

## BUTLINCAT [JOHN GRAHAM] written by SHARON ZAKI

In my 22/2/13 post on 'When is website Mis - or Dis-information?' on V/U I made reference to '**Butlincat**' [John Graham]. He has since revealed that he too is a gatekeeper. This is how I've formed my opinion:-

Not long after my 'Proven shills - Sabine and Belinda' document went out, Butlincat [John Graham] contacted me to tell me "they are not who they seem and their main role is definitely not what people perceive – the opposite is true. Like how come people McNeill deals with always end up in prison? I can name many, and its not through their own doing but because of this person's involvement." Also, "Kay was a strong Musa family supporter. Right from the very beginning of the family's troubles – she was too good a supporter – so the new ones had to take her out – those new ones being Sabine McNeill with Belinda Mckenzie, and others. Disgraceful behaviour by those who want to be seen as doing such good. How fake can one get?" We exchanged a few emails. **One of which I publish just below.** I think you'll agree that it strongly suggests that Butlincat is a shill. Other clues are:-

Butlincat is a staunch supporter of the HG story [even though he too cannot produce any evidence to support it and he too will lie to support it] - he puts a heading up 'The Hollie Greig case is very real!' on his **blog** [Incidentally, this link was sent to me by Sabine on the same day that she decided our 'debate' was terminated on V/U!] One of the links there is to a pdf which is written by **Peter Eyre**, a Middle East consultant shill. **More on Eyre further down this pdf.** Butlincat also refuses to engage in dialogue/debate with the Hollie Hoax team. He states on his blog: "McKenzie Enemies'/Hollie Greig Hoax team in London: As some are aware, HGH in the persons of Sarah McLeod, Rachel Keeley and Sylvia Major addressed a meeting of the David Icke (London) group last Sunday. Anne, Robert, Brian Gerrish and I were invited to participate but unanimously declined. I told the organiser in no uncertain terms what I thought of this meeting and put pressure on her to call it off which she did not appreciate but I trust in time she and others who took umbrage will forgive my vehement stance. I'm all for free speech in principle but absolutely draw the line at engaging with people supportive of paedophiles and who endorse police non-investigation of this foul crime". The evidence is that Butlincat and his gang are the paedophile supporters, not the HGH team. Further he stoops to insults and baseless accusations, as in his comment of "Daly is a charletan and government agent - when he's not drunk!" **here**.

His friend is the liar and evildoer **Robert Green**.

Butlincat goes on about all the evidence he has which would expose some of the shills, yet he won't publish it or let me see it. So, no desire to expose the shills, suggests he is one himself.

I asked him if he would ask all these other people he knows, who he says have lots of evidence which would expose the shills, to contact me; but he stays tight lipped. Instead he sends me a bunch of useless hearsay emails.

He says, "People are not who they seem is all i can say, and their main role is definately not what people perceive – the opposite is true." So why is he not helping me get to the bottom of it?

Butlincat says that he is aware that some of the well-known cases are fakes. He says, "Each time the Musas got a legal rep he was corrupted - more than likely threatened into working for H'gey. It is truly despicable what is happening as many other cases are based on fake info, even famous ones. Hemming is fake too, imho, and is very picky who he helps." And he tells me that he stayed at Belinda McKenzie's house with Tony Farrell: "At mckenzie's i met Farrel a few times - about which i reserve comment." Notice he doesn't tell me anything about Farrell! We can learn a lot of truth from these pretenders; they're not so smart after all, or difficult to expose. He said, "Farrell would turn up often on his own agenda - for a hearing or something, but stay at Mckenzie's." So, here we have a high profile 'whistleblower/victim' who is represented by the proven shill Ian R Crane and who works closely with [and stays at the house of] the proven shill **Belinda Mckenzie** and on top of all that he stays at the same house as the Butlincat shill. Everything points towards **Tony Farrell** being a shill too. Oh and he also works closely with the proven shill Sabine McNeill and he interviews 'victims'?? on the seriously dodgy UK Column. More confirmation [here](#) in connection with his promotion of phoney '**Charles Seven**' who surprise, surprise is also championed by Sabine.

