

The conclusion of the autopsy report http://hourofthetime.com/1-LF/Bill_autopsy_report_07Nov2001.pdf into the death of one of the greatest, most upright and most courageous freedom fighters that ever lived - **Milton William Cooper** [otherwise known as Bill Cooper] - states: "Death of this man is due to gunshot wounds to the torso with perforations of the heart. A gunshot wound to the head with skull fracture is contributory. The manner of death is certified as a **homicide**." See also the toxicology report http://hourofthetime.com/1-LF/Bill_toxicology_report_10Nov2001.pdf

The killing of legend Bill Cooper is another *masonic psy-op*. When the official story of what supposedly happened in the run up to his death does not reflect the truth since it contains **numerous unanswered questions** and is **riddled with contradictions** we can conclude that there is **masonic skullduggery** at work. Please read the following pdfs for a thorough understanding of how we are being mind-controlled by the men in power via their – staggering number of [and growing] – masonic lackeys to keep us imprisoned in their **masonic matrix** and heading for **NWO slavery hell**.

Bill Cooper predicted his own death

<https://www.youtube.com/watch?v=7RPObS0maCE>

Of course, he *should* have become a martyr; he didn't, because – as Bill himself often said – the public have become far too dumbed down and apathetic.

Please note, although I have the utmost respect and admiration for Bill Cooper [I really wish I knew of him when he was alive – I would have tracked him down and given him a massive hug] and I am sincerely devastated that 'they' [very powerful freemasons] killed him – because I know for a fact that there is no longer anyone out there who is a genuine

threat to the men in power – I don't necessarily share all of Bill's beliefs; nor his methods; in fact I think he was quite naïve in some ways, which is what ultimately led to his annihilation. I'll expand on that.

Bill reminded us over and over that we are in a real war, and that we need to be **willing to die in combat**. Unlike Bill though I do not believe this war can be won through the barrel of a gun. He fought to preserve the Second Amendment which states: "A well regulated **Militia** being necessary to the security of a free State, the **right of the people to keep and bear Arms**, shall not be infringed." Bill's talk of civil war to restore constitution was very naïve in my opinion. That might have been possible a couple of hundred years or so ago when the constitution was written, but not nowadays. For starters I doubt very much that there is a hard core of patriots willing to fight to defend the constitution, as Bill believed. Of course, the constitution needs to be defended, but the problem we have nowadays is that FREEMASONRY and other secret societies have seized **absolute control**; they've taken over *every area of authority and big business worldwide*. So, in all seriousness, what good is a private army, let alone one against the might of the police/army/security apparatus ...? The fight is **against freemasonry** and all *secret societies*; it cannot be fought with military weapons [that is what *they* want]; the weapon is the TRUTH WEAPON.

The reality is, Bill's own guns, that he so passionately defended, were in effect turned on him. If Bill had not owned guns [and especially as he had publicly threatened to shoot anyone who encroached on his property or threatened his family] it would not have been so easy for enemy agents to be able to kill him and get away with his murder. I doubt whether we'll ever have another 'Bill Cooper', but if we do I sure hope he **fighters to STAY ALIVE**. What good are *genuine* freedom fighters to us dead?

As Bill said the only reason we are becoming enslaved is because *the people are GIVING UP* their freedom. So, what is the solution?
Education. People need to stop being 'sheople', do their own research; know and speak the truth, for the truth shall set you free.

*John 8:31-32 – So **Jesus said** to the Jews who had believed him, "If you abide in my word, you are **truly my disciples and you will know the truth and the truth will set you free.**"*

Please folks, **ditch the fear**, trust in God to give you the strength to seek and speak the truth.

There is only one truth. Seek and you will find it.

“One basic truth can be used as a foundation for a mountain of lies, and if we dig down deep enough in the mountain of lies, and bring out that truth, to set it on top of the mountain of lies; the entire mountain of lies will crumble under the weight of that one truth, and there is nothing more devastating to a structure of lies than the revelation of the truth upon which the structure of lies was built, because the shock waves of the revelation of the truth reverberate, and continue to reverberate throughout the Earth for generations to follow, awakening even those people who had no desire to be awakened to the truth.” Delamer Duverus.

Bill was a smart man, but he was not so vigilant when it came to the people who he thought were ‘true patriots’. He was certainly hoodwinked into believing people were on his side; many were not; they just pretended to be; they are the *masonic controlled* NWO agents. I don’t even think he realized freemasonry has infiltrated and *controls just about everything worldwide*. And I don’t think he was aware of the sheer number of people [far too many to contemplate] who have sold out. [There again back in 2001 when Bill was alive I guess it wasn’t so obvious, or even *the case*, as it is now in 2018.] Sadly, some in Bill’s supposed circle of friends – his so-called fellow heroic freedom fighters and bastions of the truth – are nothing of the sort; they are the gutless sewer-dwelling sprogs of Satan that Bill dedicated so much of his life valiantly fighting. I’ll just give two of them a mention here and will expose them fully further down.

Doyel Shamley was thought to be – by Bill – one of his trusted and closest friends; his right-hand man. Doyel Shamley was/is in fact the absolute opposite of that; he is just another traitorous, lying, cowardly, sneaky, filthy, masonic controlled NWO shill. After Bill died Doyel Fullofshit Shamley and **Robert Houghton** took over Bill’s ‘Hour Of The Time’ broadcasts. The pair of them can be seen here <https://www.dailymotion.com/video/xeen1i> being interviewed by fellow *masonic stooge* **Theo Chalmers** on ‘Edge Media’ idiot TV. They and all the other so-called supporters of Bill’s – scumbag NWO operatives, who I’ll come to – all have Bill’s blood on their hands.

I'll just point out here that it is very telling when Houghton says on Edge TV that although he was with Bill from "the very early days" and had "shared research", he had *not met him* [only spoken to him on the phone], that he "only became involved with the 'Hour Of The Time', at least working and helping them out directly, in 2002/3, after Bill had been murdered." That translates to 'helping the *freemasons*' out. Also, when Shamley says: "When Bill realized he'd been deceived, and used to spread disinformation, he went after the real threat, which is the very people issuing the *disinformation*" we might ask: why is Doyel Shamley not continuing Bill's work and going after the disinfo agents? It is clear from the Theo Chalmers interview that, rather than researching and exposing the COINTELPRO disinformation network or investigating recent terrorist attacks, these gallant freedom fighters *avoid upsetting their masonic paymasters*, and research only '*masonic approved*' topics, such as: "land rights, 'history and freedom in the U.S' and corporate symbology" instead.

As always, I comment throughout this pdf in red.

