

## ADEYBOB – ADRIAN MCCORMACK [MONADTIME]

Who is Adrian McCormack? Well, he says “I’m a csa victim myself, have spent approx 10 years in care and have been left psychologically shattered by the experience.” But guess what; you would not know that, unless you happened to stumble upon his comment, which is comment number **105** in a long line of comments on an article written by his fellow Spiveyite troll – Tom Pride

<https://tompride.wordpress.com/2013/05/12/this-is-what-you-get-when-you-dare-to-question-a-tabloid-journalist-in-the-uk/>

You’d think that vital bit of information would deserve some print space on his own blog, wouldn’t you. He doesn’t think so. There’s no mention of it whatsoever. Why’s that Adey? Is it cos it’s not true? Are you ashamed that you uttered such a vile lie? You should be. Does your big brother know that you’re spreading lies about him too? This is what Adey says on his ‘Who am I’ article: “...it awakened in me thoughts of my childhood, and reminded me of things **my big brother had told me of his time in care-homes, and in post-borstal places.**”

<https://adeybob.wordpress.com/2015/04/29/who-am-i/>

Of course there is no evidence whatsoever that Adrian McCormack spent one day in ‘care’ let alone **ten years**. Neither is there any evidence that he was sexually abused at all as a child; or that he suffered any kind of abuse as a child.

Does your ‘auld ma’ know what an utterly loathsome LIAR you are Adrian?

### **What more needs to be said about the sincerity of this ‘man’ Adrian McCormack?**

For anyone out there [trolls take a hike] who needs any more persuading that Adeybob is a thoroughly evil piss-taking lying paedo apologist bastard read on. Take a look here too

<https://trollpatrolblog.wordpress.com/2015/04/26/adrian-mccormack-adeybob-tries-but-fails-to-infiltrate-mccann/>

Have a look at his re-blog here

<https://adeybob.wordpress.com/2015/05/02/csa-spooks-foreign-domestic-part-1/> entitled ‘**HOW COVERT AGENTS INFILTRATE THE INTERNET TO MANIPULATE, DECEIVE, AND DESTROY REPUTATIONS**’ - how **western intelligence agencies are attempting to**

infiltrate, manipulate, control and warp online discourse with **extreme tactics of deception and reputation-destruction**.

Now take a look at this post

<https://adeybob.wordpress.com/2015/04/29/the-start-of-the-formula-how-does-an-angry-chimp-lose-his-balls/> entitled 'The start of formula, renamed: Is there a dedicated #Trollgroup running interference among #CSA protesters? The key to sussing **#teamoutlaw** here on out to be called '**troll-team**'" I'll just quote two or three paragraphs of this 'in your face' piss taking for you to get the picture; and will add, as always, my comments in red:

**“(£+bad comms+trollTeam)x(IQ-hate)=sackedChimp.**

**(more£=SP&'techies'+angryChimp-balls)=É  
(Spiv+lcke+#CSAtags+#McCann)=Á.**

**.....Á-É=?**

You may have noticed the odd formula above on my twitter profile. I thought it up as a bit of fun, to be honest, but I realised that if you remove some superfluous elements and improve on a few others via addition of more data, it can be used to plot associations and effects of organised troll-groups; even more, thinking-formula like this can help to identify and describe links between identified and apparently disparate groups of organised trolls.

I will explain and qualify all of the parts and variables in due course throughout this section of the wider #Trollinquiry blogs, describing correct references where applicable. In another part of the #Trollinquiry blogs, I WILL explain some of the variables used, more clearly.”

You might be having a lot of fun, Adrian, playing this sick game of yours, but *real* victims of CSA do not find it funny. A formula is not needed to determine who the vile gang are that troll, violate and destroy real CSA victims. Folk just need to read my 'DIGGING INTO JIMMY'S SOCKS' PDF

[http://sharonkilby.co.uk/site/DIGGING INTO JIMMYS SOCKS.php](http://sharonkilby.co.uk/site/DIGGING_INTO_JIMMYS SOCKS.php) whereby they will find – named and shamed - a core group of Spiveyite trolls ... and Adrian McCormack is a loyal, trusted member of the Spivey team too.

Adeybob is a super spook, a super troll and a troll observer; in fact he's a bit of an expert on trolls; funnily enough. If you take a look at his

website you'll see an in depth study of the things. He's got posts galore on the subject. And, just like all trolls, he chats shit-loads of shit. For example, checkout the 'who am I' post. I copy/paste some snippets: He says: "But nevertheless...there I was, soon finding myself screaming to the wind on facebook, trying to get people to humanise themselves past the child abuse terms that made them clench. By now, I had found much information about coverups on t'interwebs – the more I saw, the more I found...a feedback that was still devastating me.

After a few months getting nothing but embarrassed silences on facebook, I decided to take myself to twitter.

On twitter, I found a swirl of memes and more data, on every subject I could dream about...it was breathtaking. It was an evolutionary process I was very lucky to have seen while it was/is still relatively young." When you read the rest of this page, and pretty much the rest of his shite [not a typo] you find he says a lot of ... nothing. Read on. He says: "I tried to find a cohesive 'group' of 'people' on there who were dedicated to finding ways to better exposing CSA perpetrators, coverups, and issues. In the meantime, I just gathered data on CSA and redistributed it. The only way to expose paedophiles is to name and shame them and also the corrupt legal people and officials who protect them - in a detailed expose of one's own story; that can be backed up by verifiable evidence.

What the fuck does he mean he gathered data on CSA and redistributed it???

I came back on twitter a short time before the #PaedoBritain tweet trend campaigns were successfully launched – orchestrated by an enigmatic chap called madlands – everyone helped out – we all trended the hell out of it. Enigmatic fantasy more like. Madlands doesn't exist. Fukkin pretender.

