

CORRUPTION, GREED AND THE NEW WORLD ORDER

The world we live in: "Just look at us. Everything is backwards. Everything is upside down. Doctors destroy health, lawyers destroy justice, universities destroy knowledge, governments destroy freedom, the major media destroy information, and religion destroys spirituality."
Michael Ellner.

The **Confederacy of Evil** is changing the world in such ways that if it were successful would bring terror, death and enslavement to the people of the world. Moreover, gentle reader, the great tragedy is that the vast majority are wholly ignorant of it. They are ignorant of the massively conceived and executed conspiracy to **enslave them in a Global Empire** whose evil nature would make pale the horrors of the **Bolshevik** and Nazi empires. The mass of people are wholly ignorant of the ancient plan, the **blueprint**, the ancient agenda, which has been unfolding in the **Arena of History** for over five thousand years. They are wholly ignorant of the **Ancient Plan to Transform Society**, the five thousand year old **Luciferian Conspiracy for World Government** often called the **New World Order**. Moreover, they do not understand that this **Sinister Plot to Change the World** has been **orchestrated** by a very few men: the leaders of the **Confederacy of Evil** who are the **ancient Luciferian Priesthood** who can claim an ancient lineage of service to Evil going far back in history, back before recorded history began.

The aim of this ancient plan, this blueprint, is the creation of a global empire that has been called various things by different people, but it is usually referred to as the **New World Order**. That is, the age-old conspiracy to destroy the **"Old Order"** and replace it with a **"New Order."** They want to destroy **Western Christian Civilisation** and replace it with a new civilisation in their own image. They want to destroy **Natural Moral Order on Earth** set in place by the supreme **Will of God** and erect on order according to the precepts of **Evil**. In other words, they seek to destroy all sovereign nations all sense of nationalism and eradicate the concepts of race, family, private property and wipe away all freedom of movement, thought and speech. They seek to destroy **Western Christian Civilisation** predicated upon the religious impulse and **Moral Order** called Christianity. In short: they want to **destroy Christianity** and *eradicate all human liberty and freedom from the face of the*

Earth. http://www.overlordsofchaos.com/html/the_conspiracy.html See also <http://www.michaeljournal.org/articles/world-government/item/a-history-of-the-new-world-order-part-i?/nwo1.htm>

The following contains facts, information obtained from various sources such as TV and Radio documentaries, news programmes, et cetera which can be read on the website links mentioned. Also listed here are future predictions of which many people believe will come true unless we make a stand. None of us can be sure about what the future holds but judging by events happening around the world today and by those of the yesterdays, growing numbers of us believe that there *is* a worldwide conspiracy of deception to enrich and empower the few whilst the majority of the rest of us are doomed. For example, the Multinational companies have a monopoly on the world, are more powerful than ever and are gaining more power daily. We can see social order breakdown: more and more people are losing their jobs, the gap between rich and poor is wider than ever, poverty is raging, more people are addicted to drink and drugs, crime is out of control, families are divided, increasing numbers of children are uneducated, porn and prostitution are rampant, nations are spiritually and morally bankrupt and institutions/organisations worldwide reek of a corrupt stench. Racism is endemic. In debt-ridden countries, people are ruled by an iron-fisted dictatorship that allows no complaints. There is massive degradation, unrest and uprisings on a scale never seen before. Malnutrition, Aids and other disease have reached epidemic proportions. In my opinion the writing is on the wall. Of course some [those who are in on the plan] will deny that historical events: wars, uprisings, gang warfare et cetera were created and stage managed, and that what is going on around us now is a highly-artificial creation, which can be traced back to and pinned on the calculated, callous and deliberate actions of the obscenely wealthy few. The dirty, verminous creatures would have us believe that events and movements are spontaneous. However, we have to be suspicious when the priorities for the future of mankind are being considered by those who have real influence over that future, in total secret.

Alarming reports into horrific child abuse affecting hundreds of children in North Wales children's homes [and other 'homes' throughout the country] spanning twenty years reveals an organised paedophile ring and scandalous efforts of concealment from the highest bodies of society. Social services, councils, police and government are all guilty. Many fear that the practice will never be eradicated. The problem is that child abuse is not tackled where it is really organised – at the very peak of the political, judicial, military and business establishment. So only the small fry are named whilst the

big names stay secret and the mega guilty walk free. The social worker who first blew the whistle was sacked in 1987 for “causing a breakdown in colleague relationships.” In other words, she rocked the boat and told the truth. She bombarded the PM and her MP for years demanding action. She says that the evil is still going on resulting in more misery and death and countless ruined lives. If there were more people around as determined as she, more of the walls of suppression would have fallen by now. Our lives end the day we become silent about things that matter. Even if you are in a minority of one, the truth is still the truth. Organised paedophilia is happening on a global scale that staggers the imagination.

NATO forces face a losing battle trying to keep peace between ethnic groups in and around Kosovo. Russia is guilty of appalling war crimes in Chechnya against *innocent civilians* that break all human rights conventions, yet Robin Cook of the Foreign Office embraced Putin as a man Britain can do business with. The war on Afghanistan was to enable the UK/USA to run an oil pipeline across Afghanistan. Blair sent in thirty five million pounds of missiles into Afghanistan in one night. He has spent over one hundred million pounds so far. Bush spent billions of dollars on the ‘war’ in Afghanistan. Money spent on wars is money stolen from the mouths of babies and children and also from public services. *Panorama* exposed Britain’s dirty war in Northern Ireland. Britain helped known terrorists assassinate enemies of the State. The British Intelligence services colluded with Loyalist death squads in Northern Ireland. *Innocent Catholics* were shot dead. *Innocent Iraqis [mainly women and children]* are sick and dying because of the West’s sanctions against Iraq. John Pilger invited Madeleine Albright and Robin Cook to explain themselves in his moving TV documentary on Iraq but the cowardly hypocrites declined. The only security they have in mind is their own. Some moral crusade! The US and UK also stepped in to ensure that **Saddam Hussein didn’t lose power** when he was seriously challenged, by **selling him** weapons of mass destruction. They then attacked Iraq as part of their post September 11th ‘War on Terrorism’ against countries who are an ‘axis of evil’ because of Iraq’s amassed weapons of mass destruction! Then it turned out that there were no weapons of mass destruction after all. In another documentary and booklet ‘Breaking the silence. Truth and Lies in the war on terror’, John Pilger exposes the real war criminals Bush and Blair and states that they are being exposed as never before. He concludes that there are 2 superpowers – the American regime and public opinion stirring

all over the world.

They decide to go to war willy nilly, as if it was a pretty everyday thing to do; no big deal. Well, it is – to them. They wouldn't be so blasé if they were the ones risking their necks and those of their families. The soldiers who die in wars are drawn from countries' under classes. Soldiers [brave young men] are sent off to war to be slaughtered. Henry Kissinger said after Vietnam, "military men are just stupid animals to be used as pawns in foreign policy." Come on ladies, don't let your sons and partners fight in any more filthy wars. Give those ruling robbers, thieves and liars a bloody nose instead.