The official story is that there was a felony warrant for Bill's arrest from the Round Valley Justice Court – Aggravated Assault W/Deadly Weapon [1 Count] and Endangerment [2 Counts]. Bill was wanted on federal tax charges from **1998**. The felony charges were a result of an incident that occurred on July 11th 2001. During an attempted arrest Bill was shot dead. I quote from the 'CRIMINAL INVESTIGATION APACHE COUNTY SHERIFFS OFFICE COMPILED BY THE ARIZONA DEPARTMENT OF PUBLIC SAFETY' **Translated that means 'PRETEND INVESTIGATION COMPILED BY THE FREEMASONIC DEPT OF PUBLIC SLAVERY'**.

https://archive.org/stream/ArizonaDPSReportDR2001070756MiltonWilliamCooper/Arizona%20DPS%20Report%20DR2001-070756%20Milton%20William%20Cooper_djvu.txt

"On November 6, 2001 at approximately 0005 hours, the Apache County Sheriffs Office (ACSO), Special Response Team (SRT), was involved in an "Officer Involved Shooting." The suspect, William Milton Cooper, critically wounded an ACSO deputy **[Robert Marinez]** and was mortally wounded by another sheriffs deputy **[Joseph Goldsmith]**." **Joseph Goldsmith later died in a motorcycle accident. NWO shills are calling it a 'suspicious' death, but of course no-one provides any evidence of that.**

As far as I can tell [and I have done a thorough online search] there is no other official documentation published regarding Bill's death.

We have no idea who killed Bill, who shot deputy Marinez, and the sequence of events leading up to those crimes. There is no actual *evidence* that Bill shot Marinez. It is not stated how many times Marinez was shot; and if any ballistic tests were done on the bullet[s] that entered Marinez they are not published. Neither is there any *evidence* that deputy Goldsmith shot and killed Bill. The only official document published was written by the men who have a hand in Bill's murder; and no-one genuine has questioned the 'official investigation'. I will expose the people who betrayed Bill [the NWO shills] and will comment on the 'criminal investigation' further down.

According to Bill's biography as presented on the HOTT website – by *masonic puppets masquerading as Bill's trusted assistants* – his wife Annie and their children were sent out of the USA for their security in March of **1999** <http://www.hourofthetime.com/biography.html>

Also stated in HOTT, the tax charges were against Bill *and Annie*: “To short circuit Mr. Cooper's attempt to reveal the true nature of the criminal IRS, and to carry out the orders of the White House, the agency lied to a Grand Jury, not allowing William Cooper to testify, and **secured indictments against Mr. Cooper and his wife Annie.**” So, if Bill and his wife were wanted for arrest on federal tax charges, why was Annie allowed to leave the USA? Why wasn't she *arrested* at the airport? This tells you the masons [police/Apache County Sheriff's Office] had **no intentions of arresting Bill, they were plotting his murder.** Notice you don't see 'HOTT' or anyone else in shillyland making this point. This is because the job of the shill is to keep you thinking 'in the box', they don't want you thinking outside of the masonic matrix; **they don't want you breaking free of their masonic prison.** During the one and only interview Bill did with Alex Jones <https://www.youtube.com/watch?v=VI4NltaBFRU> he says: “**We have never received a subpoena, no notification, no nothing.**” [Listen from 32 mins.] So, who are you going to believe – Bill who says there was *no arrest warrant* out for him, or his murderers? More on that 'Meet Bill Cooper: His Life, His Work, and His Death' video further down.

Here <https://www.youtube.com/watch?v=a6ypikp7-EY> Bill informs you of tax and the law. See also 'Income taxes are voluntary' <https://www.youtube.com/watch?v=LNJuM9ioMpw> In my opinion anyone who challenges freemasonry [which is what is required if you are a *genuine* anti-NWO warrior] is **foolish and naïve** to try and 'take a stand' by refusing to pay taxes. That is just asking for trouble, and it gives the masons *what they want* – an excuse to *criminalise* you. Anyone who stands up to the freemasons has enough to contend with; such folk cannot afford to be giving the freemasons any ammunition. You cannot fight freemasonry that way; you'll just get eaten up and spat out. The *only* way to fight them is to get yourself 'battle strong' [be mentally tough and body healthy], be upright, avoid getting yourself a criminal record and **ask God for the strength** [and I'm talking especially to you people who are bound by your secret society blood oaths] to **publish the truth**. Incidentally I haven't seen the evidence that the likes of Shamley and Houghton are getting away with not paying *their* taxes!

The freemasons sent a strong message to Bill back in 1976 to shut the fuck up; he was physically attacked on two occasions – his skull was caved in causing scarring on his face, on the second occasion he lost his leg and was visited in hospital by enemy agents

<https://www.youtube.com/watch?v=VI4NltaBFRU> [listen from 16 mins].

Now notice what is stated in the autopsy: "**There are blunt impact injuries to the head and extremities.**" Notice also that it is stated: "The torso and extremities are well developed and remarkable for a ½ inch hypopigmented **well-healed** scar at the **upper right back** just right of midline, several rectangular hypopigmented areas at the **anterior thighs** [Comment: consistent with **old skin graft sites**], a 5 inch hypopigmented **well-healed** scar at the medial aspect of the **left knee**, and a **well-healed** left **below-the-knee** amputation." **So, what's the significance of that? Well, it does not state that the 'blunt impact injuries' ["Blunt Impact to Head, Neck, and Right Upper Extremity"] are 'well-healed', which implies that those injuries were caused at the same time as the gunshot wounds on the night Bill was killed.**

According to the 'investigation' Goldsmith acknowledges he shot Bill several times; he does not admit to causing the blunt injuries:

"When asked what he was trying to do when he continually shot at Cooper, Deputy Goldsmith said **all he wanted to do was stop Cooper from shooting**. Deputy Goldsmith estimated he was **approximately five (5) feet from Cooper** and 15 to 20 feet from

Deputy Martinez **when the shooting was over**. Deputy Goldsmith said he, Deputy Martinez and Cooper were all in close proximity to each other when the shooting occurred. Deputy Goldsmith said he fired **nine** (9) rounds at Cooper.”

Goldsmith *might* have shot and killed Bill ... but there's no *evidence* of that ... and *dead men can't talk*. **So, who caused the blunt impact injuries???** **Why was that not established in the investigation? Why wasn't it established at what point Bill was hit by a blunt instrument ... and why?** Notice Doyel Shamley, nor Houghton, nor anyone at 'CAJI' or anyone else is asking these questions.