At a [meeting](#) on 24th February 2013 Sabine "ranted about a report - unclear which report Sabine was referring to, Rachel enquired - only to be met with a diatribe of "I don't know which bloody report it was" until Rachel clarified it for her that was.... Sabine's companion Tony, was the Senior Police Intelligence Analyst who was fired from Yorkshire Police for suggesting 7/7 was an inside job. It was interesting to see Tony DEMAND that a disabled and frail woman pronounce Gerrish's name correctly and generally act like a disruptive agitator. What AGAIN is

apparent here is that the likes of Sabine and Tony are not interested in the truth."

You might like to read Stef's blog and the comments re Farrell and other shills [here](#) and [here](#). [Rigorous Intuition](#) express how the gatekeepers seriously undermine the efforts of all genuine strivers of truth and justice: "It's hard enough trying to increase awareness about the gaping holes in the official 7/7 narrative without having the difficulty of that task compounded by the apparently endless stream of bizarre characters [Tony Farrell, Maud'dib, Nick Kollerstrom ...] who seem to go out of their way to **reinforce the mainstream media's depiction of 'conspiracy theorists' as being nutty as squirrel shit with a boundless capacity to believe the most outrageous bollocks.**" For more on **Kollerstrom** see my 'W-O-S' page. As for **Maud'dib**, he is the one who harasses 7/7 families and victims, who believes he is the Messiah, who is promoted on Richplanet TV and who runs the [J for Justice site](#) where he shamelessly holds out a begging bowl for £100 cash... Further, look who his friends/promoters are:- Butlincat, Alex Jones, Belinda McKenzie, Tony Gosling [for more on him see my 'W-O-S' page], Tony Farrell, James Corbett... Form your own conclusion.

In one email to me, Butlincat says, lying through his arse: "I do not have time to crucify anybody publicly, and my time is taken up mostly to do something positive - not negative, with trying to get the Musas freed, and stopping myself being imprisoned too in the process of that. I do also have an hour plus conversation with somebody who is very well known who talks about Mcneil a lot, but i will not break the confidence with the person i spoke to and make public this, and i never have made this public either. That doesnt mean i havent got the recording but it does mean i have principles. I think there are far more important things to do than to exposing these people, like trying to get people out of awful situations these people have helped put them in. That is my concern."

[See my response to that below.](#)

Butlincat heads his blog with: "*N.B. John Graham aka butlincat wishes to state categorically and emphatically that he is in no way aligned to the self-publicist Sabine Mcneil or any of her alleged "organisations" or "sites". Many people say she is working for the other side and he agrees with them!!*" Strange then that he would have this post on his blog <http://butlincat.wordpress.com/2013/03/14/banned-from-the-uk-nato-security-consultant-because-the-uk-has-been-caught-red-handed-stealing-children/> which is the exact same post as Sabine has on her's! <http://punishmentwithoutcrime.wordpress.com/2013/03/11/bann>

[ed-from-the-uk-nato-security-consultant-because-the-uk-has-been-caught-red-handed-stealing-children/](#) And why does Sabine allow Butlincat to comment on her site, when she has supposedly banned him!

Greg L-W **says**, "Is it any wonder these little nurds all hide behind idiot names! Butlin Cat ..... is an inadequate little creep with a vocabulary like an open sewer. I've taken the liberty of addressing the posting by the fools as a separate posting and in view of the despicable dishonesty of the filth that are posting such malicious lies like David Icke, Brian Gerrish, Paul Drockton, Belinda McKenzie, Butlin Cat Litter and their like I would appreciate anyone reposting my comment in full anywhere they can on the internet to show just what liars have gathered around promoting the lies surrounding the Hollie Greig 'STORY'. Thank You - to those who are decent enough and have the integrity to ensure my post is widespread." See [here](#) for Greg L-W blog.

The following is one of the emails I sent to Butlincat:

Dear John [Butlincat],

Did you not get my last email? When you contacted me you seemed like you were going to help me expose the shills. You told me you firmly believe Sabine is a government agent and you said you have much info on her treachery. You say you have evidence in the form of a phone conversation, emails and scores of documents which will expose Sabine, Belinda, John Hemming and others. For example you say "The Mckenzie friends set-up is not what it seems either" and "Hemming is a charlatan, and i have an hour long phone recording with B Gerrish in which B Gerrish explains Hemmings role, and Mcneils, her having scuppered a case he was working on where the mother lost her child because of Mcneils involvement. This i have on tape." Why won't you publish this? Your reluctance shows that you obviously don't really care about innocent mothers losing their children to social services as a result of Sabine's influence.