It is evident that governments are funding, training and protecting terrorist networks worldwide. This is to further the conspirators' agenda. It is all social engineering and brainwashing; that is experimentation on the people. It is a social phenomena. Gang wars are there to induce insecurity – people feel frightened – it shows our police/justice system is not in charge and cannot control 'terrorism'. It shows that social order is collapsing. Wars are engineered to terrify, demoralise and confuse the people and destabilise countries. We are being fed psychological shocks and stress so that we will docilely follow others without rebelling. This is known as the 'problem-reaction-solution' scenario. A problem is covertly created by those in control. They find someone to blame. They use the Media to stimulate public opinion in relation to the created problem, so that the public cry out "something must be done" at which point the public will accept anything.... as long as something is done. The men in their secret societies get exactly the public reaction intended. They then, in the public arena, offer the solution to the problem that THEY created and get the solution that they wanted all along. They seek to manipulate the masses to fight among themselves while they pull the strings of all 'sides' to a common end agenda.

For example the last thing wanted in Bosnia was an effective UN peacekeeping operation. If it was effective it could be effective in Rwanda and Somalia. If it was effective there would be no problem to solve. So as a result of the UN peacekeeping operation NOT working, there continued to be a problem. It was DESIGNED not to work. The more horrific pictures that came out of Bosnia, the louder came the cry of "something must be done." The solution put forward was, and is, effectively a WORLD ARMY.... the sixty thousand man force.... the biggest multinational force assembled since WW2. The agenda being

the creation of a **world army**.

The conspiracy involves the depopulation of large cities according to the trial-run carried out by the Pol Pot regime in Cambodia. That was evil of epidemic levels. Note that Pol Pot's genocidal plans were drawn up in the USA by one of the Secret Societies the Club of Rome's research foundations. Also note that the Committee of 300 [the ultimate secret society] is presently seeking to reinstate the Pol Pot butchers in Cambodia. *They* are manipulating us in order to make us easier to control; that is to go along with their plans to make slaves of us. They must be under the influence of some thoroughly evil entity.

Let the Committee of 300 tell us the truth about the Bin Laden led attacks on the USA in September 2001. If Al Quida are such a known threat and they are so huge and so organised and so powerful as to be responsible for the carnage inflicted on September 11th, why did we not know about them beforehand? Are the West's intelligence agencies so useless that such an attack couldn't be prevented? Why is this when billions are spent on them? The truth is there was no failure of US Intelligence since their job is to spy on US. Four commercial airliners had to be simultaneously hi-jacked in American air space via American airports and flown into highly specific targets within 45 minutes of each other. How is this possible? Because it was an inside job, orchestrated by forces within the US and planned by the highest levels of US 'Intelligence' in co-ordination with other strands of the Illuminati spider's web worldwide. Lawyer Stanley Hilton, who was Senator Bob Dole's former Chief of Staff, now representing hundreds of the victims' families of 9/11 who are suing Bush for his involvement, states: "Bush and his puppets Rice and Cheney and Rumsfeld and so forth were involved, not only in aiding and abetting and allowing 9/11 to happen, but in actually *ordering* it to happen." He says that 9/11 was in the planning at least 35 years, that Al Quida is a creation of the Bush administration and that Bush and Co had dress-rehearsed the attack many times. Fast as the world was being moved towards global centralised fascism, it was still not fast enough to match the timescale demanded by Illuminati agenda. And the opposition to their globalisation plans and their assaults on freedom was gathering daily. It was clear something of enormous magnitude was being orchestrated that would so devastate the collective human mind with fear, horror and insecurity that "solutions" could be offered that would advance the agenda in a colossal leap

almost overnight. [Stanley Hilton said that when he was at university {with Wolfowitz, Rumsfeld & co} he wrote his thesis on how the government could use terrorist attacks to set up martial law.] Did Blair know about the plan? Of course he did. But even he and Bush are only pawns in a game controlled by far greater powers and they are expendable as anyone once they have served their purpose.

For the vast majority of us who seek peace, not conflict, freedom-for-all, not dictatorship-by-the-few, let us decide what we can do to stop the lunatics from taking over their asylum. Complaining is no good. Running is not an option because soon there will be nowhere to run. The solution is to LOSE FEAR and challenge the arrogant criminal dictators. Courageous Stanley Hilton is doing just that and although the Bush mafia are, of course, now using Nazi/Stalinist-type FBI harassment against him, he refuses to be silenced. People must rise above fear, rage and the need for revenge. How we all react as individuals to anything determines whether we further our enslavement or move ourselves beyond manipulation. *To do the latter requires spiritual wisdom and/or humour.* See 9/11 [Missing Links](#). Also listen to Bill Cooper's 8 hour broadcast on 9/11 [here](#)

Who caused the 7/7/05 London bombings? Read [this](#). Please note many groups are calling for a public enquiry into the events of 7/7.

The Government are refusing, stating it would be a waste of time and effort that will be distracting. The response to this from The July 7th Truth Campaign during an interview is: "On this point we are in agreement with the government for, in the eyes of the July 7th Truth Campaign, a public inquiry would be a waste of time, but not for the reasons that the government specify. **Precisely one month before the events of 7/7, a new piece of legislation came into force, known as the Inquiries Act 2005.** The Inquiries Act 2005 was, in part, brought about in response to the call for a full and Independent Public Inquiry into the brutal murder of Pat Finucane. He was shot dead by two masked men on 12 February 1989 in front of his wife and his three children at their home in Belfast, Northern Ireland. He was shot 14 times, including at close range. In the aftermath of his killing, evidence emerged that police and military intelligence agents had colluded with Loyalist paramilitaries in his murder. There were also allegations of an official cover-up of such collusion. As a result of the Inquiries Act 2005, Mr Finucane's widow wrote to the judiciary calling on them to boycott any inquiry held under the

terms of the act into her husband's death.

Congressman Chris Smith named the Parliamentary bill that preceded that act "the Public Inquiries cover-up bill" and the act that was passed effectively renders ultimate control of all public inquiries to the executive, meaning that any inquiry held under its terms would result in the government investigating itself and determining which aspects of 7/7 are investigated and reported, or if they are investigated at all. The Inquiries Act also prevents investigation of the security services and grants the government the right to shut down any or all avenues of inquiry at their discretion. As any reasonable person will understand, this is a less than desirable position and will not produce anything that vaguely resembles a truly Independent Public Inquiry. What is interesting to note is that, of all the diverse groups calling for a public inquiry, only the July 7th Truth Campaign has raised the issue of the Inquiries Act 2005 as being a major obstacle to obtaining an independent inquiry.

