

CHRIS SPIVEY written by SHARON ZAKI

Chris Spivey. This guy is pure genius. He has me laughing my pants off with his effing and blinding. He's a great entertainer. But sadly, that's all he is. Heroic resister of the NWO he's most certainly not.

The following is in response to my 11/3/13 email that I sent to a number of people [which didn't include those already widely exposed as shills] in the 'alternative media' which states, "I have come to realise how dangerous the 'controlled opposition' are to Truth as they are so successful at thwarting the efforts of genuine NWO warriors. Shills and fake 'victims' are insidious creatures and more dangerous than a corrupt establishment. Please see http://www.sharonkilby.co.uk/site/WAR_ON_SHILLS.php for more.

I believe the Hollie Greig story holds the key to revealing many shills currently prominent in the so-called 'Truth Movement'.

If you are not a shill, please will you respond asap and show me where on your site you are now publicly declaring that the the HG story is a hoax. Please also let me know what you intend to do to expose the shills/fake 'victims' and also whether or not you intend to do your level best to find out and expose who is *really* behind the Hollie Greig story and why."

After my 3rd email to him he replied. **The email exchange which followed is published further down this pdf.** He too is too timid or too shilly [I think it's both] to take on the HDJ gang. He wouldn't even give me his opinion of whether or not he thinks the HG story stands up. He says the HG affair is "old hat", so he must already be well versed in the story, despite trying to tell me otherwise. [It became evident that he *is* familiar with it and that he does support it because in his **August 10th post** he quotes from a piece written by Robert Green whom he describes as an 'investigator', and obviously holds in high regard... We'd do well to question what other lies Chris Spivey peddles.] Neither is this braveheart brave enough to confront the shills. [He doesn't even *mention* Sabine and Belinda Shill, let alone indicate that he intends to do his own research into whether or not he agrees with me.] When I asked him to name the people *he* thinks are shills, he remains schtum! He, like all the rest of the so-called NWO rebels, will happily and confidently attack the 'untouchables' of society - the Royals, the Fat Cats, the Politicians and other 'high ups', but he won't grass up those closer to home i.e. those who he knows he *could* bring down. Hence

why the Hollie story is out of bounds to the people masquerading as truthers. Too risky. There is an understanding between these 'Truthers'. They all have each other's backs. If one falls, they all do; they know it too. They have to work together to prevent the first domino falling. [Norman Scarth first alerted me to the tactic of targeting the big shill fish, rather than the attainable ones, and he, just like Spivey, encouraged me to do the same!] These diversionary tactics are such common cointelpro weapons. Spiv says his precious time is spent "trying to keep up with those public figures *trying to bring about our downfall.*" My precious time is spent trying to keep up with enemy agents like him! [Brian Gerrish talks about "exposing the *high level abuse rings in the Scottish establishment*" and he says "Expose the *paedophiles at high level* and we are well on the way to exposing and *destroying the NWO*" and "We are getting steadily closer to the scale of this {stolen children and child abuse} and *those really responsible*".]

Once again, Hollie Greig has uncovered a most uncomfortable truth - Spiv and all his 'truther' buddies have no desire to see a resolution, and so no desire to see 22 wrongly accused people of paedophilia, and 7 wrongly labelled as child abuse victims, vindicated. Neither does Spivey or his cohorts care about the bringing to justice of the HDJ scammers; and none of them give a toss about trying to restore credibility within the 'A/M' 'T/M'. They don't care that there could be numerous other fake 'victim' stories, and the people connected wanting our money, sympathy and our time. Neither do they give a damn that there *will* be another massive deception hitting the 'T/M' merry-go-round, if the HG farce is not dealt with. Not one of this lot care because they are being paid *not* to care. They are all soulless, dishonest, immoral, evil cowards. And all of these seemingly 'heroic' high profile so-called 'Truthers' are too egotistical to notice that they are viewed with nothing but contempt and derision now.