Then I dropped out again.

The troll-team decided to do otherwise...eventually hounding Madlands off twitter before I got back. Yeah yeah; stick to the story; there's a good troll. Prick.

This is what got me dragged into the whole 'team outlaw' fracas of which he is a part of. Actually it is 'team Spiv'.

At this point, I had not said boo to a goose on twitter, so it was an immediate surprise when I found myself subject to increasingly vicious attacks via very specific accounts. Lying twat. Trolls don't get attacked. This provided more data, and another addition of another anomaly – revealing a cohesive team of trolls which includes him.

Since this time, I have had to modify my online persona, and my Self, to try and keep pace with the assaults that I have endured by the [Poulton-named](#), so-called, '[team outlaw](#)' (hereafter in this page to be called 'troll-team'). **Sonia Poulton is his partner in crime. They and the 'Outlaw' Jimmy Troll serve Sir Spiv.**

In this time, I have had my apparent address published, along with a photo of my mug, with descriptions of me in many many hate blogs as a rapist, etc. **But it's all just a game to Adey and his troll twitter mates. The bullying and threats that he and his nasty gang dish out to genuine CSA victims and other victims/real truth soldiers is not a fucking game. When they started to try and involve my kids, I had to leave twitter again. That's what all these lying troll fuckwads say. By joves they should not be making light of this; they should thank their lucky stars that their kids are **not** being targeted.**

I did what I could to 'spread the word' about the troll-team, soon finding people who could help me, but still taking knocks from many sides, getting a cold silence from others.

– Then there came a time when @twitter support got its act together and bounced almost all of the troll-team off twitter... the [outlaw account](#), most of his dozens of socks accounts, and some of his 'team' were booted off twitter – permanently, or so we thought. **Seriously, just this handful of paragraphs from one page of Adey's blog and I feel nauseated. This guy really does take the biscuit in the bullshit department.**

What brought me back were the revelations on the [Spivey blog](#) about elements of the troll-team already largely chased out of twitter.

This made me realise that there was an iron somewhere that needed something striking on it." **Any so-called warrior against prominent paedophiles who *doesn't* expose the king of gutter sewer rats Chris Spivey for the vile treacherous animal that he is ... is a rat-bastard him/her self. It really makes no difference whether you actively support a monster like Spiv or you remain neutral about such people – if you choose to remain on the fence you are supporting the enemy i.e. the slave masters. The only thing necessary for the triumph of evil is for good men to do nothing - Edmund Burke. Likewise, if you *pretend* to be opposing someone – as these Spiveyites do - in their bitch fights with each other – you are serving Satan.**

We *have* to take on the evildoers – the cointelpros, the corrupt and the criminal; in short, the Brotherhood of the Snake  
<https://www.youtube.com/watch?v=brthBTvvBCc> Yes it takes courage;

yes you have to be bold, and you have to be prepared to take whatever flak comes your way – and trust me, it is *relentless* and you will get pushed to breaking point. But it is an absolutely necessary struggle. Nothing else matters.

I have this argument frequently with my own kids – if we do not fight for freedom, there is no future.

Adeybob *supports* Spiv [and Darren Laverty]; see his comment here <https://www.youtube.com/watch?v=9HWYGt1DUuM> I quote some of it: “That parasite is well described as like a rust on the 'net...though I reckon he's better described as a semi-localised scabies infection. I have personally watched him and his team of (often brainless (no offense)(smiley face)) followers attack people until they get shouted down, or just leave the 'net for good. I have watched that complete w@nker, Jones, **groom people and insinuate his sh!tty little way into a thousand lives...and then I have watched him wind them up and have then had to watch, often helplessly, as they either get used as tools, as they get sucked in and fire off at Jones' imagined 'enemies', or as they get themselves added to the list of 'enemies' when they refuse to play along with his sickoid games. I note, alarmingly, that he has done much to destroy efforts to coherently protest about CSA (Child Sexual Abuse) - on the interwebs - his methods are very well documented; the whisper campaigns spread via DM, the way a lie about an individual is batted around him and his (usually self-created) buddies until the lie is considered truth by casual onlookers...crikey, it goes on and on, the list of methods used by Jones to try and crack people....you have no idea of the number of disgusting blogs that this looney has set up - I know, because I have personally helped to shut a number of them down. I called this Jones character out as a damaging thug a couple of years ago, and it got me labelled as a nut at the time...when I got around to calling him a fed-paid paedoprotecting NARK not long after, I got into trouble with people calling me a sh!t-stirrer and all-sorts. Well done for Spivey for calling him out as a nark as well, EVENTUALLY (more about him in a sec) Anyways...I watched as Jones and his freakazoid team surrounded people...Poulton (more about her in a sec), spivey, Icke, Gojam, Pride, and many others - I watched them variously either get sucked in, used as tools, or mercilessly attacked. Pride got trolled for months - Poulton is and always will be a tool (more about her in a sec) - Icke got his TPV dream ultimately blown out of the water by 'TeamOutlaw' - **Gojam, a prominent anti-csa blogger of great merit and integrity!!!**...he battled these b@stards and**