For the record, Amnesty International has called for the boycott of inquiries proposed under the terms of the Inquiries Act 2005 and, to date, no judges have been found that will agree to participate in an inquiry into the killing of Patrick Finucane. J7's position is that if the Inquiries Act is not fit for the purpose of investigating state collusion in the killing of one man almost 20 years ago, then it is certainly not fit for the purpose of investigating the killing of 56 people on 7th July 2005. Consequently, the July 7th Truth Campaign's calls for a public inquiry specifically state that any inquiry into the events of 7/7 must be a public inquiry and that it must be conducted outside of the terms of the Inquiries Act 2005 and, further, that this piece of legislation needs to be repealed."

Who was really responsible for the Bali bombing? We are asked to believe that an unlikely bunch of poor and ill-informed Muslim 'terrorist' villagers from central Java were responsible for the devastating nuclear blast that killed 200 people at Kuta beach on 12/10/02 and managed to 'vanish' them without trace. A huge crater resulted but the media simply refrained from showing it on TV or in newspapers. The Indonesian police cited one formulation for the bomb and the Australian police cited an entirely different formulation for the bomb, neither of which matched the ingredients written down in the 'culprit' suspect bomber Amrozi's confession. Investigative teams

and experts claimed that the bombers [who are alleged to have links with the mythical terrorists 'al Qaeda'] had "amazing chemical skills" but anyone who could transmute potassium chlorate detergent into a plutonium nuclear weapon of the kind responsible for the fireball of hell at Kuta Beach would instantly win the Nobel Prizes for chemistry and physics. The truth is the Bali bombing was just another atrocity engineered by the murderous illuminati to increase religious and ethnic division and conjure up Australian public support for the oil crusade in the Middle East. We are asked to believe that terrorist networks pose a severe threat to us the 'ordinary' citizens of the so-called 'free-world'. If these terrorists are so clever and so successful then why haven't they swiftly blasted away the very seats of power – the Western governments and the filthy rich folk [including the Royals] right off the face of the earth? Proof that terrorism is funded and controlled by the ruling elite.

Britain suffered Foot and Mouth. As a result, farmers and other connected businesses are suffering hardship; many are suicidal.... There is much evidence to suggest that the government can be blamed for the rapid spread of the disease and the widespread destruction and poverty caused. It has been astonishingly incompetent. Everything it has done has seemed designed, not to bring the disease rapidly to an end but to kill as many animals as possible and so inflict maximum damage on Britain's small livestock farmers and drive as many farmers out of business as possible and to blame them as the real cause of the problem. No one has been more recklessly irresponsible about 'bio-security' than the Government's own officials and employees. Vaccination was forced off the agenda, accompanied by a massive disinformation campaign in which almost every point they made to discredit it either had no scientific basis or was simply a lie. The truth is there was never any intention that the crisis should be solved in the way the genuine scientific experts were recommending. The truth is the so-called break out of F & M was wholly contrived and stage-managed by the UK government. The agenda behind this being to destroy the British agriculture power base and bankrupt farmers, in order that a Pan-European agricultural co-operative can be formed, when the big combines will then buy up the land. This is to enable the mass intro of generally modified crops, by giant international corporations like Monsanto. Footpaths, fields and fells were shut to walkers, bikers and riders. Archaeologists downed tools on excavation sites, school field trips were axed. F & M placed the countryside out of bounds to all.... er, except those involved in

Genetically Modified crop trials. Foot and Mouth is as serious to animals as a bad cold is to humans. Affected animals almost always recover, within a week or two. And the meat is fit to eat. For much of the 19th century F&M was endemic across the UK but it did not destroy farming. Cattle became ill.... and then they recovered. The truth is that an independent farming base is seen as a direct threat to *their* evil goal of creating our total dependence upon *them*. There was never any virus to battle and never any point in vaccinating; to do so would have been like rearranging deckchairs on the Titanic. The only entities out of control and rampaging across the countryside were the assorted puppet bureaucracies, frenziedly carrying out the wishes of their warped superiors. When the last glows of the burnt carcasses died away, ministers should've built one more pyre, for MAFF itself and its closest ally the National Farmers Union. *Panorama* exposed the scandal of farming subsidies benefiting wealthy land owners [including the Queen], even though their land was not used for farming, whilst hard working farmers struggling to make a living did not receive one penny in subsidy.

The government want to privatise everything. This will mean taxpayers giving away their money for the purpose of fat cat profiteering. Whilst the few get filthy rich, the rest of us will have to put up with poor and unsafe services and widespread poverty. Privatisation is a social sin. Why does it cost one hundred and twenty thousand pounds per annum to house **one child** in a young offender's institution? Billions are lost in Corporate and Accountancy fraud, but how many directors go to jail? The government and big business cronies are the manipulators of stock market crashes and the pensions scandal. There is a monopoly on everything, which means unfair trade and price hikes. The so-called 'developing' countries haven't a hope in hell of developing and pulling themselves out of poverty. The people there suffer intolerably solely due to the corrupting greed of Western money men. Famine is but a tiny part of the problem. Responsibility lies with the secret and evil organisations: The World Bank, The International Monetary Fund [IMF] and the General Agreement on Tariffs and Trade [GATT.] The WB lends cash to countries for mega construction projects, which are irrelevant/disastrous for local people. This benefits the Multinationals because their policies force people off their land, **destroying their self-sufficient lifestyle**. [The aim of the hierarchy of conspirators is to take control of the world's natural resources. They will end all industrialisation, destroy every country's national identity, cause total

collapse of the world's economies and total political chaos. Thus making the world's masses totally dependent on the world economic system. They will attack the soul of every nation.] The IMF intervenes when poor countries get into thieving bankers engineered financial hardship. This encourages and bribes 'third world' politicians [the scumbag dictators who are approved of and are placed and kept in government by the thieving, greedy evil men who are members of the Committee of 300] to relinquish self-serving sufficiency in food and accept multinational food. In a nutshell poor countries export luxury cash crops and other natural resources to rich nations at rock bottom prices and then buy back [at inflated prices] the luxury products that the wealthy industrialised countries made with those natural resources. The luxury goods only go to the tiny, corrupt, clique whilst the multi millions starve since the food growing land is occupied by *our* Multinationals. When the poor countries inevitably get into debt and cannot repay their loans, the IMF restructure repayments or offer **MORE loans to pay the interest on previous loans**. In the doing subsidies for: food, health, education.... are cut. And the World Trade Organisation [WTO] call that free and fair trade! That is their idea of democracy and their idea of a free world! If countries try to avoid this type of trading, the WTO can impose sanctions on them to force them into line. 'Free Trade' is the freedom of the strong to exploit the weak.