Now notice that the autopsy also states there is “no fouling or stippling” on any part of Bill's body except his head, which has “a periphery of stippling”. That means Bill was shot in the head at *intermediate range* [a distance of a few centimeters up to several feet - Range of Fire:

Close: <6" Stippling & Fouling

Intermediate: 6-30" Stippling

Distant: >30" Neither [Distances approximate and depend on many variables]]

<http://www.pathologyoutlines.com/topic/forensicsgunshotwounds.html>

<https://www.pathologyexpert.com/boards/forensics/gsw.htm> but shot in the rest of his body at some distance. [The 'Arizona DPS report' confirms this:

“As Deputy Goldsmith was running across the drive to take cover behind the parked cars, he saw Cooper exiting his truck. Cooper exited his pick up via the driver's side door and went around the front of the truck toward his residence. Deputy Goldsmith estimated he was **approximately 30 feet from Cooper** at that point.”

According to the 'report', after Martinez and Goldsmith had issued verbal commands, Bill did not stop but continued toward his residence and began to shoot at Martinez:

“**Deputy Goldsmith** estimated he was about five to ten feet in front of Cooper's vehicle and **15 to 20 feet away from Cooper** when he (Cooper) fired at Deputy Martinez.

Fearing for the life of Deputy Martinez and for his own safety. Deputy **Goldsmith** **advanced on Cooper**, firing his service weapon. Deputy Goldsmith utilized a two handed grip on his service weapon, **aimed at the center of Cooper's torso and continued to fire until he (Cooper) stopped shooting**. Deputy Goldsmith saw two or three more muzzle blasts from Cooper's gun toward Deputy Martinez before he (Cooper) stopped shooting and fell to the ground.” **So the cover story is Goldsmith started firing at Bill's torso at a distance of around 15 to 20 feet, and finished shooting him at a distance of approximately 5 feet.]**

The autopsy report states that the injuries are listed for descriptive purposes only; that *no sequence* is implied. I know nothing about gunshot

wounds, but it seems to me that the likely scenario is that whoever shot Bill [and there could have been more than one person] fired from a number of feet away at his torso and other areas, until he was lying on the floor, not moving; somebody has then approached Bill's lifeless body and - just for good measure - has beaten him with a blunt object, and shot him in the head. This means whoever shot Bill *did not shoot to disable him*, he [or she or they] **intended to KILL him**.

I would have thought that in a situation whereby a dangerous gun-toting man is wanted for arrest [i.e. wanted *alive*] the people deployed for effecting the arrest would all be *highly skilled in precision shooting*. That way they would surely be able to disarm or disable the man, without killing him.

What I find curious is that it is stated in the autopsy that "medium caliber" bullets were found. Why the vagueness? Surely if Goldsmith had fired those bullets it would be specified in the report that the bullets found in Bill's body were .45 caliber [Goldsmith fired a Colt .45 Semi-automatic hand gun.] Course, just like any area of authority, autopsies are conducted by pathologists who are under the control of the *masonic* powers.

According to HOTT Doyel Shamley interviewed an expert – Craig Pradarelli – who explained the autopsy:

"Rob: Now, I think the question here is, has actually been properly explained in the autopsy report that **Craig Pradarelli** did **on that show he did with you, that interview.**

Doyel: Yeah, the autopsy report we did, which I just called Part 1 only because Craig is going to be back on with us again.

Rob: Right, **he's taking a look at some of the other police reports** and... [well if he did take a look at any police reports, he isn't sharing his findings with us! Why isn't Houghton and Shamley looking at these police reports? Why aren't they publishing them, and publishing their findings?]

Doyel: **He clearly points out the angles, the distances, even the order based on pure anatomical evidence the order of fire, or I should say, the order of hits."**

<http://www.hourofthetime.com/robdoyelbillmurderpartone.html> [2/3 of way down.]

HOTT do not provide a link to any information from Craig Pradarelli. There are no video or audio or written interviews with Craig Pradarelli published. If you visit 'recent guests/topics on HOTT' <http://www.hourofthetime.com/recentguests.htm> you find that Craig's surname is spelt differently! and that the 'Buy Now' buttons [for CD and cassette]:-

Ok, let's study the 'report' put out by Bill's assassins

https://archive.org/stream/ArizonaDPSReportDR2001070756MiltonWilliamCooper/Arizona%20DPS%20Report%20DR2001-070756%20Milton%20William%20Cooper_djvu.txt

I quote:

"ACSO Briefing:

Upon arrival at the ACSO facility. Detectives Wood and Martinez met the other SIU detectives, members of the DPS Special Operations Unit (SOU) and deputies from the ACSO. The DPS/SOU had been called by the ACSO, after the officer involved shooting, to enter and search the suspect residence for additional hazards or suspects.

On November 6, 2001 at approximately 0847 hours, the DPS/SOU entered the crime scene and searched Cooper's residence. No hazards or **additional suspects** were found. (Supportive Documents: V. 5)"

So, there's a glaring clue that this 'report' is dodgy; who are these 'suspects'? Bill Cooper wasn't a *suspect*; he was known to the police. He was wanted by them for criminal offences [or so they say.]

Now take a look at what is listed under 'SUPPORTIVE DOCUMENTS':-

"6. The Arizona Republic **Newspaper Newspaper Articles** May 6, 2001 and November 7, 2001."

The masons really do take the piss; don't they. All genuine anti NWO researchers know that ALL newspapers are spokespeople for the very enemy Bill so heroically fought i.e they are controlled by the very men who seek to enslave us i.e. the very men who ordered the murder of Bill Cooper.

Also under 'supportive documents' are, amongst other things, the following documents which **need to be published** if the sceptics are going to be silenced:

"1. Round Valley Justice Court - **Felony Warrant For Arrest** # CR-01 -0310

We’re also entitled to have sight of the Eagar Police Department [EPD] reports and the SRT tactical operation; copies of which were apparently provided by Commander Tafoya. *The most important* documentation which should be published however are the **transcripts of the interviews** that we’re told were conducted of the people who were a party to the murder which [we’re told] were recorded. What we have published instead are *supposed* excerpts of *summaries* of these interviews:

“All the SIU criminal interviews were **voluntary** in nature and all were **audibly recorded**.

The investigative narrative contains **excerpts from interview summaries** with deputies who encountered Cooper, heard deputies issue verbal commands to Cooper, saw muzzle flashes or heard gun shots.

- For complete **interview summaries** of all involved ACSO personnel, refer to the Interview Section of the report.”

LOL. The piss-taking masons really do take the biscuit, don’t they; the interviews were *voluntary*. How can this be called an investigation when an officer ends up in critical condition after being shot in the head, a man lies dead on his door-step and **the people who were witnesses to what actually happened were not *obliged* to answer any questions!** That alone should convince you the official narrative is hogwash.

Folks, I can tell you there are NO recordings of anyone’s interview. These ‘testimonies’ are written – by the evil *freemasons* who are a part of Bill’s murder – in such a way as to make you *think* they’re genuine. Prove me wrong Commander Tafoya, publish them – verbatim, in full and unredacted.