You say that the truth will out; well it would help if you produce the evidence that you have. You also say that other people have lots of evidence, yet when I asked you to ask them to contact me, you didn't reply.

I have to say | am surprised that you are so supportive of the HG story. You say you have much more information about it that isn't online. Well if you're serious about helping with the war on shills, why don't you publish it? As said there is no point you keeping the evidence

to yourself. And how can you say Robert Green is an honourable man when you can clearly see his lies in videos such as this one [Gerrish.http://cuttingthroughtherubbish.blogspot.co.uk/2012/09/the-hollie-hoax.html](http://cuttingthroughtherubbish.blogspot.co.uk/2012/09/the-hollie-hoax.html) You say that you "certainly have never seen anything credible to make a meal of it like so many controlled opposition make out." Wouldn't that make you more curious as to why they did run with this story here and internationally? You talk about Gerrish's downfall, why don't you just publish what you know about him, so that people can have more confirmation that he's a shill, and genuine victims like Nicola Mcauley who have already suffered evil 'games' from the masonic mafia do not get sent on any more wild goose chases. You say "Others came along too – connected to this “Mckemnzie Friend” set-up with Hemming, MP. Thats another story" and, "None of what i say in emails is for publication anywhere - much worse is or has been said anyway and interested parties know all of what ive said has been online anyway and been sent in scores of emails to people on a contact list. I do not say things to people i know nothing about and what ive said to you is private - maybe someday i can tell you the important things - but i stopped telling so much because there are spies everywhere." Important things? If you are too scared to publish this important info that you have which will actually HELP genuine victims, then you should not be supporting anyone. You are achieving the opposite of what you appear to be doing. Their suffering is just prolonged. Oh wait, isn't that what I said about Sabine? Isn't that the job of a shill? Please prove me wrong by producing evidence to show that Hollie did/can recite these 22 names, addresses, phone numbers. [Or was it 31? According to 'The End of HDJ' "Hollie named a total of 31 individuals combined in BOTH the Police transcriptions - even her bus driver got a mention! Andrew Young was also mentioned by Robert & Anne but he was never named by Hollie in either of the transcripts. We have never seen any evidence where Hollie names in full anyone. Indeed in the police transcript of Hollies interview, she names almost everyone she knew, right down to a bus driver. Robert & Anne refuse to publish this transcript."] [You say that "it is not unusual for a Downs Syndrome child to be meticulous with memories got over 14 year period. There is nothing stange or uncanny about that. These children have gifts anyway that we dont have and to say Hollie couldnt remember names is not true. Her memory is probably better than mine or yours."] You say "What detractors can never discredit is the C.I.B. payment raised from 8 grande to 13500£, or the death of Roy Greig, and the police irregularities - like raids on 2 homes without legal warrants and stuff taken which still has not been returned to their rightful owners. There is loads more but it would take far too long." Your points have been addressed by the Hollie Hoax group. You

also say "I've never seen Daly say he'd dropped the case because of "lack of evidence". We are told Daly and his team spent at least 6 months with Anne + co before he suddenly had to drop it - because his job was on the line if he continued investigating the case" That is just not true, Daly dropped the case because "It became clear that the wider allegations that were being made would be impossible to verify, and indeed we had concerns about the veracity of many of them." He also says "There are few more serious allegations one can make about a person than to call them a paedophile, and for that reason, the evidence has to be of the utmost quality. And in this case, I'm afraid it fell far short of this hurdle." Why don't you just persuade your friend Robert to give permission to Mark Daly to release the tapes of the conversation they had? That'll reveal who's lying. If you have "loads more" then why aren't you revealing it for the sake of exposing the shills which will bring real justice to Hollie. And how can you say it will take far too long, when the most important thing you can do, if you truly believe in truth and justice, is help me expose the shills. Instead you have a casual attitude of "why should others bother anyway when there is much more positive stuff to be done? There are many cases they wont work on - eg Kirk, Scarth, + Musa". As I've said I know Gerrish doesn't work on genuine cases; I've heard this from others. The best thing we can do for genuine cases is expose the shills. We need hard evidence against these fraudsters, so people know how despicable and dangerous they really are.