There is scandal surrounding the AIDS hype. The WB and IMF are granting loans to heavily indebted poor countries only if they agree to spend a considerable proportion of it on combating AIDS. The truth is AIDS drugs are HIGHLY TOXIC, they do not save lives; they kill. The nightmare of AIDS has nothing to do with any viral pandemic; the nightmare is diabolical lies and disinformation sweeping the globe via a Western-led media campaign. The truth is that it is pre-existing illnesses such as typhoid, cholera, malaria, MALNUTRITION, DIRTY WATER et cetera [the majority of which could be treated relatively easily and cheaply, but which are not] that account for so much of the 'so-called' AIDS death statistics. And of course, war. When people have the basics of life – clean water, good food and simple medicine for simple diseases – they LIVE AND THRIVE. Who benefits? Fat cat pharmaceutical giants and the illuminati N W O agenda.

Brazil is the second biggest exporter of food but one third of its people live below the poverty line. Seven million abandoned kids beg, steal and sniff glue on the streets. Child slavery is ripe in Africa. Police

look the other way. Multinationals profiteer on the backs of child slaves in the 'third world'. They, the banks and the British Crown steal the natural resources of other countries leaving the world's masses in dire destitution and distress. Comrades, don't be fooled by their talk of compassionate 'overseas aid' and for God's sake don't donate to any of their appeals. Keep your money for the purpose of fighting for the exposure of all Secret Societies and the bringing to justice of all perpetrators of evil. Every year vastly more wealth is transferred from poor countries to rich ones than the other way. The 'aid' goes to bribe politicians to build the infrastructures needed by the Multinationals or to subsidise industries in rich countries. It is stunning fraud of gigantic proportions. And then they have the gall to expect gratitude off the 'third world' slaves for giving them jobs!!! There is no need for horrific suffering in Africa, Asia and Latin America. It is not the result of 'natural disasters', which the malevolent liars would like us to believe but of coldly calculated design of which the gutter media bosses are happy to be a part of. Just think of all that when you hear of our world leaders gathering for one of their world summits. They *must* be in contact with a force of pure evil. May they all get their just deserts soon.

These same secret ruling bodies control the world market in hard drugs without which the world's economy would collapse. Dictators of 'rogue' countries export Cocaine to Europe to buy weapons of war. The UK is the major European supplier of arms. The importation of drugs is protected by our government, as are the weapons manufacturers. The drug trade is a crime against humanity. The alleged 'war' on drugs is a farce. Are we to believe that with all the modern and vastly improved surveillance-techniques, including satellite-reconnaissance, available to law-enforcement agencies that this vile trade cannot be pinpointed and stopped? How is it that law-enforcement agencies cannot go in and destroy the refining laboratories, once located? If this IS the case, and we still cannot interdict the heroin-trade, then our anti-narcotics services ought to be known as "The Geriatrics" and not drug-enforcement agencies. My guess is that local people do complain about such labs and are swiftly silenced.

Multinational drug companies make gargantuan profits while the 'sheep' further allow themselves to be dumbed down and brainwashed. Hoffman La Roche are the manufacturers of Valium. Valium is used in huge quantities in Europe and USA and is the most

used addictive drug in the world. The cost of raw materials is three dollars per kilo. To the customer, Valium costs **fifty thousand dollars per kilo**. Hoffman La Roche produce Vitamin C for one cent a kilo. They sell it at a profit of **ten thousand percent**. Come on people, don't buy Vitamin tablets and other 'tonic' medicines. You don't need them. Get off the mind-numbing tranquillisers too and ALL drugs. Let's give La Roche and all the other criminal company directors a bloody nose. All anti-depressants do is make you more depressed. They all carry dire side affects and all are addictive. Anti-depressants don't solve the problem of injustice or poverty; they just cause more problems. They can cause takers to self-harm or become suicidal or even to commit terrible crimes, such as murder. Many people who take pills such as Seroxat say that they suffer nightmares where they are being told to commit suicide or murder. I believe that that is the devil wielding his evil influence. Both Satan and God are able to talk to us in our dreams.

The Multinational [illuminati] vultures [who are subsidised by their governments] benefit from a system called 'Free' trade. Free only for them though since they have the freedom to move production from high wage industrialised countries to the sweatshops of the 'third world', where there is an abundance of slave labour. They savagely exploit the native population. In the doing they create dependency on a system which only the few control. This gives them the freedom to create anger, despair and division - the perfect combination for manipulation. If the filthy rich men at the top of the secret societies can keep the multi millions in so-called 'developing' countries in pitiful poverty, they can do it to us too.

Our sordid secret rulers are responsible for the suppression of all scientific development except for those deemed beneficial by the corrupt *Committee 300*. Especially targeted is nuclear energy. There has been a well-organised campaign by the oil cartels to discredit and destroy nuclear power as a credible alternative to oil. They do not want natural energy development or any scientific research into it because it is an answer to the poverty problem.

The dirty drug business is the largest single enterprise in the world. It, like terrorism, cannot be stamped out. Switzerland is sinking under the weight of the dirty **multi-billion** dollar money laundering. If you do have the bottle to whistle blow on such nefarious activities you can get locked up for five years! It's safer to pretend it is a nice clean country

rather than look under the covers or inside its garbage-can banks. If any country did have the gall to try and stop production of Opium [which is controlled by the Chinese military] serious war would erupt. The British know this; they have no quarrel with China. **Remember when the Chinese President visited? He was given the 'Red Carpet Treatment' by Buckingham Palace and was transported in style, with our Queen, in her Gilded Royal Horse-drawn Coach and Rolls Royce Limousine, with very lavish arrangements made to impress and entertain him. Whilst at the same time the British police forcefully-restrained anyone from demonstrating against China's human rights record, so as not to upset him.** The only squabble they might have would be who gets the larger share of the pie. Britain has been involved in the China opium-trade for over two centuries. No one is foolish enough to rock the boat when multi millions flow into the bank accounts of the UK's highest, most powerful and wealthiest families especially the British Royal family and more gold is traded on the Hong Kong gold-market than the combined total traded in London and New York. Our despicable Royals and the British aristocracy run the dastardly drug industry. The drug-business is not a Mafia-operation, nor one run by the Columbian cocaine-cartels. The noble families of Britain and America's top people are not going to advertise their role in the shop windows; they always have a layer of front men to do the dirty work, for which they are handsomely rewarded. Decent determined leaders might be able to cut off tentacles of the sordid trade here and there but they'll never cut off the head. The crowned cobras and hangers on will not tolerate it. Look at the Royal family in all their glamour and splendour and realise that underneath is a deep layer of filth and dirt that is the drug trade. Our Queen bestows honours on the managing directors of British companies such as UK banks for their part in drug money laundering. Those who support the global planners and enrich her Maj's coffers even further are rewarded with knighthoods and the like. What was it that Diana used to call her in-laws? The Reptiles? That sounds like a fairly accurate description to me!