The only way we can possibly know what really happened that night is if there was some video evidence. I don’t know if there was a dash cam recorder on the tactical van used in the ambush of Bill Cooper; there is no mention of such in the ‘report’, but if there was one it was certainly switched off that night!

Ok, so let's take a look at these so-called testimonies. First, we're told that "On November 6, 2001, the SIU detectives interviewed fifteen involved members of the ACSO."

The following are the Apache County Sheriffs Office Special Response Team [SRT]:-

1. Sheriff Brian Hounshell 2. Commander Andrew Tafoya 3. Commander Abraham Hunt 4. Commander James Womack 5. Sergeant Steven Brown 6. Sergeant Clifford Thorn 7. Deputy Joseph Goldsmith 8. Deputy David Padilla 9. Deputy Matrese Avila 10. Deputy Charles Brown 11. Deputy Christopher Oakes 12. Deputy Alfonso Morales 13. Deputy Michael Wood 14. Deputy Brannon Eagar 15. Evidence Technician John Poe.

Now here's another clue this 'report' is a fraud; the highlighted names – Hunt, Morales and Wood are not even mentioned in any of the 'testimonies' published. How can that be? I think the authors of this 'report' need to explain what their involvement was, and they need to publish their testimonies.

Folks, we will never know who really shot and killed Bill, nor will we know who shot Marinez – and whether or not that shooting was *deliberate or an accident*. Doyel Shamley says he was shot accidentally by Goldsmith. That is just conjecture and is highly unlikely; it's a **masonic red-herring**. Shamley, just like all *masonic puppets*, doesn't back up his assertions with *evidence*; he parrots what his **masonic paymaster orders** [you cannot trust anything a shill says; these people are the *masonic controlled DISINFORMATION AGENTS*; their job remember is to **lie, deceive, distract, confuse, disengage, disempower and muddy the waters** so much that genuine sceptics are put off attempting to discern where the real truth lies.] We will also never know if the shooter[s] are any of the people named in the official report. My hunch is they're not; I think there were other people unknown who were present on the night Bill was murdered. This uncertainty **ensures the real truth never emerges**, that the *real* murderers [and with that the people who put out the *order* for Bill's murder] remain undetected and free; and the **masonic NWO slavery regime** trundles on. Of course, the people named in the 'report' will never come clean and spill the beans as to what *really* happened. They are all far too scared of their masonic bosses; and Marinez *may not even know* who shot him.

Back to the script. Now Marinez [the officer who was shot and critically wounded] makes up the 16th person on the SRT. He *wasn't even interviewed*. Some investigation! I quote:

"On November 27, 2001 at approximately 1430 hours. Sergeant Chung and Detective Wood visited Deputy Marinez in his hospital room, at BNI. Detective Wood provided Deputy Marinez with a State of Arizona, Victims Rights Form and informed him he would not be

interviewed. Deputy Marinez was in stable condition but was undergoing continual therapy for his injuries.”

I'll now point out some of the *numerous* contradictions and unanswered questions contained in this 'report' [masonic script.]

According to the 'report' Deputy Goldsmith says there were **seven** people in the **UC** [undercover] vehicle – Goldsmith himself, Commander Womack, Deputy Matrese Avila, Deputy David Padilla, Deputy Charles Brown, Deputy Rob Marinez and Commander Tafoya. Sergeant Brown says there were **four** people in the **Tac Van** [tactical van] – Brown himself, Sheriff Brian Hounshell, Deputy Christopher Oakes and Evidence Technician John Poe. Sergeant Clifford Thorn and Deputy Eagar were on the surveillance team.

Now Goldsmith says: “the UC vehicle and deputies would be supported by SRT members in the Tac Van and other SRT members in marked ACSO vehicles.” **Vehicles** – plural – which suggests there was the UC vehicle, the Tac Van and **more than one other vehicle** i.e. there were at least four vehicles. But Tafoya says there were **three** vehicles. I quote: “Commander Tafoya said the SRT tactical plan called for **three vehicles** occupied by SRT deputies and two surveillance SRT members on the ground, near the Cooper residence. The vehicles were staffed as follows; Undercover (UC) Vehicle (pick up truck) occupied by seven SRT deputies **Fully Marked ACSO Tactical Van (Tac Van) occupied by Sheriff Hounshell, two SRT i deputies and one ACSO evidence technician Fully Marked ACSO Chase Vehicle occupied by three SRT deputies.**” One of the deputies in the Tac Van was Christopher Oakes, **who was the other deputy?** **Sergeant Brown** [the driver] was the fourth person in the Tac Van. Now Tafoya says the 'Chase Vehicle' was occupied by three deputies. They must be Deputy Eagar, Deputy Alfonso Morales and Deputy Michael Wood. That leaves **Sergeant Thorn and Commander Abraham Hunt. Which vehicle were they in?**

As for the surveillance officers, Commander Womack says: “**two or three** officers were assigned to watch Cooper's house and advise when Cooper left the house and approached Commander Womack.” Why is Womack being vague? There were *two* surveillance officers – Thorn and Eagar.

According to the 'report':

“Commander **Womack said Cooper was just getting out of his pickup when he drove to a stop behind him.** According to Commander Womack. **Deputies Marinez and Goldsmith jumped out of the back of Commander Womack's pickup** and began yelling "Sheriffs Office, stop" while they ran toward Cooper. Commander Womack said Deputy Goldsmith ran around the left side of Cooper's truck and Deputy Marinez ran around the right toward the house.”

It is also stated in the 'report':

"Once the UC vehicle came to a stop, Deputy Goldsmith exited the truck bed on the driver's side while Deputy Marinez exited the truck bed on the passenger's side. Deputy Goldsmith proceeded on foot in a northeasterly direction toward two vehicles parked on the east side of the drive, directly across from Cooper's residence. Deputy Goldsmith lost sight of Deputy Marinez at that point. As Deputy Goldsmith was running across the drive to take cover behind the parked cars, he saw Cooper exiting his truck. Cooper exited his pick up via the driver's side door and went around the front of the truck toward his residence. Deputy Goldsmith estimated he was approximately 30 feet from Cooper at that point."

So, if Bill was just getting out of his pickup when the UC vehicle was pulling up behind him [with Goldsmith and Marinez still inside] how could Goldsmith be *running across the drive* when he saw Bill exiting his truck? How could Goldsmith have been 30 feet from Bill?

And what of the Tac Van? There are inconsistencies surrounding that. I quote:

"Deputy Brown said the SRT truck and Cooper's pickup stopped very close to each other. The SRT truck faced north and Cooper's pickup faced south."

And:

"Sergeant Thorn saw the suspect vehicle stopped on the roadway facing west. The SRT vehicle pulled into a position on the left side of the suspect vehicle facing east."