You tell me to look at the Baylis case, saying "remonstrating about the old Greig case does no good for anybody anyway. The idea is to expose and bring justice to the many crimes the government has got away with and is still getting away with - figures are at an all time high and what Haringey did to this family - and is doing to so many others - the police crimes, the witness intimidation and the infinite irregularities - all Tavistock based is truly outrageous. Compared to the Musa case, and my friends the Baylis's, whose case is diabolical, and even Maurices case, and Normans - the Greig case pales in certain areas though of course is diabolical." Can't you see that by focusing on the HG issue I can expose some of the shills; surely you'd agree that the way to help victims is to expose the shills, so that the truth about what is happening to them is allowed to see the light of day?

It has crossed my mind that a lot of these 'Truthers' in the 'Truth Movement' believed the HG story [as many of us did] because Robert Green is so convincing and because he said that he had evidence. Now that the story is proven to be fake, perhaps these 'Truthers' are having

difficulty admitting they were duped and it is just easier to ignore the evidence and just hope the controversy goes away. But, as said, that possibility only fleetingly popped into my head.

You clearly don't come under that category anyway. That is clear when you say "i regard Robert as more of a friend than anything else. I am taken in by noone, and what he says has had no effect of my judgement on the case, or anything else." I'm puzzled as to why you contacted me. Why tell me things if they cannot be published? Who are you really protecting? Or is it the case that you have been warned not to get involved with my 'War on Shills' and that you have been threatened?

Re the Musa family, you say "along with 20000+ files on the Musa case with the hundreds of letters + emails alone that have been sent to media and PRFD etc. by numerous supporters." Why are you wasting time writing to the enemy - media, government agencies???? Have you or have you not been in this 'business' long enough to know better? Either you are genuinely on the side of the victim or you are a shill.

Re Maurice Kirk, you say "he should never of gone to prison in 2011, but i say no more." Well I think you have to say more, especially to Nicola Mcauley who is alarmed at the revelations that Sabine is working for the other side, and she now genuinely wants to help Maurice. I have already forwarded our exchange of emails to you, so I hope you contact her without delay and tell her everything.

You tell me that you "believe in loyalty over getting cheap applause." Loyalty to who? A shill? It is absolutely NOT cheap applause. This is not a game and is not about egos. This is about people like us, who know things, going public with it, so that this evil can be STOPPED. We have a duty to expose the truth to prevent any more injustice. We don't have time to dither. These shills are evil.

You say that you were 'stitched up'. Can you tell me more? I'm interested to know what happened to you.

Finally, you say "Victims of these bs'ers cannot be bothered to take up the mantle, after theyve been crushed in the courts and in most cases do not even know about how theyve been betrayed by certain people - but the truth often comes out." You can be sure of that, the TRUTH does come out - eventually.

Best,

Sharon.

The following are some more things Butlincat says which show who's side he's really on:

I believe from turning into an honest investigation it turned into an information gathering exercise for the government because that's what they do - there are agents within the Musa "supporters" camp, but if you watch them closely they reveal themselves by their fruits, to quote a biblical phrase. This is how I found out about Mcneil. I was very friendly with her in 2011 when she turned up with M Kirk + others, because I welcomed anybody trying to help my friends. Like me she couldn't believe what Haringey, with the aid of the judges, police, barristers, legal types + all the rest were getting away with. I stayed at her flat and didn't mind her stealing my info or quoting my site on her v.u. site at the time - but when M Kirk was arrested and remanded when we were both staying at Mcneil's at Finchley Rd my suspicions were begun and since then confirmed.

I have many government employees going to my blog that regular folk - I would know this because I've been told they visit it!! Twice in closed courts as McKenzie's friend for the Musas I've been asked "is this your site? are you Butlincat?" to which I gladly agreed, and I believe it is because I was open and admitted it they haven't hit me with punishments. **He's not punished because he's just another big fat fake covertly working for the 'PTB'.**

Everyone has been warned off the Musa case - the Nigerian government and the High Commission. We've visited them and they are very scared of doing anything, and my visits have ended up in rows with the asst. commissioner, who is a fake. If you doubt anything I have ever put online I would be happy to enlighten you. Attached are my letters to a chief constable, who blocked my mails after the 1st one, and my official complaint about the "guardian solicitor" which is online anyway. Britain's legal system is very corrupt, based upon the "old boy" syndrome where money and prestige speaks louder than truth or justice. Each time the Musas got a legal rep he was corrupted - more than likely threatened into working for H'gey.