Paul McCartney is now a 'Sir' and Mick Jagger has been knighted. Could this be because of their role in the promotion of drugs? Part of the plan of the conspirators is the advertising and selling of brain numbing things such as rock/pop music and drug [cannabis] taking. The last thing they want is an alert and intelligent population to put a spanner in the works. Anyone who makes it big, such as *The Beatles*, does so with the full approval and backing of the Committee.

But the same rulers will also very swiftly bring down any celebrity who then poses a threat to the N.W.O plans. Bands are perfect for popularising 'social drugs'. They are groomed by the secret societies to spread the message to youngsters that it is cool to take 'socially acceptable drugs' because 'everyone's doing it'. Drugs are handed out free of charge at rock concerts which begs the question: What is the Drug Enforcement Agency doing? Look what happened to John Lennon though just because he stopped playing the game and instead preached to his millions of fans the power of love and peace and also because he spoke openly about society being run by insane people for insane objectives and that he was liable to be put away as insane for expressing such things. He was murdered – by the very same secret Committee, of course. People of significance are murdered or discredited and jailed by the Committee if they pose a threat to the Plan whether knowingly or not. Look at the fate of pop icon Michael Jackson, the greatest humanitarian and the most influential and popular person of our time. [See: Public lynching of Michael Jackson [here](#).] Look what happened to [John F Kennedy](#). He couldn't be bought. Instead he tried to expose the sinister Secret Society network and he tried to eliminate US debt by his efforts to abolish the Federal Reserve. His reward for true patriotism? Assassination. In his case the deed was carried out with great attendant publicity as a warning to world-leaders not to get out of line. Only weak men can be bought.

Let's see the Royal parasites donating to famine relief funds. Let's see them giving away ALL of their unimaginable riches [which they stole from us] to help some starving Ethiopian child who sucks heart-wrenchingly at its dead mother's breast. Take the Queen and her smug son Charles to the African heartlands and let them stand amongst the dead and dying emaciated millions. Let the Royal people explain their conduct to those people. Let the Royals, together with their government ministers and big business buddies stand amongst the millions in Africa and also in India who are suffering and dying of 'aids'. Let the Royal family and their gold loving mates explain to the sick and dying that they enjoy riches, security and privilege at their expense. Then let them return to live off social security benefit in a vermin infested council flat in the East End slums.

In the local paper [Pioneer] was a piece about how the Chief Executive of Sainsburys Sir Peter Davis had graced us with his presence. He'd visited Llandudno's Imperial Hotel and together with

one hundred and forty of his business buddies had raised the grand total of one thousand smackers for charity. That's around seven quid each!!! 'Sir' Peter was proud of himself for raising the dosh for a respite centre for children. That grand would've been better spent contributing to the building of a new prison to house Sir Peter and his parasite pals. Sir Peter proudly informs us that his father made his fortune as a cotton merchant. The cotton trade is tied to the dirty drugs trade too – opium. SLAVES worked on the cotton-plantations of the Southern States of the USA. The cotton from the plantations was worked in the SLAVE-MILLS of England where WOMEN AND CHILDREN earned a PITTANCE for a 16 Hour day's work. Their husbands and sons fought wars to preserve Her Majesty's golden chest, in the bloody Boer War. Cotton-cloth goods were exported to India in return for Opium.

The N W O plan is to weaken the moral fibre of the nation and to demoralise workers in the labour-class by creating mass unemployment. [Look at the numerous job losses now; businesses such as call centres are shifting all the time to overseas lands such as India where there is an abundance of cheap labour.] As jobs dwindle due to the post-industrial zero-growth policies introduced by the secret societies, demoralised and discouraged workers will resort to alcohol and drugs. The teeming millions of poor take drugs to escape their life of misery. The youth will be encouraged [through rock-music and drugs] to rebel against the status quo, thus undermining and eventually destroying the family unit.

Eventually drugs will be legalised as well as pornography. *They* want us all to engage in mindless sex and become hooked on the deadly weed so's not to notice what's going on around us. Notice the debates lately on the 'drugs problem'. They're trying to soften us up into accepting the thoroughly ugly things. The Cutting Edge site describes such debates as an act for the public. The door is opened ajar and then it is gradually opened wider until you can kick the thing wide open. This happens when the public have finally been brainwashed into accepting what it is the Committee have already decided will be. They are putting a gloss on drugs for heavens sakes; they're trying to tell us that there are 'medicinal' benefits and that legalisation would benefit society because the authorities would be able to regulate the trade and take back control from the black market. Hells bells! Whatever happened to good old law and order? Drugs are bad for us. Say no to them. Say NO to legalisation. NO

NO NO.

Years ago kids in school learned to read and therefore understand and so could not be led like sheep, but in the last thirty years or so the 'education' system has been dumbed down. Nowadays many students cannot read/write or do maths properly. Most kids at school nowadays just want pleasure and so are led easily to the New World Order slaughter. Schools do not teach morality. They have abandoned the one true God teachings. Nowadays it is acceptable/desirable for kids to pursue physical pleasure and material desire. They are encouraged to be envious and greedy and to believe that violence is the solution to problems. Kids [and adults] are suffering mental and emotional rape. [The Plan is to keep us in order and for us to kill each other.] The education system is there to indoctrinate youngsters, the same with the media and advertising. There is constant barrage of sex, violence and wars. Kids [and adults] are given what they desire – in excess – and deprived of what they really need. The education policies are designed to turn out clones of the system and world government supporters, although the overwhelming majority of people in the teaching profession will not realise this. History, science, R.E, English literature, social studies and law is rewritten and distorted. Universities are closing, especially in the Maths and Science faculties. Schools encourage infant/junior school kiddies to pack a shoebox full of goodies for some poor little mite thousands of miles away. Teachers should teach their pupils WHY those children are so poor and WHO benefits from their sacrifice and suffering. And the men dripping in gold in their secret societies have got the diabolical nerve to discourage our children from packing toy guns on account of the fact that it would be politically incorrect. They pretend to be concerned that the dying little African child will be upset by the weapon as it'll be a reminder of why and how he/she became an orphan, why his/her land is barren and why there is a gigantic Tesco superstore on his/her 'doorstep'.

Schools/governments exaggerate environmental issues such as acid rain, ozone depletion, endangered species, destruction of rain forests, global warming et cetera so that they can manipulate us into accepting a one world totalitarian government. Environmental groups [Greenpeace, Friends of the Earth et cetera] are also tools of the ruling elite. How else would they be so big and vociferous? They are used to promote the New World Order, mostly [although not in every case] without their knowledge, when it suits their interests and they

are undermined when it doesn't. The destruction of rainforests has been done with loans from the World Bank. **They cause the problem then offer a solution.** The environmental destruction justifies their world control because of the need to 'save the planet'. We find that some of the largest companies, allegedly 'polluting' the Earth are the largest contributors of funds to the environmentalist movement. Prince Philip is one of them, yet his son, Charles, owns a million acres of forested land in Wales from which timber is regularly harvested and, in addition, Prince Charles is one of the largest owners of slum housing in London, where pollution thrives. [Of course as is always the case the general mass of 'ordinary' workers and supporters of environmental groups and organisations such as overseas 'aid' groups, charity volunteers et cetera genuinely care about the sufferings of people and planet and have no idea of the deceit within the higher levels. They must wake up and look at what they inadvertently promote. There is one heck of a confidence trick going on.]