helped expose them in the first place, and boy have they let him know it since - **but Spivey...he put the icing on the cake. When Jones bagged Spivey, he must have been dancing around for weeks like a bent-up and twisted little rumpelstiltskin.** When Spivey started to employ chimps, Jones got a protector, and got some real kudos with his own acolytes and followers. **Jones leached off Spiv for far too long - long after Jones himself was exposed (with proof) as a nasty git.** Ten out of ten for being an aggravating bastard to the worst elements of the powers that be, Spivey, but minus several fu@king MILLION for observation of crap under your own bleedin' nose. But you're wrong Darren. **Jones is not just a nut. The level of organisation he has exhibited goes too far for a lone nutter with a grudge. I don't know what the hell anyone, claiming to be even vaguely human, would have to do with systematically trying to destroy the efforts of good people to protest about high-level-coverup CSA, but I know it takes coin to make people do stuff like that...coin or blackmail.** Jones himself is a twisted little pull-through of average intelligence; but it is always forgot that **Jones is just a scab of a figurehead on a very effective team - this team has successfully taken down key people time and again, while managing to make everyone think it was just a spat between campaigners** (as for the label of 'campaigner' being applied to Jones...pfft, what nonsense...what has that eejit ever campaigned about, except b@llocks like Rhesus blood and other complete BS?). He sucked everyone in, and it wasn't down to his scintillating personality...**he was created. He is nothing more than a mediocre writer who is bigged-up by morons and his own 'team'. As you yourself said, his blog is full of plagiarism...no substance...in short, cr@ppy- so why the appeal?** Yet, his team are permanently running interference for him - using straw-man arguments to put off questioning, permanently lifting his balls with compliments, **and resorting to outright trolling of ANYONE who deeply questions him or his motives.** I can't let this go without mentioning Jan...that woman is a cantankerous battle-axe for sure, **but she has a heart of real gold. Her only aim and real pleasure is her family, and her want to help others,!!!** and that Jones person and his 'team' made her life an absolute hell - for that alone, Jones should be vilified - but right now, I hope that Jones is cowering under his table watching the tsunami of cr@p that is going to hit him, wherever it is coming from.” **Just the fact that Adey supports Spivey hammers a huge nail in his credibility coffin. That he's friendly with the Lavatory as well drives the nail further in. Spiv of course is friends with Adeybob and re-blogs his posts <http://chrisspivey.org/trolls-small-in-everyway/#more-26478> Birds of a feather ...**

Is it stating the obvious when I say that Adeybob is unsurpassed in the 'piss taking bastard' stakes. If he was a genuine CSA survivor and, with that, *serious* about bringing abusers to book, he'd be asking the same questions and raising the issues that I do in my 'AN ELITE PAEDOPHILE RING'

[http://sharonkilby.co.uk/site/AN\\_ELITE\\_PAEDO\\_RING\\_AND\\_THE\\_ABUSE\\_OF\\_CHILDREN\\_IN\\_THE\\_NORTH\\_WALES\\_CARE\\_SYSTEM.php](http://sharonkilby.co.uk/site/AN_ELITE_PAEDO_RING_AND_THE_ABUSE_OF_CHILDREN_IN_THE_NORTH_WALES_CARE_SYSTEM.php) and 'FIONA OF THE FORGED LETTER'

[http://sharonkilby.co.uk/site/FIONA\\_OF\\_THE\\_FORGED\\_LETTER.php](http://sharonkilby.co.uk/site/FIONA_OF_THE_FORGED_LETTER.php) PDFS. Far from it, in fact mickey taker Adey doesn't have an opinion on anything – bar trolls and Paedobritain. Summed up, his site consists of an in-depth analysis of trolls – something he knows quite a bit about, a load of old phooey about Paedobritain, and a fair few re-bloggs – from fellow skill sites: Needleblog and cathyfox blog. In short he does a lot of blogging – about fuck all. And a lot of his boring old waffle is repeated under different titles – which is another sign said author is a skill. Oh and some of his site titles have links to ... nowhere. [The Lavatory also has numerous repeated articles - on his sister site.] Few people comment on Adey's self-indulgent twaddle; and the ones that do are skills. I'm pretty certain no-one reads his shite – except me ... and possibly one or two other spook observers.

Adeybob, just like all the Spiveytes, finds the time to make *numerous* comments [sometimes several *per post*] on Spiv's site and on Spiv's support sites – Needle, Kev Green, Pride's Purge, The Outlaw, The Slog ... And it is an almost certainty that he and all the other Spiv trolls also comment behind *other* pseudonyms than the ones we know about; also that these pseudonyms change frequently.

You have to ask yourself would a real victim of 'care home' child molestation feel the need to comment under an array of guises? Would a real victim be involved in the disturbing 'game' which is being described in these 'Spiveyte' articles? Would a real victim write articles like these? These articles reveal the aim of the Masonic cabal, which is made up of powerful upper society paedophiles and paedo protectors, who are the real puppet masters behind such articles.

Adey's obsession with 'Paedobritain' makes me wonder if *he* is the actual 'brainchild' behind it. Take a look here <https://adeybob.wordpress.com/2013/07/17/paedobritain-what-doe-is-it-mean-or-the-modern-prometheus/> I copy/paste some paragraphs:

“Fundamentally, the tag is a meme...a means to not so much as express an idea, as much as **it's a way to plant a seed in the mind of the person who receives it.** Why would we need a seed when we have already been provided with an abundance of 'care home' horror via the mainstream media [and via Scallywag mag - for those of us who are a bit more *aware* than the rest.] The fact that this tag needs little description of what it describes, is a testament to it's innate power as a meme. **We don't need a tag for that.**

On the next level, the tag describes the inertia of the opinion of the public **the public are not inert; they are sinking in a sea of MSM/AM misinformation and disinformation – courtesy of toxic trolls like Adey** and the sweaty efforts of those in power to keep the truth of child abuses covered up; it describes the country **where paedophiles and their apologists find it relatively easy to make the whole system work in their favour.** **All thanks to trolls like Adey and their poisonous pens.**

It describes the country where **99 out of a hundred adults have been affected by childhood sex abuse in some way** **that's almost everyone then, and if true, absolutely shocking** – whether directly or not, but are ashamed to talk about it – let alone challenge their government's twisted efforts to make the lie of coverups and poor judicial process the truth. It describes an unremembered place where far too many UK families have a covered-up 'family secret' that is slowly eating the family from the inside-out, generation by generation.