These self-absorbed arrogant fools are so full of themselves, their site popularity is more important than truth telling. [Sabine was keen to tell us that her site was on course to hit 200,000 views. Spiv himself has got impressive rankings. In an email to his MP he states, "*Indeed, you may even be familiar with my website. However, should this not be the case, and purely for information purposes you may be interested to know that my site is currently averaging 15,000 – 25,000 views a day, every day and rising. No small number, as I am sure you will agree. Furthermore, according to www.alexacom.com my site is ranked at 10,217 in the UK, and 206,370 in the world. To put that in perspective, your*

website www.jamesduddridge.com does not qualify for a UK ranking and you have a world ranking of 13,325,024 – some 13 million plus places below mine."]

Finally, Spivey has connections with the **Sovereign Independent** [as an ex writer.] They are closely connected to the UK Column. He is friends with the well known freemason shill David Icke, and he thinks highly of Ian Josephs and Bill Maloney. Check out the others he links to, and the people they link to!!! In Spiv's posts are links a plenty to UK Column, Alex Jones, Before it's News ... You can tell a lot about someone just by their links. Incidentally I wrote to the Sovereign Ind but didn't get a reply. I did get a mail from Spiv's '**Outlaw**' pal '**Jimmy Jones**' [**Royden** James Jones] though. I sent him a reply, however, instead of responding to any of my questions or suggestions, I got a reply from him months later, on the 8th September '13, which prompted an exchange of emails **which you can read in my 'JIMMY JONES' pdf.** By his companions we shall know him ...

People PLEASE, do NOT donate your hard earned cash to these scam artists. Expose them instead.

Please note, Spiv gave me a mention in his 20th October 2013 'Dying of thirst' post on his site. I know this because I used to receive daily notifications of his latest postings, as I like to cast an eye, time permitting, to see the direction he's going in. A few days later when I was updating my 'War on Shills' with a reply, I found that the link sent me to an 'error' message. I then found his forum offline due to some 'tech problem', and him bleating about some "sophisticated, government generated attack", and that it'll cost too much to keep his site online, and he needs a "tech wizard", and blah, blah, blah ... What a load of old baloney. It scares the hell out of me that people believe this BS. Then again it would not surprise me if a large proportion of commenters on his posts are his lapdogs. Funny how others can keep their sites online and at a fraction of the costs he's talking about. My own website host Dave tells me that you can get unlimited bandwidth for around a third of the price he's quoting.

As for Spiv calling me a 'wannabe', that's just more proof [if it were needed] that he regards all this 'truthing' as a game, and a profitable one at that. Wannabe what??? A celebrity truther? There is no such thing. There are genuine truth tellers, who, along with their families, suffer a living hell for speaking 'dangerous' truth and there are pretend truthers - controlled opposition agents. The ones in the first category who are

getting noticed and therefore becoming 'problematic' eventually end up dead or 'disappeared'. The ones in the second category live comfortable lives under Masonic protection. As for his comment that I "*never will be for comment*", what does that mean? He's never asked me to comment! Best of all is him saying: "At this point, just so as to avoid any confusion amongst you, as well as avoiding giving unnecessary hard-ons and wide-ons to the self appointed, 'Deputies of the Alternative Media' – Media Authentication Department (DAM-MAD).... *This surprise discovery leaves DAM-MAD with no alternative other than to place the popular AM Journalist onto the Disinformation Register for wide spread circulation amongst the true heroes struggling to report the truth.*" Well by definition aren't all of us 'truthers' 'self-appointed'? The nincompoop has accidentally revealed that he is not an independent researcher, but is in fact appointed by and working for a secret boss. Chris Spivey's not so smart after all; despite his high IQ.

Did Spivey soil his pants and do a runner? His site went offline on 27th Oct. It seems to me that the nonsense he posted on the 26th was a precursor for this, which appears to be a damage limitation exercise. Perhaps agent Spiv's handlers feared he was on the verge of exposing himself, and decided that the best course of action was to close him down temporarily to regroup. Just saying.

If you need more confirmation about who's side Spiv is really on, you might like to read an mail exchange [\[which is published below\]](#) entitled 'Spivey the sellout' I had with Riaz Natha, who comments under the name 'WaxOnWaxOff' on Spiv's 14th Feb '14 'RG arrested' [post](#).