Another part of the 'plan' is to erect a way to assert almost continuous control over us. They want to assert social and political control and will have up-to-date files on us, containing the most personal details re health, personal behaviour.... They just want to be able to keep a beady eye on the rebels. Notice the recent 'debating' and phone ins about the proposed identity cards. We are fast becoming a micro-chipped people. The people who know of the plan are threatened and remain silent. The media co-operate with the agenda. Without it the plan wouldn't materialise.

We are well on the way to having a police state. Peaceful protests are essential for the security of individual rights. Protesters make our world a better place to live in. But our heroes are being subjected to the most appalling inhumane and unjust treatment. Agents of the State infiltrate large groups and stir up trouble. The *Police* commit acts of violence to justify a crackdown. In a G8 summit, police planted explosives amongst SLEEPING anti-globalisation protesters. Police shot tear gas canisters directly at protesters' faces. They used so-called rubber bullets. These are hard plastic. People lost part of their jaws or a mouthful of teeth as a result. Other protesters were beaten unconscious by police, deprived of sleep, sexually harassed and denied prompt medical treatment. Some protesters are put in prison and tortured. One victim was brutalised simply because he used his legal right not to give his name. Lawyers came to represent the

protesters. The police called them liars. People get arrested on misdemeanours, such as refusal to disperse. They get arrested when they hold up their hands in the air and scream that they are peacefully protesting. The government defended the police in the face of widespread criticism and the use of “excessive force.” Seventy-seven officers were under investigation, including the policeman who shot dead a protester, but no one has lost their job. The truth is the ‘anarchists’ are agent provocateurs who orchestrate violence to divert attention from the horrific consequences of globalisation. Police officers obey the orders of their utterly corrupt puppet masters and they happily collect their pay checks seemingly oblivious to the part *they* play in the damage caused to humankind and the planet. **Don’t Police Officers realise that their own children will eventually be bitten by the very beast they are nurturing?** The ‘useful idiots’ will be in for a big surprise when they realize the noose they helped to tie will be placed around their own necks. People can’t perceive reality. The Bible says: “The people have eyes, yet they can’t see, they have ears, yet they can’t hear.” People in public service will sell out their mother for a paycheck, then attend church service on a Sunday. Further evidence of Police State Britain is in Blunkett’s plan for a ‘National Police Unit’ to fight ‘organised crime’ and ‘international terrorism’. Its powers will include phone tapping.

“The sophisticated exercise of control utilises the ability to keep people oppressed yet contented. Much better to make them think it was their idea to go to the gallows.”

You can’t control billions of people with tanks in the streets and soldiers at the door. You do it by making the mass population believe that what you want to do is a good idea or the only option. For example if you want to introduce cameras in the streets, an armed and more authoritarian police force, and the erosion of personal freedoms, you don’t want the public to oppose these policies, you want them to *demand* them. You create a problem, then offer a solution. Our thinking has become polluted. Our will to resist events not to our liking has been steadily eroded and undermined. We are being programmed by propaganda to behave like sheep. The men in power know that the simplest method of gaining control of the public is to keep us undisciplined and ignorant of basic systems principles and confused, disorganised and distracted with trivia. The Plan is to keep us busy, with no time to think, back on the farm with the other

animals.

Without the conspiracy theory of history, the economic upheavals, major and minor wars, mindless violence, withering of spiritual values and worship of materialism, would mean that we live in an absurd world rapidly going mad for no seeming reason. On the contrary, we are governed, our minds are moulded, our tastes formed, our ideas suggested, largely by men we have never heard of. It remains a fact that in almost every act of our daily lives, whether in the sphere of politics or business, our social-conduct or our ethical thinking, we are dominated by a relatively small number of persons. Some of these are the most brilliant intellects. The problem is, they head a pyramid of negative power, an astonishing web of interconnected organisations and secret societies. It has to be said that the majority of members/employees of these organisations do not know what they're involved in and do not realise what they are supporting. The public perception is that top politicians control events. The Media goes along with this, which means that the echelons ABOVE the Heads of State who actually pull their strings, never get researched and investigated because they are invisible. Men need their secret societies because their deeds are evil and must be hidden. Evil cannot stand in the light of truth. We must stop these men before they can accomplish their goal of making us prisoners of the New Dark Age. They are the disciples of the devil. If we fail, I believe the overwhelming majority of us [especially women] can look forward to a life of hell. The N W O is gaining pace at an alarming rate. It is sneaking up on us like a thief in the night.

All politicians world wide openly speak of a New World Order and more centralisation. The predictions for movement towards this global fascism and its implications now follow. Before you start bleating that such horror can never happen, think about the way millions upon millions of people live now in the world's South. Look at their war torn countries and the tents, shacks, piles of rubble that they call home. They do not have clean or running water, and look at what they get to eat - sacks of grain if they're lucky. And we're supposed to be full of admiration for our governments and their 'humanity' missions whilst *they* live lives of luxurious splendour. Take a peek at the working conditions in a multinational hellhole. Ask yourself why there are guards on the doors of such places and why television crews are given short shrift and told to get lost. Ask yourself why the workers are too terrified to talk to journalists. Ask yourself why Bilderberg

meetings and the like are so secret and heavily guarded by armed police. Ask yourself why there are no decent documentaries and satirical programmes on TV these days and why we are bombarded with soaps, films, repeats, big brother and other rubbish instead. Slavery was abolished in the USA only a hundred odd years ago. In the poor countries the masses either exist as slaves or in slave-like conditions. This is especially so for women and children.

Can't happen to you? Why not? Countries in the global south have crippling policies inflicted on them by the IMF, which are enforced by the system fodder, the military and police. Reforms imposed involve the following elements:

1. Reducing government expenditure by making public-sector redundancies, freezing salaries, and making cuts in health, education and social welfare services.
2. The privatisation of state-run industries, leading to massive lay-offs with no social security provision and the loss of inefficient services to remote or poor areas.
3. Currency devaluation and export promotion, leading to the soaring cost of imports, land use changed for cash crops, and reliance on international commodity markets.
4. Raising interest rates to tackle inflation, putting small companies out of business.
5. Removal of price controls, leading to rapid price rises for basic goods and services.

Still can't happen to you? Oh yes it can. Just watch the pattern of events unfold. Read on. This is the plan.

A one-unit monetary-system under a small number of permanent non-elected filthy rich men. Population will be limited by restrictions on the number of children per family, diseases, wars, famines, until one billion people who are useful to the ruling class remain as the total world population.