**The ONLY prerequisite to using the tag, is that the person using it is genuinely concerned about the welfare of UK kids,** **that coming from a dirty despicable troll who is in cahoots with a core group of Spiveyite filth to protect paedophiles in power** and see's a coverup in process by government institutions, cops, ministers, judges, Special Advisers, public-image firms, newspapers like the Daily Fail, et-bloody-cetera.

**Everyone who hasn't written to an MP in some way, who hasn't signed some kind of concerned petition, everyone who hasn't informed themselves, and everyone who thinks it's too horrible to be true should hang their heads in shame.** And THEN they should DO SUMMAT.

**Genuine victims have written to MPs, and signed petitions; only to learn that these tools are owned and controlled by the same powers who rape children. Trolls like Adey won't be hanging their heads in shame, they themselves will be hanging – from a nearby tree - when the collective mind is fully aware of the grand deception; without which these powerful paedophiles would have no protection.**

The tag is not going to stop being what it is...so tough bollocks if it imposes on your tennis because it calls Cliff Richard a nonce, and it's REALLY tough cheese if someone uses it that you don't like.

Get over yourself and get over it.

Kids didn't like getting abused, and they certainly didn't like the idea of being called liars, fantasists, wound-collectors and abuse-jockeys by cowardly anonymous morons later in life...but life, as they say, is a bitch. In truth, all we can do with the #paedoBritain tag, is try and control it. This is the intent of any kind of opposition to the tag, as well. It's a juggernaut, either way. **Anonymous or not, ALL you shills/trolls/fake 'victims' are cowardly morons.**

No, the #PaedoBritain tag is one that voices can only be added to...it's intention and moral standing!!! are unassailable, sure, if directed by the just; but it's unstoppable, all the same – like an engulfing tsunami gathering pace...jumping from mind to mind.

It can blend all the voices into one coherent shout, and could give rise to one single idea...an idea that will stop you disgusting trolls dead in your tracks and bring you all - and the unimaginable scumbag paedophiles that you protect - to justice

Child abuse has to stop, and government should listen to our demands about the coverups about CSA ending, or it should be seen as derelict and dismantled.” Yeah like they're gonna listen to our demands.

Dismantled? Adey means revolution, which means more of the same Masonic paedophiles in power. Prick.

Here's some more piffle and plain lies. I copy/paste snippets from <https://adeybob.wordpress.com/2015/04/29/anonarbiter-the-story-of-a-sock-looking-for-a-tipping-point/>

“When I came back and had healed enough to be able to have a good look around twitter, piss taking wanker I realised that things were actually going well, the troll-team plaguing the CSA debate – particularly #paedobritain – had been all-but destroyed, troll team plaguing paedobritain – that's a gem. What a helluva fuckin imagination these twats have. As for the 'CSA debate', there is no bloody debate; there are numerous CSA survivors determined that the truth be told and that the perps and their enablers receive their just rewards and there were more and more Anonymous groups not only asking very good questions about CSA coverups, but also appearing to be mounting their own investigations via @opdeathaters, etc (I discount some of the early Operations as being too focused on particular areas of abuse,

rather than the Whole). From my experience of Anon, I can only say that not ALL of them are persona-obsessed dick-heads, I promise.

In this way, I plan to separate my, more human, L.O.L persona, from the cold calculating **manipulating, devious, dangerous non-person I am** have had to become, **since I decided I would rather go down in flames, than watch good people getting their human rights to speak stepped-over by 'people' ... 'people' rather more concerned with taking coin, than helping to save kids from abuse.** **Blatant barefaced liar.**

For the record, I have never really fancied the hassle of being part of the Anonymous movement ...I have always been more suited to peripheral support ...**but the lessons I learned from the experience have shaped how I use security on the interwebs – in fact, I urge you all to use a VPN, and to use air-gap logic for passwords, etc, particularly when making comments on blogs.** **All that is a distraction. It matters not a jot about passwords/anonymity when commenting. Only trolls care about such things, because their deeds are dark – they have to remain anonymous or they cannot function.** Besides, the '**dox**' visited on me by one troll-team member would have destroyed the ability of anyone to be Anonymous anyway – doxxed as I was – and despite the fact that **said troll-team had already published a picture of my uggerly mug,** etc already. **Adrian, your whole being is ugly. I don't know why you're so smug. I can promise you, you won't be feeling so full-of-yourself when the public and your own family know what you're really up to.** As you will note, as most likely you already have, intelligence is not the main strength of uncommonly-forward trolls.”

And now, Adeybob speaks with some authority when he says: A TROLL SHEDS SOME LIGHT ON THE WORLD OF INTERNET FAKE PERSONAS

<http://kevingreen1950.wordpress.com/in-adeybobs-own-words/> See also <https://adeybob.wordpress.com/2015/05/04/survivalguide-for-the-mccann-debate-on-twitter/> to 'know your troll'.