On Spiv's 15th Feb [post](#), in support of his pal Robert Green, whom he describes as a "model of respectability" [excuse me while I just throw up again] he talks about theft of Green's personal belongings, such as computers and mobile phone by the police: "The seizures denied Robert material for his defence and evidence to support his accusations of a cover-up. It now appears that the authorities are again desperate to find sufficient 'evidence' to silence Robert in his campaign to expose child abuse." PIFFLE. In just that one quote of Spiv's is a massive bag of BS. All *genuine* whistleblowers store their important stuff in a secret safe location away from home and they have copies of everything stored with trusted friends. The Green Plant and his bud Spivey – a whopping pair of tricky dickies if ever there were.

Look, RG was arrested LEGALLY for breach of a Non Molestation Order. In other words RG is being told to stop harassing and spreading

lies about Elish Angiolini. For heaven's sakes folks Green and gang are paid big bucks, courtesy of you and me the dutiful taxpayer to **play act**. Rusty is also an actor. According to Spiv he is facing "bumped up charges relating to allegations made linking Elish Angiolini to the Hollie Greig scandal cover up." *Argghhh!* The 'Hollie's army' rat pack are out in force spreading their evil lies that this is all part of the cover up. This foul gang need to be stopped, and **now**. Be very scared. What is at stake here is our **freedom of speech**. The ruling elite have control over everything – except the internet. But it won't be long before they have control over that too. When that happens, it's game over. We're all doomed. Folks, please understand these agents are happily getting themselves **imprisoned** to make themselves *look* genuine. It is all part of the game. Remember their job is to fool us, and confuse us. These egotists don't suffer any hardship in prison; they're treated as heroes. And they're lapping it up and loving it. It's all theatre. Shills are good actors. Just like politicians. Open your eyes and see them for what they are: snivelling, serpentlike, vile, cancerous, verminous, treacherous creatures. All of whom have sold their souls to Satan.

As for Spivey's '**illegal arrest**' on 30th July 2014, this is just an attempt by TPTB to convince Joe Public that the hapless Spiv is the real deal. My take on it is here

http://sharonkilby.co.uk/site/media/Spiveys_arrest_30th_July_2014.pdf

See the reaction to the video of **Tom Cahill's** narration of Spivey's "arrest" debunkathon in the **comments** section. You can also read them

[psy-op] see my 'UPDATE ON SPIVEY'S 'ILLEGAL' ARRESTS JULY 2015 – NOVEMBER 2015' pdf. Please also read my 'Digging into Jimmy's socks' pdf and my 'Email to JJ' re his socks pdf. I sent that email at around 10pm on 1/12/15. 3 hours later he replied! Why should I be surprised at such a speedy response; it's a typical shill trait. **You**

can read that correspondence in my 'JIMMY JONES' pdf. It is confirmation that 'Jane' is his sock and that he should remain in the hall of shame.

Let's just remind ourselves we are at war, whether we want to be or not. The war being waged is an information war. The people we're dealing with are **merciless, conscienceless, destructive scum**. This is not a mere game, nor an online hobby, nor a form of titillating 'alternative' gossipy entertainment. It is not for the faint-hearted or the naive; it is a deadly serious assault on powerful, wealthy figures. They will go to any lengths, stoop to any depths, to protect themselves. And they have an unconscionable amount of unconscionable stooges doing their bidding. The internet affords great freedom of speech, but also gives a wider scope to those who wish to suppress it, manipulate and discredit information presented and those who present it. This sort of activity has long been the preserve of the security services and their deniable, out-sourced private agencies; all of which are now completely controlled by freemasonry. Genuine researchers and presenters of 'dangerous' truth need to be on constant guard for personal attacks, threats, disruption through sophisticated trolling techniques such as 'snowing' and 'intoxication', and to be aware that all their communications can and will be monitored by the Masonic controllers.

The following is an exchange of emails I had with Spivey in March 2013:

Hi Chris,

The following is the email I sent you on 21st January 2013:-

"Love your site and have commented a couple of times. I recall you wrote an article recently re gun control - Alex Jones v Piers Morgan, and that triggered a discussion on whether or not AJ is a Shill. Are you aware of Digger's site? <http://diggerfortruth.wordpress.com/shills/> Might be helpful. Might also be a good idea if you covered the topic of the 'controlled opposition' sometime [I know you're busy, but just a thought...] I've just asked Sabine on V/U to also raise this issue <http://victims-unite.net/2013/01/14/white-collar-crimes-an-evidence-based-definition/#comments> [scroll down to the last few posts.]"