There will be no middle-class, only rulers and servants. All laws will be uniform backed up by a One World Government police force and a One World unified-military to enforce laws in all former countries

where no national boundaries shall exist. The system will be on the basis of a welfare state; those who are obedient and subservient to the fascist dictators will be rewarded with the means to live; those who are rebellious will simply be starved to death or be declared outlaws, thus a target for anyone who wishes to kill them. Privately owned firearms or weapons of any kind will be prohibited. This of course would be a good thing if the reason was to stop the present gangster crime wave, but it isn't, it's to stop people defending themselves against the totalitarian butchers in government who see themselves as lords of the planet.

Secret societies do not adhere to laws. Laws are made by them to control US. Take for example the 'Jack the Ripper' murders, which were incidentally a Committee 300 'experiment'. No one was ever brought to justice, due to Masonic influence. There are no laws; just 'them' and 'us'.

Only one religion will be allowed. Satanism, Luciferianism and Witchcraft shall be recognised as legitimate One World Government curricula with no private or church schools. *All* Christian churches have *already* been corrupted. When abuse occurs the church leadership is silent. [Freemasonry is in control. Also, how often have we heard about paedophile priests? They pray for our forgiveness and get moved on to another church to continue abusing. Is that punishment? The Jehovah's Witness hierarchy tried to cover up large-scale child abuse perpetrated by 'Witness' paedos whilst the VICTIMS were called the liars and were persecuted.] Christianity will be a thing of the past. Look at how far away from bible teachings that we are already. God says that homosexuality is wrong. But the church is now liberalised and more inclusive due to the so-called pressure of Gay campaigners [who are all part of the illuminati spider's web.] Now there is an acceptance of homosexual priests. Notice the recent 'debates' on homosexual and lesbian acceptance in the church. We even have a new Archbishop of Canterbury Rowan Williams, who is a firm supporter of homosexuality and has been for twenty years. He believes in breaking with the past and asks the question - should church be for heterosexuals only? Jesus wept!

There will be no individual freedom or any concept of liberty. There will be no such thing as rights residing with the people. National-pride and racial-identity will be stamped out.

Everyone will have an identification-number clearly-marked on their person so as to be readily-accessible, which identifying-number shall be in the master-file of the NATO computer in Brussels, subject to instant-retrieval by any agency of the One World Government at any time. The master files of the police agencies, social security and other state agencies shall be vastly expanded and form the basis of personal-records of all individuals. Look at all the government talk now of the gradual phasing in of National Identity cards. At first they told us ID cards would only be voluntary; now they openly state their intention that they will be **compulsory** in several years. In The Sunday Times [July 25th 2004] was a report entitled "All children to go on 'Big Brother' Computer." It was stated: "A national database containing confidential details about every child [under the age of 18] in Britain is to be set up by the government. An identifying number will be assigned to each child so that the authorities can access their records."

Marriage shall be outlawed and there shall be no family-life as we know it. Children will be removed from their parents at an early age and brought up by wards as state-property. Such an experiment was carried out in East Germany when children were taken-away from parents considered by the state to be disloyal citizens. Women will be degraded.

Women will be allowed to have only two children. If she falls pregnant again, she will be forced to have an abortion and to be sterilised too. Forced abortions are happening now. In North Korea women in political labour camps [the most inhumane prisons possible] are forced to abort. They are forced to do heavy work for the whole of their pregnancy and at full term have to endure an abortion. The baby is born dead.

Pornography shall be promoted and be compulsory showing in theatres and cinemas including homosexual and lesbian pornography. Notice the recent moves to accept homosexuality in Government, all the 'coming out' of ministers and politicians and the messages of times a changing. Also the acceptance of celebrity homosexuals, that this is somehow 'normal' behaviour. Notice all the TV showings of such filth. 'Live show' and 'adult-sex-entertainment' and Lesbianism are already in the process of having an image clean up. Notice the loosening up on gaming laws. Gambling casinos are popping up here there and everywhere and Blackpool is becoming

another Las Vegas, complete with scantily clad dolly bird bunny girls. The billionaire porno parasites justify the existence of the 'sex' industry by saying that there is a huge demand for it. Well the dirty brain-washers would say that, wouldn't they. No more will those who care for this type of unbridled sexual-lust have to go to seedy porno-parlours. Instead, the upper-class clubs and places favoured by the rich and famous will make public sexual-displays a highly "artistic" form of entertainment. Worse, some church 'leaders' will recommend it. And all the while women will be forced to smile and look radiant and look as if they are enjoying themselves whilst their bodies are being raped, ravaged and buggered.

These are not haphazard happenings, they are planned events, all designed to gear us softly and smoothly into their N W O. Porn and prostitution are amongst the biggest 'industries' today. They are an attack on women and children, growing numbers of whom are FORCED to sell their bodies or they starve, get deported, cannot get their next fix.... Notice how in every 'war' [be reminded of who manipulates ALL wars], women are raped and tortured – in every part of her body possible. This is truly the work of the devil. It is mind-blowing evil working through the thoroughly evil Secret Societies. That pretty much explains why women are not allowed to join Freemasonry and all the other sordid secret societies. If they were, the dirty, despicable plan of a new world order by the grimy gold-worshipping creatures who head the vulgar secret societies would crumble in an instant. Come on ladies, let's have NO MORE of this. Fight back NOW. The dragon is nothing like as powerful as they want us to believe it is.

Sexually degenerate cults are being set up by the British Crown – working through the intelligence services. All cults operating in the world are the product of MI6 acting for the ruling elite.

Mind-control-drugs will be expanded and usage become compulsory, given in food and/or water-supplies without the knowledge and/or consent for the people. Drug-bars shall be set up, run by One World Government employees, where the slave-class shall be able to spend their free time. In this manner the non-elite masses will be reduced to the level and behaviour of controlled animals with no will of their own and easily regimented and controlled. There will be no such thing as education. Look at the state of our schools now; hence the rapidly growing home education trend. The One World Government does

NOT WANT an educated youth.

There will be just enough foods and services to keep the mass slave-labour-camps going. All wealth will be in the hands of the ruling elite. Each individual shall be indoctrinated to understand that he or she is totally dependent upon the state for survival. Trial runs of life under a dictatorship as according to the plan are taking place now in Russia. Look what's happening in Zimbabwe under Mugabe.

Courts of punishment and not courts of justice shall exist. [Millions of people in the UK, USA and elsewhere already know that there is no such thing as justice in our courts. All we have is the putrid smell of a corrupted judiciary coming from our courtrooms; a bunch of whores in the back room plotting our demise in secret - plundering, lying, fabricating reports and slandering.]