“Looking at RJJ **Jones** & driftwood's **Lavatory** twitt **he got that bit right** accounts with this blog in mind, it's easy to see the **obvious use of dummy accounts, and accounts of obvious accomplices, to create the illusion of support for these two individuals.** Their machinations are clear to see, when you realise that **their only apparent reason for existence, now, is to disrupt any fledgling attempts to create a serious movement to raise awareness of the systematic coverup of the horrendous abuses to children in 70-80's care homes.**

If one cares to look, it's clear that the RJJ account has repeatedly insinuated itself into the, often personal, spheres of an intended victim, only to 'part' angrily with them over some matter, spewing accusations and entreaties – which are then **batted between the dummy accounts, the mfokate/janerussell accounts, and driftwood**...if any dissent of this treatment is exhibited by the target, **then the RJJ account pitifully cries foul while the dummies take turns to give the ironically false impression that the RJJ account stands alone against a torrent of lies and falsehoods** against him. Ridiculous stuff, childish even, but it **works to fudge issues and exactly what started what.**

When analysed, **this divisive Twitter-ring** shows more subtle permutations in the areas of **information dissemination and coordination**; the main three accounts are RJJ, driftwood and janerussell **Jane Russell is Jimmy Jones** – with possibly one other female account...the rest are termed as 'sock puppet' accounts; and they are as described: **the RJJ account uses socks that are usually seemingly suave and reasonable to moderate enquiries...there are around 4.**

The driftwood account is usually less articulate, and relies on short, angry exchanges – the sock @deadkeneneddie is a marvellous example of how erudite this account CAN be tho, **when it isn't just batting for the RJJ account against the latest victim with varying degrees of vitriol.** The Mfo/janerussells account is much more interesting, with a higher **level of perceived separation from its various sock guises. I sincerely hope that this one is either educated in psychology, or is getting some serious support from a shrink,** **note the use of humour to play down the disgusting and horrendous reality of child sexual abuse** because the sock accounts only show similarity when they're either stroking the apparently real ego of the RJJ account, **or when the account in one of its various guises is actually being nice, for once.** I think perhaps, that **the various peripheral socks operated by this account** are controlled by two females.

This trolling Twitter-ring has shown that it can be dynamic, also; **when police were actually called** **that may or may not be true.** **Even if there was some police documentation published to prove it, it does not mean that police were actually involved.** Often it is just for appearances, for believability. Remember, these Spiveyite super trolls are past masters in manipulation and deception with their unsubstantiated stories and spin. Their aim is to keep the awakening populace in a state of confusion and under their control.

Letters from police or any authority, such as social services; or even letters from solicitors can be produced if and when required because these bodies are all controlled by the same Masonic cabal that control the trolls and all cointelpro agents ... and pretty much everything else. In fact letters or other documentation can be produced if required by any area of authority [in the government or private sector], including within the 'justice' system, media, NHS etc etc in relation to anyone – a member of the public or a cointel agent. That's how corrupt society is; that's how the ruling elite - the Masonic hierarchy - have it all sewn up; that's why we - Joe Public - haven't figured it out yet, and therefore cannot challenge it, despite having free speech and access to an abundance of information on the WWW. Of course the Masons have to be careful that they don't get too cocky, so as to make the corruption too obvious ... they work in very clever subtle ways.

See my 'JANETTE SCHARENBERG' PDF

[http://sharonkilby.co.uk/site/JANETTE\\_SCHARENBERG.php](http://sharonkilby.co.uk/site/JANETTE_SCHARENBERG.php) for an example, whereby she publishes an exchange she had with police re twitter abuse. That was to make her look genuine. The casual observer would believe her to be the poor little victim, suffering troll abuse.

Another example of how freemasonry works is in the Spivey 'illegal' arrests story – see my comments under Tom's videos

<https://www.youtube.com/watch?v=3H3UyuMdzEs>

<https://www.youtube.com/watch?v=9JRFhbbKawl>

Contrast that with how the Masonic controlled authorities worked against the genuine victims of CSA within the 'care' system. That was in order to protect high society paedophiles. See how all the so-called inquiries have also failed the victims. That too is because of the influence of freemasonry.

Have a read of my story to see how freemasonry worked against me

[http://sharonkilby.co.uk/site/SHARON\\_ANN\\_KILBYS\\_STORY.php](http://sharonkilby.co.uk/site/SHARON_ANN_KILBYS_STORY.php)

after one particular prolonged attack on individuals on Twitter, this group found itself with two of its members permanently excluded from Twitter, the solution? **They simply made new similar names and started right back up again**, this is reinforcing the point that **trolls will always find a way to target and neutralise/silence real victims** stating that they were hacked..from this we can infer that the accounts mfokate and RJJ's were 'real'...

...on another occasion, the janerussell account was suspended for some days; when it came back, it stated that it had been hacked... **I can convincingly argue that this account was found out to be a sock account used to harass/intimidate others**, here's confirmation that Jane Russell is Jimmy's sock ... and the people being harassed and intimidated by Jimmy's sock Jane are the **genuine victims/genuine** corruption busters and seekers of truth and was suspended following a complaint/investigation **note the vagueness and unsubstantiation – the puppet operator – katemfo –** so if Katemfo operates Jane Russell, that means Katemfo is another of Jimmy's socks. Notice Adey doesn't let on then was required to email Twitter with a **valid explanation why two accounts were being operated from the same ip address.**

All **very cloak and dagger**, some have said...why such drama, ask others. Yet, while these commentators guffaw and qualify **disinformation** with their casual use of the RT, this **divisive** Twitter-ring uses ever-increasingly-**intimidatory** tactics to throw **baseless accusations, make direct violent threats** and publish personal particulars about the identities of individuals...to the point where actual photos of people's faces and addresses to their homes are used, along with specific instructions **as to what kind of intimidation/violence will be meted out.** These are all veiled threats to genuine CSA victims. The message is being sent loud and clear to genuine victims [and not just victims of toff paedos, but to all victims of the Masonic controlled establishment] that they'd better STFU and go away unless they want bad things to come their way.

...  
**...and now, they are waiting to get back to their original mission, to mess with messham's head until he becomes less than a living reminder of the horrors visited on our precious, most vulnerable children, by VIP paedophile monsters...and the fetid smell of the coverup that far too many govts made of the suppression/killing of any enquiries.**

Its about time that **the issues raised by this blog were finally brought to the fore in an articulate, measured way.** **That is in hand.**

**Pls feel welcome to use my words in any way seen fit,** in order to end this shame visited on every person who saw what was going on, yet did nothing." **You can rest assured Adrian that I will use your words in a very fitting way.** By the time I've finished, you are going to seriously

regret saying them – they'll be coming back to bite you so hard on the ass.