This is the email I sent you on 11th March 2013:-

"I have come to realise how dangerous the 'controlled opposition' are to Truth as they are so successful at thwarting the efforts of genuine NWO warriors. Shills and fake 'victims' are insidious creatures and more dangerous than a corrupt establishment. Please see http://www.sharonkilby.co.uk/site/WAR_ON_SHILLS.php for more.

I believe the Hollie Greig story holds the key to revealing many shills currently prominent in the so-called 'Truth Movement'.

I am aware that many people in the 'alternative media' believed the HG story, based on the fact that Robert Green is so convincing and so believable when he said he had evidence to back the story up. However all that has changed now and there is a great deal of controversy [as I'm sure you are aware] that needs to be addressed, if the so-called 'truth Movement' or 'alternative media' is to retain any credibility.

Would you agree with me that someone from the HDJ group must now produce evidence that Hollie did/can name her 22 alleged abusers and their addresses and professions? [The easiest way would be to publish the transcripts of Hollie's interviews by the police.] 22 innocent people have been accused of paedophilia and it is down to people like you and me now to help clear their names and help them get justice. The real perpetrators need to be brought to book for their part in the HG scam.

Would you also agree that anyone who is serious about trying to stop the NWO will do everything possible to expose the shills/fake 'victims'?

If you are not a shill, please will you respond asap and show me where on your site you are now publicly declaring that the the HG story is a hoax. Please also let me know what you intend to do to expose the shills/fake 'victims' and also whether or not you intend to do your level best to find out and expose who is *really* behind the Hollie Greig story and why."

You did not respond to either email. Please respond now. Please have a good read of [http://sharonkilby.co.uk/site/Why the HG story may hold the key to revealing the shills..php](http://sharonkilby.co.uk/site/Why_the_HG_story_may_hold_the_key_to_revealing_the_shills..php) and help expose the Hollie hoax. If sincere 'Truthers' are to salvage any credibility the 'Truth Movement' may have left, it is crucial that the Truth surrounding the Hollie Greig story sees the light of day.

Are you not curious as to why this story was accepted as fact and promoted so widely by so many people in the 'alternative media' in UK

and internationally? Are you not concerned that there could be a bigger picture to the Hollie story that needs to be explored if we 'Truthers' have any hope of trying to stop the NWO?

Please read my 'War on Shills' and especially the section re Sabine McNeill and Belinda McKenzie. Will you help me expose these shills? See also <http://www.theholliegreigcoverup.net/latest-news.html> re Sabine and Tony Farrell.

Everyone needs to decide who's side they're on. There is no half way house. Apathy is a wonderful weapon for the ruling elite.

With thanks,

Sincerely,

Sharon Zaki

Hi Sharon,

I don't know what your beef is with Robert Green and to be honest, I am not that interested. Neither do I know if he is a 'shill' or not. Once again, I am not that interested. In fact Robert Green and the HG story are very old hat. To give you some idea, your site is twice as popular as his.

I also know that Operation Yewtree is a farce and I wouldn't believe a word that comes out of the officers in charge mouths.

Therefore, if you want to devote your time to exposing RG as a shill, I have no problem with that although personally, I believe there are many more shills in the alternative media who are getting far more attention than RG is. Would you not be better off trying to expose them?

For my part, I have precious enough time as it is just trying to keep up with those public figures trying to bring about our downfall, with non to spare investigating people who may or may not be 'shills'.

I have to say however, you do nothing to further your course by saying: **If you are not a shill, please will you respond asap and show me where on your site you are now publicly declaring that the the HG story is a hoax. Please also let me know what you intend to do to expose the shills/fake 'victims' and also whether or not you**

intend to do your level best to find out and expose who is *really* behind the Hollie Greig story and why."

As I say, I have much bigger fish to fry. I suggest you do the same.

Regards,

Chris.

Thank you for your reply Chris.

My 'beef' is with liars and deceivers, fakes, pretenders ... shill types ... especially those people who pose as truthers, but who are the total opposite of. RG is but one of these.