So, was the Tac Van facing north or east? Was Bill's vehicle facing south or west?

And did Bill appear to be surrendering *before or after* Sheriff Hounshell and Sergeant Brown exited the Tac Van? The testimony of Sgt Brown is:

"In an attempt to stop Cooper's vehicle, Sergeant Brown drove the Tac Van in the middle of the dirt driveway. As the two vehicles approached each other, Sergeant Brown stopped the Tac Van in the middle of the driveway causing Cooper to stop his vehicle directly in front of the Tac Van, offset slightly to the west. At that point, Sergeant Brown saw Cooper extend his right hand out the driver's side open window, as if he were surrendering. After seeing Cooper's right hand extended, Sergeant Brown exited the driver's side of the Tac Van."

The testimony of Sheriff Hounshell is:

"Sheriff Hounshell said the approaching vehicle (Coopers) slowed and then stopped directly in front of the Tac Van, offset slightly to the west. Sheriff Hounshell exited the passenger's side of the Tac Van while Sergeant Brown exited the driver's side. Sheriff Hounshell looked over the hood of the Tac Van and clearly saw Cooper seated behind the steering wheel of the pick up truck. Sheriff Hounshell took a position of cover behind the Tac Van, pointed a tactical rifle (Wilson, Combat, AR-

15) at Cooper and began shouting, "Sheriffs Office. Put your hands where I can see them. Sheriff Hounshell said Cooper put his left hand and arm out the open driver's side window but he appeared angry. Sheriff Hounshell said Cooper appeared to comply with the verbal commands by putting his right hand out the driver's side window but quickly Cooper drew his right hand back into the vehicle. Sheriff Hounshell saw Cooper turn the steering wheel to the right (west) and the pick up accelerated in an attempt to get past the Tac Van."

Also, *who might* have been run over? The report states:

"Commander Womack said as he drove around the SRT truck, he saw a deputy lying on the ground. Commander Womack said he did not know if Cooper had shot the deputy or ran him over with his truck."

Womack says he **saw** a *deputy* who he thought might have been run over. The script says it was *sergeant* Brown who *might* have been run over:

"As Sheriff Hounshell was repositioning to the right rear of the Tac Van he heard a lot of noise and could not tell if **Sergeant Brown had somehow been run over** by Cooper's vehicle."

"Deputy Brown saw **Sergeant Brown hanging partially inside the driver's side window of the pickup as it sped away. Sergeant Brown fell from the pickup** and Deputy Brown thought **Sergeant Brown had been run over.**"

And why would Womack think Bill had *shot* the deputy [sergeant Brown]? No-one else says they heard gun shots at that stage.

There are even contradictory accounts of how Bill maneuvered around the Tac Van. I quote:

"Sergeant **Thorn** heard someone saying, " Sheriffs Office. Sheriffs Office. Get your hands up. Let me see your hands. Let me see your hands. Let me see your hands!" About 15 seconds later, **the suspect vehicle backed up**, drove around the SRT vehicle and proceeded quickly toward the residence."

No-one else says Bill backed up:

"Sheriff Hounshell saw Cooper **turn the steering wheel to the right (west) and the pick up accelerated** in an attempt to get past the Tac Van."

"Sergeant Brown said Cooper stared directly at him for few seconds, **turned the pick up wheels to the right (west) just enough to miss the front of the Tac Van and accelerated directly at him.**"

"Deputy Brown said **the pickup accelerated and drove around the SRT truck.**"

There are questions surrounding the gun Bill allegedly fired at Marinez. The consensus is Bill fired the gun using his right hand; why then did Womack *think* the gun ended up in Bill's *left* hand? I quote:

“Commander Womack said he thought the handgun ended up in Coopers left hand as he lay on the ground.”

Sergeant Brown says the gun was less than a foot from Bill’s *right* hand. I quote:

“Sergeant Brown saw a silver revolver on the ground, less than a foot from Cooper’s right hand.”

Even the place Tafoya supposedly moved the gun to safety is not consistent. I quote:

“Commander Womack said he asked Commander Tafoya to move the handgun further away from Cooper. Commander Womack said Commander Tafoya put the gun on top of some rocks.”

And:

“Sergeant Brown saw Commander Tafoya pick up the revolver and move it to a small retaining wall, out of Cooper’s reach.”

So, was the gun placed on a wall or ‘some rocks’?

As for who called the emergency medical services, well even that is uncertain. I quote:

“Sergeant Brown yelled to Deputy Oakes to radio for Emergency Medical Services. Deputy Oakes did as requested.”

And:

“Commander Tafoya radioed for the staged medical personnel (a Paramedic and an EMT), a ground ambulance and the DPS Air Rescue helicopter stationed in Flagstaff, Arizona.”

And not surprisingly there is *vagueness* and *differing accounts* of the amount of gun shots Bill allegedly fired. I quote:

“Deputy Brown did not know how many muzzles flashes he saw.”

And:

“Sergeant Thorn heard an undetermined number of shots being fired. He described two series of gunshots. The first series contained one or two gunshots.”

And:

“Deputy Goldsmith said he saw a muzzle blast in the direction of Deputy Marinez. Deputy Goldsmith saw two or three more muzzle blasts from Cooper’s gun toward Deputy Marinez before he (Cooper) stopped shooting and fell to the ground.”

And:

“Commander Tafoya described the shots as **two initial shots**, a brief pause **and a third shot** followed immediately by a succession of shots.”

And:

“Commander Womack said he saw **Cooper** extend his right arm toward the north and saw **two or three flashes** from his hand.”

And:

“Sergeant Brown heard **two to four rounds** from the **small caliber weapon**.”

And:

“Deputy Avila said **Cooper** discharged a pistol very quickly **at least three times** without saying a word at Deputy Martinez.”

Even whether or not there was sufficient lighting is open to question. I quote:

“Deputy Goldsmith said there was **adequate artificial lighting produced by the residence and vehicles** for him to clearly see Cooper throughout the shooting. Deputy Goldsmith remembered the head lights of Cooper's vehicle being on but he was not sure about the head lights of the UC vehicle.”

And:

“Deputy Avila said it was **so dark**, she did not see Deputy Martinez fall down.”

So, are any of Bill's 'friends, fellow researchers, speakers of truth and courageous freedom fighters' investigating his death? Well, I don't see any of them scrutinizing the 'criminal investigation' or any other official reports that supposedly exist. Have a look at the 'Meet Bill Cooper' video <https://www.youtube.com/watch?v=VI4NltaBFRU> [watch from 1:03:27.]