Adey again: "Who ARE these trolls? Why would ANYONE oppose people's efforts to blow the lid off coverups of KNOWN child physical torture/abuse and CSA...abuses found in far too many institutions associated with vulnerable kids?"

Angry right-wing Anglophile tourist-board fanatics?

People with a personal grudges?

Bored people with nothing better to do?

Do me a favour.

The only people to gain from the lid staying firmly on the coverups, are the abusers:

\*those who perpetrated the abuse

\*those who covered it up

\*those who knew it was happening but chose to ignore it, despite having the power to make the truth known.

This list includes every person who decided that they could buy a vulnerable kid for sex, every person who has sex images of kids on their computers.

This list covers almost all of our governmental matrix as regards vulnerable kids.

All of these groups have got a lot to lose if the truth gets out...but there is one group which is in some ways worse than all of the above...

...those who get PAID to stop the truth getting out. The Lackeys.

The Narks. The 'Special Advisors'... the NWO gatekeepers - warped excuses for humanity. And that includes you Adrian McCormack.

The same ones who were 'just following orders' in Belsen, in Aushwitz, for Stalin, for Ceauşescu...those moral mercenaries that are always willing to put aside their humanity for the sake of personal gain. Just like you follow orders from your Masonic handler; eh Adrian. What rewards do you get for loyal service to Freemasonry, Adrian???

This link : <http://disinfounmasked.wordpress.com/30-pieces-of-silver/> is a current blog written by the scum who patrol the internet and try and stop the truth about government coverups of CSA from getting out.

Anyway. you can take everything the blog I linked says about disinformation and point it straight at the people who are paid to look after the interests of those that pay them. That'll be you too then Adrian, ya feckin hypocrite. The trolling emanating from the Rhoeyden account Not the Royden *account*. Royden James Jones – Jimmy Jones, better known as Jane Russell, is a *real* person. I should know; the prick has decided to troll me too has from day one told anyone that cares to look, **EXACTLY what tactics are being employed, and WHO they were used against**. It goes without saying that any assertions about me are unproven, foundless, and are perpetrated by only one account; you guessed it, the Rhoeyden account – but at least these blogs aren't now publishing my address and calling me a paedophile. Royden is only *playing* troll games. I'm not playing; I'm deadly serious in my assertions about you Adrian – and they are proven. I don't know if you are a paedophile, but you are most certainly a paedophile protector; which is just as reprehensible and unforgivable. In future, if in doubt that a blog is written by narks, just see if I'm in there being slagged off. **Fukkin stoopid narcissist prat.**

This fight to expose the narks was not done for personal glory, or out of anger, or, god-forbid, in an attempt to 'cause a fuss'. It was done only to right a wrong...it was done so that those on twitter with the power to get things done could catch a breath and get stuff done while the trolls were being dealt with. **The only thing you've exposed, Adrian, is yourself – as a hypocrite of the highest order. The trolls are not being dealt with; you're living proof of that. And, Adrian, you do not know right from wrong.**

You know, so that the movers and shakers could pull their collective thumb out of their ass and DO SUMMAT USEFUL...hopefully by organising a coherent protest in some way with ANY appropriate tag. It wasn't done so that the troll-fighters could rise from the ashes, as it were, and run the #paedoBritain tag.” **Adrian, get it into your head, we *real* opposition to 'V.I.P' paedophiles will not be *protesting* – you don't protest to criminals; we're coming after you and your overseer Sir Chris Spivey and the rest of his filthy stupid degenerate scum trolls. Once you fukkers are taken care of, the rest will take care of itself.**

In the following article Adey kindly lets us into the inner workings of how trolls operate – and most importantly, how we victims of these little bastards can combat them

<https://adeybob.wordpress.com/2013/12/11/your-trolls-and-you-identify-and-neuter-them/>

He says: “If you’re really unfortunate, my little list above may well be a succinct description of your online life. If that’s the case, then you have my full sympathies and understanding...after all, the entire list has been thrown at me in the past. Believe me, it’s not pleasant. In fact, this whole piece is **based on my own experiences of being abused by these scumbags**. Lying bastard. First of all he pretends that he grew up in ‘care’, and that he suffered CSA in ‘care’, and now he’s pretending to be a victim of trolls. He, like all Spiv’s spooks [or any spook for that matter] is beyond contemptible.

At the end of the day, the abuses I’ve described above can be put on you by two types of perpetrator...the casual abuser or the organised one. Both are, these days, called **trolls**.

The organised troll is a different kettle of fish – entirely. They have only one objective; **TO VIOLATE AND DESTROY YOU**. They, for whatever reason, want you gone.

... as they single you out one by one and destroy you.

the casual observer – almost without exception, this type of troll doesn’t even realise that they are lending support to troll teams. Consisting of normal people that are bereft of salient facts, this classification of troll is possibly the most damaging – and is **definitely** the most important character in any abuse perpetuated against you. The troll team abusing you cannot exist without them. In fact, the casual observer can be seen as the link in the chain that all sides need to convince. One way to create a troll out of a casual observer is for the trolls to make lots of ‘poor me’ comments, hoping that a casual observer will see – once ‘sucked in’, the casual observer is usually asked to partake in private communications and is soon furnished with enough ‘facts’ from the trolls to make YOU appear to be the bad guy. Other ways to attract these types is for the trolls to wind up one of your group until they ‘snap’ and issue some kind of threat...this threat is then communicated to outsiders who then in turn will tend to attack the poor sod who was trolled in the first place. This has happened to myself several times...with a notable example being the time **a reporter called my home to verbally abuse me** on the say-so of a troll-team, figure-headed by an account that had been booted off twitter several times already for using sock accounts to horribly abuse people. As if a genuine reporter would call you and hurl a load of abuse down your phone. Fucking wanker. He’s talking about fellow troll team player Sonia Poulton. This is what he says about her [here](https://kevingreen1950.wordpress.com/2013/05/08/sue-me-an-) <https://kevingreen1950.wordpress.com/2013/05/08/sue-me-an->

[open-response-to-the-lupethelupe-blog/](#) “Minutes later, our very own Royden actually called me. And FREAKED. And then he freaked a bit more. And then, mid-freak, I heard someone wrestling the phone off him. You’d think the gallant troll buster Adey would be covertly recording such drama – you know, as evidence. And that’s when she started talking. It sounded like Sonia Poulton... but without the moustache...or the potty mouth.