You ask if I'm "better off trying to expose the many more shills in the a/m". That is exactly what I am doing; RG is only one of the targets. As said, I believe the HG story will expose *many* shills. I think it is down to us sincere 'Truthers' to expose the traitors in our midst if truth is to see the light of day; otherwise we haven't got a hope in hell of stopping the NWO. You say you believe there are many more shills who are getting more attention; can I ask you to name the people who you think are shills?

You criticise me for saying, "If you are not a shill, please will you respond asap and show me where on your site you are now publicly declaring that the the HG story is a hoax. Please also let me know what you intend to do to expose the shills/fake 'victims' and also whether or not you intend to do your level best to find out and expose who is *really* behind the Hollie Greig story and why." I'll agree with you; that probably was a bit abrupt. But it is a reflection of my frustration at the realisation that our so-called 'Truth Movement' appears to consist of a never-ending stream of shills and fakes. I'm having difficulty finding people who are genuine, independent and truthful.

I know you are busy frying your big fish, but *please* can you spare some time just focussing on the HG scam. For the sake of the 22 people wrongly accused of paedophilia, for the seven wrongly labelled child abuse victims and for poor exploited Hollie herself, all I ask of you is to write an article [in the brilliant and hard hitting way that only you know how] that will expose this story as being a complete fabrication. This will go some way to addressing a grave injustice and will give you some

kudos. It will also help restore some of the rapidly diminishing credibility the A/M has left.

If this fake story can gain such momentum and be publicised so widely within the A/M, we have to ask how many other stories are fake? And what's to stop the next baseless 'victim' story cropping up? Genuine victims of Establishment corruption, such as myself, do not want/need fabricated stories such as the HG one being publicised so widely, with the net result of a muddying of the waters. I was fuming when I found out it was a hoax and I'm surprised more people are not demanding answers.

I have to say I am surprised that you [and you are by no means alone in this] are not at all curious as to why this story was [and still is by some prominent 'Truthers'] presented as fact and promoted widely throughout the UK and worldwide. Does this not disturb you?

If you are still undecided as to whether or not this story is true, please take a look at the links on this page:

[http://sharonkilby.co.uk/site/Why the HG story may hold the key to revealing the shills..php](http://sharonkilby.co.uk/site/Why_the_HG_story_may_hold_the_key_to_revealing_the_shills..php)

For your convenience I'll also list some of the facts [below] that prove it is false.

Or you could even interview the 'Hoax' team yourself if you need further proof. I'm sure you agree that it is only right and proper that they get their chance to set the record straight.

I don't know how you can say the story is "old hat" because it is very much alive and causing controversy and it needs a resolution. If we 'Truthers' do not help in this regard, who will? Yes, it's important to focus on the big fish, but when we become aware of a massive deception such as the Hollie Greig story, we need to deal with that too. And we also need to deal with the people responsible for the scam.

Thank you for your help,

Sharon.

Hi Sharon,

As on all things I keep an open mind. . To be honest I do not know if you are someone with an axe to grind against RG, related to those accused or are genuinely someone out to right some wrongs.

I don't know because I simply haven't looked into the matter because as I say, the HG story is old hat and I am extremely busy with other matters. Anything that I put my name to as being written by myself, you can guarantee is the result of hours upon hours of intense research.

For this reason, for me to write a piece on the basis that you are proposing would take me up to 2 months. You say "Ah yes" righting this wrong - if indeed there is a wrong to right - will give me Kudos. But kudos doesn't come into it, that is unimportant to me. I could give you a long list of wrong doings and people falsely accused of things all wanting my help and for that reason, I have to prioritise.

Even if I did spend that kind of time and effort writing the story, it would achieve very little apart from exposing RG as a fake - which nobody gives a fuck at the moment if he is or isn't.

With that in mind, given the lack of interest in the HG story, it is way down on my list of priorities. Obviously, should RG suddenly push the story into the public domain again, that priority would change.

What I will do, when I get a spare ten or fifteen minutes is take a quick scan of what you have sent me. If I think you have something, I will add it to my 'to do' list, but as I say, unless RG becomes active again, there are many, much more important issues for me to address on the said to do list.

Alternatively, simply because I admire your persistence, I can see if the Real Jimmy Jones is interested in the story, if you like. This kind of thing is much more within the realms of what he does.