Industry is to be totally destroyed [every day we hear of businesses failing and workers dumped on the dole] along with nuclear-powered energy-systems. Only the Committee 300 rulers will have the right to the Earth's resources. [They already do. Look at the fate of our farmers. The Multinationals have control.] Agriculture shall be solely in the hands of The Committee with food production strictly controlled.

Euthanasia for the terminally ill and the aged shall be compulsory. No cities shall be larger than a predetermined number.

At least four billion "useless eaters" shall be eliminated by the year 2050 by means of engineered wars, disease and starvation. Energy, food and water shall be kept at subsistence levels for the non-elite, starting with the White populations of Western Europe and North America and then spreading to other races. Eventually there will be an acceptable and manageable one billion people only on Earth. Half of those will be Chinese and Japanese, selected because they are people who have been regimented for centuries and who are accustomed to obeying authority without question.

Periodically there shall be artificially contrived food and water shortages and medical-care to remind the masses that their very existence depends on the goodwill of The Committee of 300. By now, the concept of liberty and justice will be so weak as to matter little. Food and shelter will be the main concern.

After the destruction of housing, auto, steel and heavy-goods-industries, there shall be limited housing. Industries of any kind allowed to remain shall be under the direction of NATO's Club of Rome as shall all scientific and space exploration development.

All essential and non-essential pharmaceutical-products, doctors, dentists and health-care workers will be registered in the central-computer data-bank and no medicine or medical-care will be prescribed without express permission of regional-controllers responsible for each city, town and village.

No central bank except the Bank of International Settlement and the World Bank shall be allowed to operate. Private banks will be outlawed. Look how they are fast disappearing with take-overs and mergers occurring all the time. Notice how the sharks manipulating events sweeten us up with their handouts of a couple of hundred or so 'free' shares to take our minds off what *they* are up to. Look at how the thieving banksters of the big banks are allowed to continue receiving their fat cat salaries and obscene bonuses, even though the 'too big to fail' banks needed a bail out from us taxpayers.

Remuneration for work-preformed shall be under a uniform predetermined-scale throughout the One World Government. There shall be no wage disputes allowed. Those who break the law will be instantly executed.

There shall be no cash or coinage in the hands of the non-elite. All transactions shall be carried out by means of a debit-card, which shall bear the identification-number of the holder. Any person who in any way infringes the rules and regulations of the Committee of 300 shall have the use of his or her card suspended for varying times according to the nature and severity of the infringement.

Such persons will find, when they go to make purchases that their card is blacklisted and they will not be able to obtain services of any kind. Attempts to trade 'old' coins shall be subject to the death penalty. All coinage shall be required to be surrendered within a given time along with guns, rifles, explosives and automobiles. Only the elite and One World Government high-ranking functionaries will be allowed private transport, weapons, coinage and cars.

If the offence is a serious one, the card will be seized at the checking point where it is presented. Thereafter that person shall not be able to

obtain food, water, shelter and employment medical-services, and shall be officially listed as an outlaw. Persons assisting outlaws shall be shot. Outlaws who fail to surrender to the police or military after a declared period of time, shall have a former family member selected to serve prison terms in their stead.

Rival factions and groups such as Arabs and Jews and African tribes shall have differences magnified and be allowed to wage wars-of-extermination against each other, under the eyes of NATO and UN observers. These tactics will be used in Central and South America. These wars of attrition shall take place BEFORE the take over of the One World Government and shall be engineered on every continent where large groups of people with ethnic and religious differences live, such as the Sikhs, Muslem, Pakistanis and the Hindu Indians. Ethnic and religious differences shall be magnified and exacerbated and violent conflict as a means of “settling” their differences shall be encouraged and fostered. Look what’s happening now. Every day our TV news programmes show us images of war between opposing religions – The Middle East conflict, the Northern Ireland conflict, India and Pakistan fighting over Kashmir.

All information-services and print-media shall be under the control of the One World Government. This is almost the case now. Canadian Conrad Black owns more than two hundred newspapers and magazines in the UK, USA, Canada and Israel. He is an elite member of the Bilderbergers and a Trilateralist. Media mogul Rupert Murdoch owns newspapers, magazines, and TV networks that are estimated to have a potential audience of three billion people. That’s without his interests in the film industry. He is now linking in with a global telephone and communications network and has made a bid for parts of the vast Prime Ministerial Berlusconi media empire in Italy. He is also planning to substantially increase his media interests across Europe. Murdoch’s strings are pulled by the same ruling elite names who pull Conrad Black’s. These corporate cronies are the secretive shadow Government which limits the truth we receive through the world’s mass media. Our news is fear-based. The media are weapons of mass distraction. Come on comrades let’s give the Media sewer a punch on the nose, let’s not buy ANY of their gutter ‘news’ papers or gutter glossy mags. When you waste your money on any ‘news’ paper, whether it is one of the tabloids or one of the more ‘intellectual’ variety you are paying to read half a paper of ads and the other half LIES in between the ads. [Incidentally, if you are in the

latter category then you are an even bigger fool because you are paying *more* to be brainwashed!]

In the new parliamentary-system, members will not be responsible to their constituents, but to parliamentary-whips and will vote the way they are told to vote. This occurs now. The Constitution will vanish, as will individual liberty. Every day we see more centralisation. The new European constitution is now being pushed through at a rate of knots. A thousand years of British sovereignty will be wiped out forever. We, the British public, do not get a say in whether or not we want to be ruled by Brussels. In our land of democracy there will be no referendum. The 'war on terror' is being used as a battering ram.

Regular brainwashing-control-measures shall be passed off as 'entertainment' in the manner in which it is being done now. *They* don't want us to be intelligent, **thinking** beings; they want us to be in a permanent zombified state, oblivious to what they're up to. Society is suffering moral bankruptcy now. Notice the relaxing of gaming laws and the liberalising of licensing laws. There are no laws now restricting the amount of bars/clubs/pubs etc and drinking establishments will be open 24 hours a day.

Youths removed from 'disloyal parents' shall receive special education designed to brutalise them. Youth of both sexes shall receive training to qualify as prison-guards for the One World labour-camp system. The plan of the Committee of 300 is to tame people who they consider to be THE ENEMY.

The Committee of 300 is the ultimate secret society made up of an untouchable ruling class, which includes our Queen Elizabeth and other royal families of Europe. These aristocrats decided that at the death of Queen Victoria, in order to gain world wide control, it would be necessary for its aristocratic members to "go into business" with the non-aristocratic but extremely powerful leaders of corporate business on a global scale and so the doors to ultimate power were opened to what our Queen likes to refer to as "the commoners."

Sound far-fetched? On that basis, are you going to wait to see what happens? It'll be too late then to complain. Time to wake up folks. Time to take control of your life before it's well and truly taken care of for you. When people realize that they can control their own lives, that their own power exists within them rather than outside of themselves.... then the game is over, we will have removed the

means through which the conspiracy takes place. De-link from the herd mentality. Stop being a sheeple. Dare to be different and others will follow.