The biggest traitor of all, Doyel Shamley, says: “*I was told* by law enforcement officials that were on site and the ones who had to come up afterwards to get a briefing; *they* had put out that Bill is not to be let back in the house **alive**. It was premeditated.” **Yes, it was premeditated, but Shamley doesn't attempt to prove that. Instead he misquotes and twists what is stated in a 'report' which is itself a perversion of the truth; as he well knows. Of course the murderers could not let Bill get back into his house; but what is actually stated is:**

“Commander Womack said it was stressed during the training **not to let Cooper get back into his house because the information they had indicated Cooper had a large amount of weapons and ammunition inside**.”

And:

“Commander Tafoya said it was very likely Cooper had several weapons inside his residence, which would present a significant risk to any officer(s) attempting to make entry.

Notice how Shamley keeps stressing his information came from “law-enforcement”. That tells you this is a **masonic charade**. If Doyel Shamley was genuine, the authorities would be giving him – a supposed close friend of Bill Cooper’s – a wide berth. And Shamley would not be accepting what ‘law-enforcement’ say; he wouldn’t be talking in terms of ‘they’ [said this or that], he would be *questioning* them; he’d be covertly recording them; he’d be naming and shaming and *exposing the truth*. And he’d be exposing the fact freemasonry controls all the authorities and the media, including the ‘alternative’ media. He does none of that; he’s not allowed to; he’s only *pretending* to be against the authorities [and the press] remember; he’s actually working for the same masonic master that controls them. Neither would he be going along with the story that Bill had threatened to call police. He doesn’t know what Bill had said to his murderers. [Well he might do; he *might have been* with Bill on the night of his murder for all we know.]

Shamley of course will never expose the fact that the ‘criminal investigation’ is a **masonic work of fiction**. His job is not to prove Bill was murdered by the masonic controlled Establishment [he’s not allowed to *prove* that the authorities are corrupt i.e he isn’t allowed to PROVE that the official story is a LIE]; his job is to make sure *you* don’t look outside of the box and provide the evidence that Bill was murdered for exposing the *freemasonic matrix of control* which is enslaving us in the NWO hell. His job is to keep you *theorizing* – cos theories are no good to anyone since they prove nowt – and to keep you in ‘half-truth’ mode. Remember **distorted or part truth is a whole lie**.

The most effective lie is the half-truth, because in part it can be defended with incontestable logic. Satan knows that the most effective lie is a lie that contains some truth, to disguise the lie.

Shamley is a liar, a deceiver, a coward and almost certainly a high degree freemason himself. He was probably never a friend of Bill’s but was a spy right from the get-go.

And he makes things up [more accurately he parrots what his *masonic handler* has told him to say] for example, he says: “Out of this juniper the

first deputy came out right at Bill's truck. This is the point where bill knocked him off with his arm; not ran over anything; that guy landed on his butt, cos Bill hit the gas, so he made this little curve and this is where he stopped; at this point according to 'law-enforcement' when he stopped one more person approached the vehicle, but not running and that's when he did the open hand thing in a sign of surrender. He went up on the bank to avoid the vehicle that then came shooting up here full speed."

Where does he get that info? The 'report' states:

"In an attempt to stop Cooper's vehicle, Sergeant Brown drove the Tac Van in the middle of the dirt driveway. As the two vehicles approached each other, Sergeant Brown stopped the Tac Van in the middle of the driveway causing Cooper to stop his vehicle directly in front of the Tac Van, offset slightly to the west. At that point, Sergeant Brown saw Cooper extend his right hand out the driver's side open window, as if he were surrendering. After seeing Cooper's right hand extended, Sergeant Brown exited the driver's side of the Tac Van. Sergeant Brown left the driver's side door open, clearly displaying the ACSO police markings to Cooper. Sergeant Brown said the head lights from the Tac Van clearly illuminated Cooper seated behind the steering wheel of the pick up. Sergeant Brown aimed his M-4 sub-machine gun directly at Cooper and shouted verbal commands announcing, "Sheriffs Office. Put your hands in the air." Sergeant Brown heard Sheriff Brian Hounshell shouting the same verbal commands at Cooper from the passenger's side of the Tac Van."

And:

"Sergeant Brown said Cooper stared directly at him for few seconds, turned the pick up wheels to the right (west) just enough to miss the front of the Tac Van and accelerated directly at him. Sergeant Brown was forced to jump out of the way to his right (east), toward the Tac Van, to avoid being struck by Cooper's vehicle. As Cooper's vehicle drove past Sergeant Brown, Sergeant Brown attempted to knock Cooper's hands off the steering wheel using the butt end of the M-4 rifle. The effort to knock Cooper's hands from the steering wheel failed. As Cooper's vehicle continued past Sergeant Brown, Sergeant Brown attempted to reach into Cooper's vehicle and knock the gear shift out of gear. That effort also failed."

And:

"Deputy Brown saw Sergeant Brown hanging partially inside the driver's side window of the pickup as it sped away. Sergeant Brown fell from the pickup and Deputy Brown thought Sergeant Brown had been run over."

Course it goes without saying that whoever made this 'Meet Bill Cooper' video [Robert Houghton?] is also a *masonic controlled NWO gatekeeper* – no genuine researcher promotes press articles/bulletins, nor do they promote shills, they expose them [see this Pete Sanshilli/Doyel Shamshilli interview <https://www.youtube.com/watch?v=0VHLdy6f290> linked which I will comment on in a min]; and genuine anti-NWO fighters *reveal their identity*. People who hide behind anonymity do so because their deeds are dark. I maintain that anyone who works behind anonymity because they

are too scared of the enemy should not be on the battlefield. Cowards are Satan's servants; they're worse than the sheople.

As for the interview with Alex Jones, Bill of course went on to expose Jones as the degenerate, noxious, depraved, dirty, lying, cowardly, disinfomongering scumbag shill he is <https://www.youtube.com/watch?v=AUmR9xfLYyM> [just listen to the words of Bill Cooper; pay no heed to the *Judy Wood plug* – she is controlled opposition too.]

Note incidentally what Bill is saying at 8:30 mins of the video. Bill later states he had been deceived, in order to discredit him https://www.youtube.com/watch?v=7_g0NIBevWk See my 'Welcome' page <http://sharonkilby.co.uk/> for more on Bill Cooper.