Chris x

Hi Chris,

Thanks for your swift reply.

I appreciate you're busy, but can't you see this case *should* be high priority. An intelligent guy like yourself should be able to smell a rat just by taking a look at the few facts I listed for you in my last email.

Read again my last email: "I don't know how you can say the story is "old hat" because it is very much alive and causing controversy and it needs a resolution. If we 'Truthers' do not help in this regard, who will? Yes, it's important to focus on the big fish, but when we become aware of a massive deception such as the Hollie Greig story, we need to deal with that too. And we also need to deal with the people responsible for the scam."

As for your comment "it would achieve very little apart from exposing RG as a fake - which nobody gives a fuck at the moment if he is or isn't" words fail me. As said, there are a hell of a lot more fakes in connection with the HG story than just RG. He and his HDJ pals and the gatekeeper 'truthers' who are supporting this story are causing pain and suffering to a lot of innocent people. How would you feel if your name was being bandied about as being one of those 22 accused of being a dirty paedo ... and nobody gave a fuck about that?

Also, read again: "If this fake story can gain such momentum and be publicised so widely within the A/M, we have to ask how many other stories are fake? And what's to stop the next baseless 'victim' story cropping up?"

As said, this is about credibility, not axes - "It will also help restore some of the rapidly diminishing credibility the A/M has left" and "I think it is down to us sincere 'Truthers' to expose the traitors in our midst if truth is to see the light of day; otherwise we haven't got a hope in hell of stopping the NWO."

Talking of traitors, please answer my previous question - please name the people who *you* think are shills. Talking of the NWO, please understand that anyone [especially a so-called 'Truther'] who turns a blind eye to injustice, is assisting in the death, destruction and misery that is the NWO agenda. How are you going to look your daughter and your grandchild [I think I read somewhere that she is pregnant] in the eye when they ask you why you helped enslave them.

Finally, do you have an imaginary friend called Jimmy Jones? Please don't take the piss Chris. This is no laughing matter and if you were worth your salt you wouldn't need someone like me pestering you to do the right thing and expose this damn scam.

Please sleep on it.

Sharon.

The following is an exchange of emails I had with Riaz Natha in February 2014

Hello and good evening! I've had a bit of a rude awakening today. Drudgingly, I decided to comment for the first time ever on a forum, in this case Chris Spivey. Today's post was related to Robert Green, and so I was compelled to provide my take on the charade that is the HG campaign. Referring to the reply section, you'll note I am 'WaxOnWaxOff'. I soon gathered there was an onslaught against me. However the terminology and my inner sense dictated all the replies were from the same person, Spivey himself, masquerading as others. What a prick he is, mind the language, something I've picked up inadvertently from his daily writings. Which to date I had no qualms with. But you make complete sense, he seems the British Alex Jones, riling emotions to the point of despair. Very disappointed as I fell for the ruse of him being a good guy and felt duped at first. I will also not comment on forums as it's not a nice feeling being in connection in any way, shape or form with an utter sellout. Your site is a godsend, and real truth is felt. I sent a link to your site on his forum initially which he didn't display, yet kept responding as other people. Strange as much of his exposes I concur with on an evidential scale. I suppose it's a way of leading the sheep to the abattoir. Anyway, thank you for allowing me to vent, because today was not good for my faith in folk, however you're existence and work allows me to redress the balance. Love and peace!

Riaz Natha

Thank goodness for alert folk like you Riaz. People like you restore my faith in humanity too. Bless you.

Other people have pointed out [on his own site] that Spiv is behind some of the pseudonyms; of course the lying Spiv denies it. Anyone who is a critic of the HG story is blocked by him and on all the other known skill sites. That 'Ally' is a regular commentator on the HDJ/Robert Green blogs. 'Rusty' needs looking into; he's almost certainly an agent. There are so many of these truly evil barstewards ... Wish I had the time to really up the war.

The good news is that the shills are doing a good job partially awakening Joe Public; the half awake folk will progress to sites like mine naturally when they are ready to seek the full truth.

Love to you and yours.

Keep spreading the truth. It is slowly seeping out. The full awakening will come.

Sharon.