**Butlincat is clearly in cahoots with the other shills – Sabine McNeill, Belinda McKenzie, John Hemming and 'others' that he pretends to be opposing.**

As for the **Musas** we have a shilly unsubstantiated version of events, and a **distinct lack of official documentation**. See <https://gloriamusa.wordpress.com/about/> <https://gloriamusa.files.wordpress.com/2011/07/11-10-22-kidnap-of-six-nigerian-children.pdf> The Musa parents are obviously in cahoots with Sabine, Belinda, Hemming and others, including Butlincat. Not surprisingly Christopher Booker [more on him in my 'YOLANDE LINDRIDGE & CHRISTOPHER BOOKER' pdf] can be relied on to publicise this story far and wide, without offering anything whatsoever to support its veracity <http://www.telegraph.co.uk/news/uknews/law-and-order/10946414/Judge-slams-Haringey-council-over-my-most-shocking-family-case-ever.html> It seems more of the truth can be found in the Belfast Telegraph and Daily Mail <http://www.belfasttelegraph.co.uk/news/uk/musa-siblings-to-get-new-identities-30407096.html> <http://www.dailymail.co.uk/news/article-2188239/Nigerian-couple-beat-children-jailed-Coronation-Street-barmaid-Michelle-Collins-gave-evidence-them.html> who state that the Musa parents are in jail for child cruelty.

One of the 'others' in the 'McKenzie friend' group who represented the Musas is the seedy 'common law advocate' **Paul Randle-Jolliffe**. More on this 'Common Law' crap in my 'PATRICK CULLINANE, JOHN PATERSON & GORDON BOWDEN' pdf. The lying toad is speaking [here](#) at the controlled opposition 'UK rally against Child Abuse' about the class action he brought against the UK family courts. See also '[Beware](#) of Paul Randle-Jolliffe if you seek legal advice' and read the comments which follow. See also [Ripoff](#) Report.

As for **Maurice Kirk**, he's no heroic anti NWO freedom fighter either. He is just another BIG FAT FAKE. See my pdf on him.

The following is my response to Butlincat re the need to crucify the shills:

You say "I do not have time to crucify anybody publicly." The guilty ones need to be crucified. The only way this is going to happen is when people who know things, publicise it. You're not going to get imprisoned if you're not breaking any laws. People who are a genuine threat to the freemasons do get killed or imprisoned on trumped up charges; but those people are the brave souls who do go public with information which will challenge the Masonic NWO gatekeepers. As said anyone serious about truth and justice and doing their bit to stop the NWO will expose the gatekeepers. It takes courage.

In order to appear credible, phonies like [Butlincat](#) support *seemingly* genuine cases [by writing letters on their behalf and publicising their cases]. It's all **pretence**; these treacherous animals are working for the men in power; doing their bit to further the NWO slavery hell.

Butlincat also has a keen interest in [UFOs/Aliens](#). [The PTB plan to fake an alien invasion/attack to cause the world to unify in a one world government against this extra terrestrial threat, to usher in the NWO.]

Butlincat promotes UK Column and follows Paul A Drockton's [blog](#). [Paul Drockton](#) [who, together with Icke and others in the 'A/M'] promotes the HG story and Maureen Spalek case. The Hollie Hoax team say, "If you take a look at [Paul's website](#) you will see it is abound with advertising and conspiracy links .... Paul's integrity is questionable at the very least .....We contacted Paul but it was clear he was uninterested. Some of these individuals that claim to be part of the 'Truth Movement' are really part of the 'Untruth Movement'. And when questioned they stick together just like the ESTABLISHMENT!" See [here](#) for more interesting info on **Paul Drockton**.