Right, onto the Houghton/Shamley *sham interview* <http://www.hourofthetime.com/robdoyelbillmurderpartone.html> Before reading that listen to the Pete Sanshilli/Doyel Shamshilli 'interview' https://www.youtube.com/watch?v=r_1E0jmLtPg [listen from 33 mins.] Incidentally Pete Sanshilli wants you to believe that he only knew of Bill Cooper "Oct or Nov of last year"; that would be Oct or Nov of **2012**. Santilli says he is "the most *controversial* talk show *host* in the USA" since at least **2004** ... and he'd never heard of Bill Cooper. Believe that, you'll believe anything. Doyel Shamley is supposed to be this avid researcher/freedom fighter, so why does he give the likes of Pete Santilli [an obvious shill] the time of day? Why is he not exposing him? Shamley *doesn't expose shills*, he *goes on* their radio broadcasts! <http://thelightofdayradioshow.com/archives/archivesmisc.html> Would Bill have gone on the Santilli show? No, would he fuck. He would have exposed him as the despicable, deceitful, treacherous, loathsome, cowardly fraud he is, just like he exposed loads of other scum of the earth NWO prostitutes.

Before going any further, I will just say that what Santilli says in his introduction are about the only honest words that come out of his mouth. I quote: "The legendary Bill Cooper may be one of America's greatest heroes; and this story may be the biggest story in the history of the world with respect to his assassination."

For ease of reference I quote from the Houghton 'interview' in Blue and from the Santilli 'interview' in navy blue. First of all notice how Shamley gives the "State reports that were done by the Department of Public Safety" *legitimacy*. Only a shill would do that. Genuine researchers – especially one of Bill's researchers – *scrutinize official reports and expose the outright lies, the contradictions, the implausibilities, the improbabilities and the impossibilities*. Notice he doesn't specify how many reports were done, and of course he doesn't publish them; that's because there is *only the one*. He also says: "It came out in those 300 + pages of initial reports." What does he mean by 'initial' reports? Why would a friend of Bill Cooper's be privy to reports which are not available to the public? [*Not that they actually exist; that's just bullshit too.*] The official report [the *masonic work of fiction*] published is 39 pages, why doesn't he tell us what is in the other 261+ pages?

Now this is what Shamley tells Houghton: "But they served it with U.S. federal marshals and he was on the web site and I have the copies in fact on a CD of the website from that period where he was listed right on the front page in the top 10." *Well that's a bit vague and nonsensical!*

And: "Well, they weren't. They were completely told after the fact. In fact, the way it came down the chain of command was they performed this and then after the shooting was done, called the chief, which was Scott Garms and notified him that he had a citizen dead. And they did this and this in his town. So then, of course, he called his two right hand men, which was lieutenant and sergeant, and that would be Lieutenant Kirkham and Sgt. Fraser".

And: "So we sat right down there on the front porch. He [Sgt Frazier] just said well I gotta let you know that Bill's dead and what happened was there had been an alleged complaint against him by Dr. Hamblin in town, Eagar, of a purported assault and basically locally it was just like well whatever and handed off to the county,ok. So the county had sat on it and then decided they had something for a search warrant, so according to Sgt. Fraser, they came to serve that warrant, but they did it with a tactical team and they also did it at 11:47 at night, I believe it was 11:47. Anyway, just shy of midnight, which is obviously out of the normal. You get a guy who isn't guilty, there's been nothing yet, nobody's been served yet even, it's just supposedly a Dr. in town." *Genuine freedom fighters [like his boss Bill,*

who could *prove* everything he said] are not interested in *allegations*; they do not promote unsubstantiated stories; they establish **facts**.

Shills do not substantiate what they say because they *cannot*, because they are *fork-tongued*.

Hearsay is counterproductive in the fight for freedom and belongs in shilly cyberspace.

He tells Sanshilli: "The Eagar police force weren't even up there until it was done; they were called more around one in the morning for a 11:45 pm incident."

Shamley again twists what is stated in the 'report' which was written by the murderers and accomplices. According to the 'report':

"In the summer of 2001, the Chief of the Eagar Police Department (EPD) contacted the ACSO and asked for assistance developing a plan to arrest Cooper, an Eagar, Arizona, resident. The EPD advised Cooper was wanted on federal tax charges from 1998 as well as felony aggravated assault and felony endangerment charges in Apache County. The felony charges in Apache County were a result of an incident that occurred July 11, 2001. The ACSO contacted the Maricopa County Special Weapons and Tactics (MCSO/SWAT) and asked for assistance developing a tactical plan to effect Cooper's arrest. The MCSO/SWAT responded and developed an arrest plan. The ACSO/SRT and the MCSO/SWAT initially planned to arrest Cooper on September 11, 2001, but that attempt had to be canceled because of a possible security breach. On November 5, 2001, the ACSO developed their own tactical arrest plan and conducted a briefing outlining that plan."

Also:

"Commander Womack said there was a federal warrant for Cooper's arrest, but the local police did not execute the warrant because they heard of Cooper stating he would kill as many officers as he had to."

If this was not a masonic script, and Chief Garms was informed afterwards of the 'attempted arrest which had gone wrong', there would be nothing untoward about that; after all, **Garms had passed the job onto the ACSO.**

All this of course is just MASONIC muddying of waters – to give shills like Shamshilli some bullshit to spew and thus deter you doing your own investigation ... and PROVING Bill was murdered by the U.S government. [More accurately the *masons* in the U.S government.]

And:

"Sheriff Hounshell remained at the scene and assisted his deputies as needed before removing his personnel from the scene. It was at that time Sheriff Hounshell formally requested the DPS [dept of public safety]/SIU[special investigations unit] respond and conduct the criminal investigation."

Included in the "INVESTIGATIVE REPORT" are the "Involved Agencies

Arizona Department of Public Safety Criminal Investigations Division Special Investigations Unit (SIU)

Eagar Police Department PO Box #1300 Eagar, Arizona 85925 (928) 333-4127 1. Chief B. Scott Garms 2. Detective Paul Kirkham 3. Sergeant Fred Frazier 4. Officer John Crow 5. Officer John Miller 6. Officer Michael Sweetser 7. Officer Troy Czarnyszka."

Notice Shamley can't even get Fred Frazier's name correct! And notice the reference to **September 11**.

What arouses my curiosity is *why* the masons told us the 'arrest' was originally planned for that day. Who knows if it was or wasn't. Some say Bill was murdered for predicting 9/11
<https://www.youtube.com/watch?v=KKT5XxJ1sbQ> [well yeah, *and the rest!*]
I think the dirty brigade should publish the documentation showing *when* the decision to murder Bill on September 11th was made, and *by whom*. They also need to explain how 'law-enforcement' in Phoenix, Arizona knew beforehand of the 9/11 attacks. [It wouldn't surprise me if the likes of Doyel Shamley and Robert Houghton knew beforehand. Shamley certainly knew Bill's murder was being planned.] Course the lying scumbag masons will just say it was a coincidence. What they're *really* saying is that **the order for Bill's murder came from very high up; from the people who orchestrated 9/11.**

As for the claim that Eagar police were called "more around one in the morning" Shamley *contradicts* himself by later telling Santilli "when Eagar police was finally called – **2 hours later** – and informed "oh you have a resident dead, by the way, in your town" ..."