... but this one didn’t declare her name/number, and started to very calmly ask me pointed questions about my date of birth, and what info I actually had on our good old outlaw. Bwa ha ha ha ha ... what a chump this Adrian McCormack is.

I was quite surprised that she could only manage 5 minutes before SHE started screaming at me. How rude! I was in the process of asking if she or the obviously incensed Royden needed a lovely big phone hug, when the TWO of them started trying to shout down the line at the same time. Can you believe the shite these piss taking bastards come out with. They’re really taking us for fukkin retards, folks. I was asking them if they ever entertained Jehovah’s witnesses in the house, I believe, when the phone went clunk! and seemed to drop on a laminated floor...and the line went dead.

The last words I heard were, “...they don’t @\$ing DRINK TEA!!!” Oh puleeze.

Anyway...here below is the thingy I wrote that caused such an apparently apoplectic response.

Be sure...it contains enough libel to get me banged up. STFU Adey, you narcissistic self aggrandizing idiot. In fact, I am told that I have to state that Kevin had nothing to do with me writing this, or anything to do with its publication. Who told you to say that Adrian??? ‘Kevin’ doesn’t even exist. ‘Kevin’ is a pseudonym for a Masonic created and managed pro paedophile spoof blog, whereby you Adrian, and your fellow filthy troll gang, spread your bile and vitriol and poisonous black propaganda, whilst pretending to be on the side of the CSA victims.

In fact, if I’m not sued, then what I have written can be considered the truth. For a minute there I thought I was reading a post by Lord Spivey himself. See ‘Why Shills say sue me’

[http://sharonkilby.co.uk/site/Why\\_Shills\\_say\\_sue\\_me.php](http://sharonkilby.co.uk/site/Why_Shills_say_sue_me.php)

With that in mind...why wasn’t it posted? Suffice to say, I don’t expect any action from any authority or person...especially Sonia bloody Poulton.

Because I know where Sonia got my phone number from if she knows your number, it'll be cos you gave it to her, you clown ...and my number is unlisted; in fact, its not even in my name.

I gave it to two people ONLY, apart from my family...both of those people, I love as my siblings, and would trust my life with them. Your life is worthless Adrian. You lost everything when you sold out to the masons. You're a coward and a fool. You're nothing but a pathetic stooge. A beggar on the street stands head and shoulders above you. In fact, I hold these two people in such high esteem, I would have to say that any suggestion that they WILLINGLY GAVE my personal details to someone, would constitute a class-action for serious slander/libel – someone slap this idiot, ffs which a number of #survivors have assured me they would fund, should it come to that. Name them – not your fellow trolls – *real* survivors, you lying wanking piece of shit.

I made it known, an age ago it seems, what would happen if you tried to abuse #SURVIVORS any more...and since then, you've proved me right...all you've done is get tossed around like clowns in a minefield, as you mess up again and again as you try to inflict mental suffering on others. You could get away with it before, but not any more...because your effort to destroy people before they get their acts together to protest with bigger/better than #paedobritain, has now reached a tipping point where far too many people see what you are REALLY up to – effectively making your potentially embarrassing operation non-viable. And a helluva lot more will soon be seeing what YOU Adrian McCormack and the other stinking Spiv trolls are REALLY up to. Remember...Pallial still awaits.

You lot are scuppered. There are now approximately 15 lines of enquiry with who? the pretend police? that are tracing links back to your Troll-team as I write, and from there, to your morlock paymasters.

Everything I have done to Twitter so far has been done on an old smartfone...if your disruptive efforts don't stop, I'm going to actually turn my hated PC on, and use it. Ooh, scary! Dickhead.

PS, tell Sonia to call me and apologise that's not something a genuine person would say to a troll. Can you imagine me telling my little troll Jimbo to cease and desist ... and apologise!!! ...she's got my number already...GOD knows where from. With any luck, I might be able to help her hold onto a literal scrap of journalistic integrity. She has no integrity.

In any case since ALL journos are beholden to the higher Masonic powers, they are ALL serving the NWO agenda. Anyone decent enough to genuinely try and lift the lid on perverts in powerful positions are dealt with one way or the other – they get set up, stitched up, smeared,

ridiculed, discredited, demonized, neutralised, manipulated out or silenced some other way [look what happened to Jill Dando.]

Otherwise, I'm going to the PCC, genuine victims know that the PCC do sweet fuck all - they protect the police and they'll open her up like a nearsighted ripe cantaloupe what an imagination this Adey loon has got!. Tell her she's got until midnight tomorrow.

Well, there it is. I have posted it to lupe's blog twice, AND another one calling them 'pussays'.

I know what caused the melt-down...and it wasn't just a bit of libel. Do you?

PS...this is my third attempt at public writing, I've had no formal education since I was 15, and I barely know how to use WordPress.

...if you want any pointers on how to write with any kind of skill, whilst showing journalistic ability and principles, then let me know, Sonia...when you call my home phone to beg for ask my permission to apologise to me. Who does this prick think he's kidding?! Or better still, ask @ThomasPride.