P.S If you haven't already done so, take a look at the Nigel Cooper BS story. Echoes of the Hollie Greig story ...

Thank you so much for your kind reply. I comprehend through your writings that you're very dubious of prompt responses, however don't fret, I simply have the eager bug knowing I've got under Spy-veys' skin. Today's daily is another Green header and the crux of the initial bile being directed towards the hoax crew. He really wants me to respond further to my detailed deleted replies. It was then that he was left high and dry and resorted to covering up his tracks by modifying and editing. To be quite honest, if he/they were verbally amicable, I wouldn't be the wiser in relation to him shilling. He really is an amateur and his attitude is his downfall. I'm certain though his attitude is required, as it tends to change perceptions via negative charging of the emotions. A sound ploy if you're a minion of the hellbound. It doesn't work though on folk who operate from the natural vantage point of love. It simply doesn't. It's a divine self protective mechanism. Their sites are only hoovers of the damned, as anyone who unquestioningly believes the drivel does it out of choice as it will accentuate their status quo for whatever rhyme or reason. Maybe I'm being harsh on those who fall foul as prey, however I have took many experiences of folk choosing untruths purposefully even when presented with mountains of irrefutable evidence. What a sad, sad existence however for those who sell the manure though. I've always felt the heroine dealer requires more underlying psychological assistance than the heroine abuser. Someone must explain to Spy-vey he doesn't have anymore hair to lose. One of my deletions yesterday was a link to your site. That is also why he's furious. Today's reply section shows my previous 'ex partners', a link to sheep breeds 101! Wales connection!

I've also scanned through your work on the Cooper case. I contend that the cretins are desperate beyond belief. This issue is even worse than

the HG case at insulting the intelligence. It has absolutely no credibility in terms of transparency. The fact that he is ex Nato, residing in Belgium, in league with a judiciary which has genuine RSA previous, namely head honcho Joris Demmink, is game over for me. In fact the game won't begin. This is minus discussing evidence or lack thereof. It has no legs to stand on and is as farcical as an episode of Eastenders. They must hire better. Your emails with him are hilarious and very RG like. Lots of obfuscation and the clinching emotional rant and defamation threats. Pack of jokers, the lot of them. I must also commend your way with words, truly a joy to observe. These are desperate measures for desperate creatures. In truth, their nonsense only seems to disseminate their viewers like a good filing cabinet. Not a case of do I believe the crap, but can I feel the crap? Once the first domino falls, as mine did yesterday, the rest naturally follow. No more 'Truth Movement' for me, although I was never active, on hindsight a great move, it has consumed a lot of mind and memory. Even the term 'Truth Movement' is deliberately oxymoronic. My personal truth is, was and will be, without the requirement to 'move.' The separation of the wheat and the tares continues.

Lots and lots of love, thanks for the strength, may you and your family be blessed from now to Kingdom come and will most certainly see you up there!

Riaz Natha

Thank you Riaz. My daughter Mel read your reply and was really moved at your last sentence; she said it's a very powerful message.

Would it be ok with you if I published our email exchange, as more confirmation that Spiv is NOT our friend?

Cooper inadvertently led me to the Moylan Judgement so I'm trying to update the site with that. It's just so hard getting the time cos my two youngest are battling anorexia; Mel now has a suspected stomach ulcer and J is relapsing and, barring a miracle, will end up back in hospital. On top of all that one has to earn a crust ...

Daily I pray to HIM upstairs for the strength to carry on.

Sharon xx

Hi Sharon! I trust you're enjoying the weekend. I sincerely thank you and Mel for your kind thoughts and it would indeed be an honour for you to post our exchanges. I tend to feel I must be more practical in my endeavours so of course, please go ahead. I know I harp on about the guy, however Spivey and his writings are quite attractive to his catchment. I personally surmise that he's currently at the forefront of 'researching' and 'exposing' the hierarchy in his own inimitable manner. Much of his exposes are very thought provoking and superbly articulated. My concern is not related to the element of truth but the direction of false revolution in his demeanour and on the forum. Very explicit at the worst of times and aligned with worryingly violent tomes. I find this underhandedly threatening considering recent Ukrainian upheavals under pretenses of righteousness. Agent provocateur he most certainly is.