Butlincat is a reporter for [Before it's news](#). We might be wise looking upon a lot of these stories and the 'victims' referred to with a huge dose of scepticism! It is worth noting that Butlincat also promotes the **Lou Collins** radio show. She is closely associated with Brian Gerrish and Mike Robinson and her high profile guests are:- Ian Puddick, Roger Hayes, Bill Maloney, Robert Green, Michael Doherty, Patrick Henningsen, Ian R Crane and others. Read what the Hoax group say about Lou [here](#). These names, as well as Farrell, Belinda McKenzie, Sabine McNeill ... regularly crop up on each other's websites and Edge Media TV. Birds of a feather flock together ... What is blindingly obvious is that ALL these people are high profile within the 'A/M' 'Truth Movement'; many of them have a connection with each other and ALL have a connection with the HG story, either directly with the HDJ campaign or by being a vehement supporter/promoter of it. According to Charlie Foulkes, on the suggestion of Sabine, she asked Michael Doherty for help, but all she got was the suggestion that she might be making things up and accusations of being mental. She says she also asked Ian Puddick [who says not all Freemasons are bad] for help, but there was none forthcoming. I wrote to **Ian Puddick** and **Michael Doherty**. I have not yet had a reply from Doherty; Puddick did eventually reply - on 7/5/15, over two years later [wonder why it took so long!] His reply looks like an attempt to confuse me over whether or not Tom Cahill is genuine. He says:

## Subject Heading: Ian Puddick Shill Jewish Mi5

Hi Sharon

Someone has just sent me this from your website re myself  
*She also asked Ian Puddick (who says not all Freemasons are bad) for help, but there was none forthcoming. I wrote to **Ian Puddick** [see [here](#)]*  
I just wanted to thank you for at least writing an accurate expose of myself and for referring others to the legend Thomas Cahill who knows more about me than anyone else.

Shalom

As for **Maureen Spalek**, that case is also looking very suspect. Her '[story](#)' is covered by Drockton only [and repeated by other shills and well-meaning, but duped individuals.] There is no evidence that her story is true, just a 'publicity fund' donate button for .... the Hollie Greig and Maureen Spalek cases! I wrote to her [twice] [[see below](#)] but have heard nothing from her yet. As for Puddick, he garners publicity from **Sonia Poulton** on the 'Not The People's Voice TV and Radio station' [see more on Sonia in my 'JANETTE SCHARENBERG' pdf.]

Email to Maureen Spalek 20<sup>th</sup> March 2013:

Hi Maureen,

I am not sure if you received my last email, so I'm sending it again [see message which follows these two paragraphs]. I need to bring something else to your attention.

I recall seeing on Victims Unite comments [one by Peter Oakes] that question your sincerity. I also notice that your story is only published on <http://www.moneyteachers.org/Maureen.Spalek.html> and that the gist of it has been repeated by others. This concerns me because the 'moneyteachers' site is run by the known shill Paul A Drockton and the other sites which feature your story are also shill sites. In order to avoid being tarred with the same shill brush you would be wise to disassociate yourself from these well-known shill sites. Out of curiosity, can I ask if any official documentation [or part thereof] to support your story [for example regarding the family courts or re the murdered nurse/prisoner] is published anywhere? Also are any names of key people in your case published? Drockton speaks in vague terms, such as, "However, the nurse was murdered before she could speak to her. An individual was

convicted of the murder and sentenced. Maureen attempted to get a visiting pass to the prison in an attempt to find out if this person did murder the nurse and why. Before she could make the visit the prisoner was killed in prison."

In this day and age, with so many shills and fake 'victims' popping up all the time, we genuine victims need to be careful who we associate with. It does not look good for you when, for example, on Drockton's site, there is no evidence to support your story, just a 'publicity fund' donate button for .... the Hollie Greig and Maureen Spalek cases; especially now the HG case has been totally discredited.

Below is my first email:-

It's been a while since we last spoke; I hope you are well.

In case you are unaware I am currently trying to expose the shills of the 'Truth Movement'. I've started with Sabine. See [http://sharonkilby.co.uk/site/WAR\\_ON\\_SHILLS.php](http://sharonkilby.co.uk/site/WAR_ON_SHILLS.php) and <http://www.theholliegriegcoverup.net/latest-news.html> I am hoping that people will expose Sabine for the traitor that she is.