Back to 'Your trolls and you':

Such people are diamonds, and will often cleave to you once the real truth becomes apparent; and believe me, the truth always comes out (Adey)\* yes it does – and I wouldn't want to be in your shoes when it does, Adey.

Easy...your trolls are ultimately stupid, remember this, no matter how well they're organised. They are made stupid by their desire to destroy you and by their need to gain credibility. This means they will make mistake after mistake in their relentless pursuit. If you're doing as they want, and are in-fighting, or are made so miserable that you get triggered just by looking at their timelines/posts...then you will never see the opportunities that will present themselves. You need to be YOU. This tells the trolls that they're not reaching you...believe me, I've seen trolls foaming at the mouth because they can't see the effects of their abuse. Be you, be normal, carry on protesting, get organised. I must be doing something right cos I've had a number of these

operatives – trolls, shills, fake ‘victims’ [they’re all the same to me] - trying to mess with my head, bully me and steer me off course; but they haven’t succeeded. I’ll just carry on being me then. Good advice Ade. Thanks for that.

Many will tell you to just block and ignore...yeah, that ain’t gonna work. Not against an organised group of trolls.

Find the trolls, hunt them out...let others know, and then isolate your abusers. By doing this, your trolls will most-likely go to greater and greater lengths to abuse you. When they do this, they will leave themselves open to correctly targeted complaints to the right authorities. Do that enough times, and your trolls are well and truly nailed.”

Except Adey refrains from telling you that the ‘right authorities’ are controlled by the same people as the trolls i.e. high level masons. Therefore genuine victims of trolls will NEVER get any assistance from any authority.

Reading these troll blogs and comments with a critical mind, rather than a trusting one [as I used to have, back in my naive days], it scares the hell out of me to think that I too was at one time, before my light bulb true awakening moment – HALLELUJAH - taken in by these Billy bullshitting turdbags.

Have a look here for more bullshitification from this tweeting twit troll extraordinaire <https://adeybob.wordpress.com/2014/01/07/trollwatch-howwhy-were-psychonormajasonvorheesme-banned-from-twitter/> I really am losing the will to live!

On this link Adey wants us to sign: ‘A petition to ‘[Review the decision not to prosecute greville janner](#)’ on the site [change.org](#)’ <https://adeybob.wordpress.com/2015/04/30/janner-the-petition-a-comment-on-the-validity-of-the-cps/> Signing a petition is like rearranging deckchairs on the Titanic; or voting a party into Government. It achieves NOWT. 38 Degrees, change.org etc are run by the same Masonic authority that protect the high powered paedophilia network.

And now, a quick look at Adeybob’s FB <https://www.facebook.com/Adeybob> On his timeline we see that he endorses - Maggie Tuttle, Anonymous and this shill site <http://inspired.akg.com/entries/20bdd070-1f45-11e4-b087-bc764e083c07> which promotes the message: ‘Legalized child abduction’. It states: “"Madonna of Our Time" was inspired by the video 'UK. Roberts family under attack of the social workers!' <http://>

vimeo.com/97371185

**Institutionalized/foster children lose identity and security, become vulnerable to abuse by heartless strangers.**

**Are we building a cruel merciless society, which disregards mother's tears? Could such society be called civilized?"**

Here is the accompanying filthy black propaganda video entitled:

"Legalized Child Abduction" by Albina Kumirova (rotating painting/installation)' <https://www.youtube.com/watch?v=ESCU8rrSntM>

The blurb is:

"The film questions social services' and family courts' practices of removing the children from the family settings, traumatizing and damaging children more than they would have been with imperfect parents. The unprecedented attack on mothers and children by authorities aims to destroy the child's identity and security, making them institutionalized in the globalized New World Order. This facilitates the state to manipulate and control humans. Officials are portrayed as homogeneous, without personality - no eyes to see the horrific things they do and no mouths to protest against their superiors. They act as tools of the system, bio-robots incapable of compassion and care. I call these creatures mallet-heads. The child becomes only means for living for authorities.

This is witch-hunting in XXI century.

In criminal courts you are innocent until you are proven guilty.

In family courts you are guilty until you are proven innocent.

When punishing parents, even well-meaning professionals damage children ripping a hole in child's soul. This enfold hosts of problems in future for the children, as they become more susceptible to harmful addictions and traumas. Now children are under a threat of being taken away even before the child even born. The world becomes dangerous for mothers and children. For professionals your child is only a case number, statistics, and means for their living, while for you the child is the whole world and for the child you are the whole world.

Baby P case was used to manipulate public's opinion giving more rights to authorities. Children trapped into family safeguarding services experience abominable abuse in institutions/foster care. Many run away. Some die, but why media isn't interested ?

Where children disappear from councils' accounts? What happens to children in the secret system with no public accountability? Are children used for pedophile and satanic practices? Medical experimentation? Chip implantation?

Isn't it better instead of spending billions of pounds, which are now wasted on destabilizing and destroying families, to invest into families as

a most important cells of the society?” So who is this Roberts family who are ‘under attack of Social Workers’? Well, they are Paul and Asha Roberts. This is the spin <http://turtaniat.blogspot.co.uk/2013/04/what-paul-roberts-told-me.html> The *selective* documentation provided is here <https://www.facebook.com/media/set/?set=a.173287389492966.1073741825.105357006286005&type=3> Once again there is nothing to support this story of *forced adoption*. From the documentation provided the previous children were removed due to neglect. Social Services might have had very good reason to remove the children. If that’s the case, they were duty bound to be concerned about the unborn baby. Quite a bit of documentation is published to *support the spun story*, **why don’t they publish the Social Services/Cafcass reports, whereby we might learn a bit of truth about these parents?**
