the tenets of the New Age Manifesto, are seen as "debunkers"; "spiritually unevolved prisoners of Third-density Mind"; "unawakened" etc. etc.

So, what's wrong with this picture?

EVERYTHING!

At least by my way of thinking, my way of perceiving, my way of being.

It's HOGWASH, MUMBO JUMBO, DRIVEL, GOBBLEDYGOOK, HOOEY, CLAP TRAP, RUBBISH!!!!!!

Why? By MY way of thinking, that is.....

Because NONE of it has anything to do with me.

And yet, when I tell this to the New Agers, who invariably try to FOIST this ridiculous philosophy on me, and anyone else who happens to cross their path, I receive letters such as the one below.

It would seem, from the perspective of these New Age proponents, that anyone who does not embrace the New Agers code of "love", "light" and "peace"--at ANY PRICE-- and who will not sacrifice their INDIVIDUAL

rights or perspective, to become "ONE" with them, is persona non grata.

Individuals such as myself, who speak bluntly, FOR THEMSELVES, and call a spade a spade, are considered fair game to be admonished for their perceived inappropriate "anger" and "negativity".

Any DISAGREEMENT with one of the New Agers is deemed an "attack".

And the unwillingness of those such as myself to go along with the New Age program --and " a "program" is precisely what it is-- are deemed "trapped in third density", those with many more "lessons" before they can "awaken" or "ascend."

And just so I'm clear, let me remind everyone that I have never sought to stop any of the individual New Agers --or anyone else for that matter-- from believing; knowing or living THEIR OWN TRUTH. That is each individual's prerogative.

But it begs the question: WHY then --why, oh why-- do they feel the need, seemingly the compulsion, to do that to me?

To accost me with their intrusive, unsolicited advice. To foist on me their unsolicited amateur New-Age pop-psychological analysis.

To disrespect my INDIVIDUAL SPIRITUAL INTEGRITY, thinking it is their prerogative to determine what another "should" or "should not" be doing; thinking; feeling; saying or writing.

For those with eyes to see and ears to hear, the answer is very clear.

But read this exchange between me and just one (there are many more where she came from) of the 'card-carrying members of the New Age Politically Correct Thought Police', and PLEASE, by all means DECIDE FOR YOURSELF.

Re: RESPECTFULLY, I MUST STAND MY GROUND

Over time, frauds isolate themselves, the next round of gullible New Agers floats in, gets disenchanted, wash, rinse, repeat. Thereby assuring X amount of \$\$\$ to continue Wilcock-Camelot-Avalon-insert fraud

Exopolitics is a fancy term for "extraterrestrial politics"

As no extraterrestrial life has been discovered yet, let alone extraterrestrial life capable of politics, this is the domain of cranks

Exopoliticians do not waste time with evidences and facts, of course. They have nothing to do with the real world.

Bottom line here. While these people are navel gazing and searching their subconscious mind, seeking to make a connection to the "consciousness that is all of us"... **TPTB are still trying to kill us.**

Naive?

These things exist not because we willed them to be. These things exist because there are evil people among us who control the earth's resources and are aided by those who eat at their table. The reality of evil is the blood and the bombs that rain down on the innocent. To suggest we are dealing with simply different energies is way too obtuse an explanation and in fact, pretty insulting to those who are suffering. As if this shit is our fault?

Virtually all those I know wish for good things for all. With the majority of humanity yearning for peace and abundance, shouldn't we have already been able to defeat the evil simply by expressing and reflecting positive energy? Yet it does not happen.

This belief of a "oneness" is a part of the same group who wish to blur the lines of good and evil, man and god.

The next one will be no better if they do not distinguish between good and evil besides calling them simply opposite energies. Sounds like the same legalese we get in the courts.

There is a very dangerous lack of critical thinking going on and it seems to be spreading further across the "truth movement."

New Age stuff can hide in plain sight, with a lot of 'sciencey' smoke and mirrors to lend it an air of legitimacy.

New age is just a blanket term. It's as ambiguous as "truth movement" and full of just as many well-poisoners and con artists feeding off of useful idiots.

Also, since New Age beliefs aren't as concrete or well-defined, it's harder to help people become aware of the the subtleties of irrationality -- and there's always that question of "What's the harm? Let people believe what they want, all personal truths are equal!"

New Age stuff is more slippery than the well-worn woo of ancient religions. I'm only now beginning to appreciate how much pain is caused by this commercialized and slick-packaged superstition.

We are in a battle between good and evil. I can no more manipulate my reality than I can anyone else's. I dream of flying, yet I cannot. Of being whole in mind and body, yet I am not. I dream of peace and abundance, yet when I look out my door, I see war and need.

new age shit is mumbo-jumbo.

A lot of people are being misled. The physics theory about a holographic universe has nothing to do with cereal box holograms or the Matrix. That's not what holographic means, but the theory is distorted by new agers into meaning just that. Same thing with raising awareness. That doesn't mean raising

your soul outside of the Earth and meeting your magical spirit-based higher self. BTW, the original concepts of a higher self have also been distorted. That higher self is always with you is what the original explanation is. Raising awareness and perceptions means letting go of belief and bias-based perceptions holding you back to see the whole picture and not be confined to a part of it.

Either this stuff is misunderstood or more likely con artists are fooling people into believing superstition. IMO, the "love is the answer and love is pouring from my chakras" people are the perfect victims because they are being brainwashed into accepting submission as well as projecting their emotions and showing mercy to criminals. They're also forever chasing a dead end and nowhere near any meaningful knowledge which is suppressed by materialism. Then you got stuff like in theosophy which isn't 100% direct and encodes stuff metaphorically just like religious texts. Taking it all literally and you lose any meaning of value.

Fuck the new age movement. And the truth movement. If they weren't both created by the psychopathic criminal powers, those powers now control them and use them to keep people in the dark.