Please understand the nature of controlled opposition and how it is used to neuter serious opposition. Shills and fake 'victims' are insidious creatures and more dangerous than a corrupt establishment. They are causing so much injustice and suffering to the unsuspecting public. For example in the HG story, 22 innocent people are accused by the HDJ group of raping Hollie. That story is totally baseless and yet Sabine supports and promotes it; just as fiercely as she protects her good friend Belinda Shill Mckenzie

[http://sharonkilby.co.uk/site/war\\_on\\_shills\\_post\\_for\\_VU.php](http://sharonkilby.co.uk/site/war_on_shills_post_for_VU.php)

I believe the HG case holds the key to revealing many shills currently prominent in the so-called 'Truth Movement'.

See [http://sharonkilby.co.uk/site/Why\\_the\\_HG\\_story\\_may\\_hold\\_the\\_key\\_to\\_revealing\\_the\\_shills..php](http://sharonkilby.co.uk/site/Why_the_HG_story_may_hold_the_key_to_revealing_the_shills..php) [In case you are not that familiar with the Hollie Greig story, there are a lot of links on that page to it and to websites/videos/radio programmes which provide proof that it is a hoax.]

Maureen, please will you help me by commenting on Victims Unite that you now believe Sabine is working for the other side and as such you want all reference to yourself removed from her site. If you really care

about truth and justice and doing your bit to stop the NWO then you will expose Sabine.

Everyone needs to decide who's side they're on. There is no half way house. Apathy is a wonderful weapon for the ruling elite.

Kind Regards,

Sharon Zaki

P.S Somebody recently told me that I wasn't the first to point out that she is a traitor. One of the things I told this person is: "Your last sentence says it all. Genuine victims and sincere 'truthers' are put off uniting and helping each other because we don't know who is 'real' anymore. That is why we genuine folk need to do our best to expose the shills and the fake 'victims'." I also said: "Yes the truth will out, but it will take so much longer if genuine people like us, who know things, keep quiet. The longer people 'sit on the fence' the longer injustice continues. When I realised that Sabine is a traitor, I toyed with the option of staying quiet; knowing it'd be easier to do so. But my conscience told me to do what is right. What happens when x months/years down the road, when more people are speaking out about Sabine [and Belinda and Hemming and others closely associated with Sabine and V/U] and you are asked why you stayed quiet when you *knew* who she really works for; how are you going to feel then? You will look a fool and a coward, especially when there are almost no genuine people left participating on V/U because genuine people have chosen to have nothing to do with her and have exposed her instead."

As for **Peter Eyre**, another sign that he is a shill and that the HG story is a load of horsecrap, [apart from the fact that he too doesn't publish any or part of any report that he says he has, which would help give the story credibility] is in his careless reporting. He frequently switches from his own reporting to that of Robert Green's, he calls Anne's brother 'Robert' when he is widely known as 'Roy' and he doesn't make clear whether he is quoting someone else's words or not. See an example of that **here** taken from page 7/8 of the pdf mentioned above. See also his Hollie Greig Info **blog**.

**Lost the news** has this to say about **Peter Eyre**: "And do you know what I stumbled across. A big fat pile of steaming SHILL SHIT. I

originally criticised Peter Eyre, for writing such an enormous piece of unreadable turd. Fair play, he posted my comment. Me being me, I eventually calmed down, and lessened my tone to a more apologetic stance. Then, after my last comment, one of his other readers posted "how can we stop it" [I guess meaning something along the lines of stopping the so called 'NWO'] And the shill wanker posted this: The process has already started but it will take time.....first you cut off their main source of funding and stop their access to the World's Collateral Accounts and the associated Gold Bullion.....that has now been done.....now waiting for the next round of meetings to see how the rest of the cabal can be stopped etc.....for our part all we can do is educate and spread the word around.....**Peter Apathy machine in action! Don't worry people, all we can do is spread some words around. I have said it before, and I will say it again, just in case someone out there might be paying attention. Anyone who promotes APATHY, is most definitely being paid by TPTB. Apathy is their favourite control toy! They love it! Because the end result is that we get so confused and frustrated, we just give up and go and jack off or watch some bullshit TV series. Eyre seems to cater for the really feeble minded truther, the truther that will accept."**