Regards the Moylan Judgement, I did a quick search and if I'm not mistaken you refer to the hair analysis to prove abstinence from intoxicants? Considering so, the knowledge may prove vitally beneficial in similar occurrences to what you have endured. I'm certain the lot upstairs wouldn't present the option as readily available. It'd be a great assist in terms of information when you do update your site.

I'm touched by your family experiences and upon reading at times verses like a movie script, please pardon the expression. You fight a great battle and as a male I salute you. A lot of emotive issues particularly related to your children and the effect the stress has impacted on them. I understand Mel and J still suffer with anorexia. My true passion is within alternative medicine particularly herbs and diet. With regards to Mel and the ulcer which I assume is stomach related. You're most likely aware that the excess hydrochloric acid in the stomach due to the lack of food will deplete the lining. My recommendation from a dietary viewpoint would be clarified butter/ghee, a teaspoon or two with food. It adds taste and is a wonderfully soothing buffer to the harsh acids and also adds crucial calorific value. Herbally, she may take tea of licorice root, marshmallow root, slippery elm, basically anything providing good mucilage. The difficulty with anorexia would be ingestion in the first place, which is why I suggest clarified butter/ghee. I pray that J receive the comfort he requires. He seems such a sweet lad! You're family in general exudes a lot of togetherness and strong bonds. My family could learn a lot from yours. They have long forgotten family values and are content with material satisfaction.

The net result is a total disintegration of the family structure. I'm certain Mel and J would agree though, the most effective remedy has been a mother who has loved unconditionally throughout a most extraordinary childhood, a mother who displays true grit against falsehood and unrighteousness and a mother prepared to die protecting her children. Your love undeniably provides their spirit comfort. They've been through more in their lives than most experience in a lifetime. God bless them and I continue to remember in thought and in prayer.

Please, please do not hesitate to email me whenever your journeys bring you to London. I would love to be your host for an evening and it would be wonderful to be in the presence of someone so admirable. Lots and lots of love,

Riaz Natha

Hi Riaz,

I am absolutely speechless at your wonderful mail. Thank you. I am not used to such honesty and praise.

Thank you also for your good dietary advise for Mel. I'm also a believer of natural foods being our 'medicine' and [time permitting] I make green veggie juice [but no-one likes it except me.]

I agree with you about Spiv. I used to have so much respect for him but that all changed when I realised he doesn't tell the whole truth. If you're not a full 'truther' you're more dangerous than the MSM. You have to marvel at the very clever way the likes of him, Icke etc keep the masses in 'half-truth' awareness. This buys the ruling elite time to carry out their evil deeds against us. They want revolution as it enables their NWO solution to the 'problem'. It is only a matter of time tho when the full awakening occurs and with that justice and liberty. They know it too.

You and I must be getting under their skin as we're getting a mention on the HGJ

blog <http://holliegreigjustice.blogspot.co.uk/2014/02/waxonwaxoff-exposed-as-shilljon.html> When Melly saw the stuff they were saying about me over christmas the first thing she said was that they're idiots giving me publicity cos it's only going to lead people to the full truth.

Thank you for your kind invitation. As it happens I have booked a 5 night stay in a Forrest Hill apartment from Sunday May 25th for me and the kids [not including Shelly] and maybe Andy's pal [a family friend]. I'm not sure if J will be coming; he keeps blowing hot and cold. Anyway, perhaps we could meet up sometime then?

I think the masons are peed off that you contacted me. Every now and again they let me know that they're watching me cos they love to play mind games in an effort to drive me nuts. They put a glove on my wall in a position of the Satanic hand signal, they tampered with my bike [not maliciously tho], they open my mail and now they're opening Melly's...

The latest 'game' came just after your last email. I deliver 'news'papers [I'm actually a cleaning supervisor/self-employed cleaner but I don't get enough hours doing that] anyway I was told to stop putting my 'Illuminati' leaflets in the newspapers as some woman had complained cos they were scaring her kids. F***ing liars! I asked the name/address of this woman so that I could go round and confront her and ask her to show me these non-existent leaflets. Not surprisingly her identity is unknown

...

Hugs,

Sharon.

I've now updated the site. Have been burning the midnight oil to get it done!