Shamley wants you to believe that "when Bill said he was going back to his house to call the police [to shoo them on], **[not that there is any evidence that Bill said he was going to call the cops]** I guess that was the signal; **the undercover cops said "oh shit we're busted", cos remember they [ACSO] hadn't involved Eagar police, and he said he's gonna call them.**" Ha ha, **busted my arse; warra comedian this fuckin pretender Doyel Shillshamley is – his masonic handler must be very pleased with him. This is a masonic**

murder, remember, **of course Eagar police are 'in' on it.** Garms and his *masonic police pals knew well in advance* of Nov 5th of the plot to murder Bill.

Now according to the 'report':

"The crime scene was **secured by uniformed officers** and was delineated by yellow **police crime scene tape**. The crime scene was situated on the top of a hill and included Cooper's residence. Cooper's residence is described as a two story home, facing east. On November 6, 2001 at **approximately 1250 hours**, Sergeant Chung and SIU Detectives Wood, Martinez, Keeling, Bottoms and Allen entered the crime scene at the driveway junction, north of Cooper's residence. The SIU detectives were accompanied by Pinetop/Lakeside Crime Scene Investigator Bob Harkey."

If this 'report' was genuine i.e. not a masonic narration there is *nothing to back up* Shamley's claim that "**I'm sure the sheriff delayed a little while, covered up whatever they wanted to cover up, then they had to make phone calls ...**" There is no time specified when Garms' police officers were on the scene, but neither is there anything to suggest any unacceptable delay in telling Garms or in requesting the 'criminal investigation'. So, since Shamley hasn't *proven* a 'cover up', this is just more of the same red herrings *put out by the masons to put you off looking for the real truth.*

As for the story that a police officer named Frazier went to see Shamley at some point after the murder, well that's just more *masonic* storytelling. Shamley provides **no evidence that a police officer visited him**, and he gives a *contradictory* story – he says Frazier was sent to speak to him to tell him about the killing and to give him *protection* [even though – according to the script – Frazier didn't visit Shamley until dawn [6 a.m he says] i.e. *several hours after the killing*] yet he tells **Farren Shoaf** on 'The Real **Masonic** News Radio' that he was *arrested!*

<https://www.youtube.com/watch?v=5hB95AzUAX4> [Listen from 18 mins.] I quote: "They came and put me under arrest and **took me to their ...**" [He tells Houghton that he had the *option* of turning up at the ICC. I quote: "Lieutenant Kirkham showed up in front of our property and relayed to me that the Apache County Sheriff and other entities **would like to know if I would be willing** to come out to the Incident Command Centre. And so I said "Well, yeah, we can go out there." But I told them, I said "I don't trust you guys as far as I can throw any of you, so you'd better stick to me like glue while we're out there." And he actually did so."] Also, he contradicts himself over *how much* information he allegedly received from Frazier – telling Pete Santilli it was a *brief* rundown whilst telling Houghton that

Frazier had explained “all these details” during their “massively long meeting ... probably an hour on the front porch.” Also, during the Houghton ‘interview’ Frazier is a *sergeant*, in the Santilli ‘interview’ Frazier is a *detective*:-

This is what he tells Sanshilli: “Next thing I know there’s flashing lights coming into my home; it was one of the local police I knew; I knew them all; I know them, all still [well he’ll obviously know the ones who attend the same masonic lodge as him!] ... barricades were being put at the end of the road by one of those agencies that were involved to block off my road, and he [Frazier] was telling them “what are you guys, dumbasses?” This is all hearsay from a proven liar who doesn’t back up anything he says with evidence; even though he says he was filming. I quote: “Doyel: Yeah, I have a bunch of the news clips [why?] and then of course the footage that I filmed that shows you the volume of agent cars going up and down, up and down the hill and barricades and everything. I filmed that.” The authorities would have had to barricade the road to prevent unauthorized persons snooping around a crime scene; however that would have been done as soon as police were on the scene, **not a few hours later at dawn**. He said Bill’s been murdered, [no cop would have described that killing as ‘murder’] and he gave me a brief rundown on the spot and said “now we’re protecting you cos they [who?] wanted to come after you, so we’ve got an officer assigned to you”; and they kept their word and did that. And he said “they told us in our briefing at 1:00 am in the morning when the chief finally got the call and called me as the only detective on the force”; and we went up there and they said “we do not want another ‘WACO’ or ‘RUBY RIDGE’”.”

According to the script:

“After the shooting, Sheriff Hounshell proceeded to an area near the Cooper residence and met with Commander Tafoya. Shortly after arriving at the residence, Sheriff Hounshell learned Deputy Marinez had been shot. Sheriff Hounshell, assisted by Commander Tafoya, began to initiate incident scene command. Sheriff Hounshell said medical personnel were requested and they arrived within minutes to assist Deputy Marinez.

Sheriff Hounshell remained at the scene and assisted his deputies as needed before removing his personnel from the scene. It was at that time Sheriff Hounshell formally requested the DPS/SIU respond and conduct the criminal investigation.

The crime scene was secured by uniformed officers ...” etc etc

So, the cover story is: it was established soon after the killing that Bill had shot Marinez, and Goldsmith had then shot and killed Bill. Soon after, the 'criminal investigation' began.

Let's assume this was not a masonic murder i.e. that this was a genuine case of ACSO attempting an arrest which ended in a shootout whereby an officer got injured and the intended arrestee killed. There would have been a proper investigation which would have had *nothing to do with Doyel Shamley* – he would not have been arrested or questioned, neither would he have been given any information; nor would he have been given police protection. Since it was a *masonic* murder there would have been a *pretend* investigation.

Doyel Shamley, tell us the name of your masonic handler who is telling you to parrot this shit. Course the likes of Santilli [the smug prick you just want to punch who says "they protected you at that point; and thank goodness they did cos you're here to tell the story"] and Shoaf just accept and promote his bullshit, *no questions asked*.

As for Frazier being "the only detective on the force" he was – according to the 'report' – a sergeant, Paul Kirkham was a detective present, the lead detective was Kevin Wood. Other detectives from the SIU [Special Investigations Unit] named are:

"Detective Frank Martinez #1334 - Interviews, Crime Scene 3. Detective Roger Keeling #4000 - Interviews, Crime Scene 4. Detective John Bottoms, #4290 - Interviews. Crime Scene 5. Detective Mike Livingston #4397 - Interviews, Crime Scene 6. Detective John Allen #451 1 - Interviews, Photographs, Crime Scene Diagram 7. Detective Wayde Webb #4891 - Barrows Neurological Institute, Hospital Follow Up 8. Detective Bill Beck #5043 - Interviews Arizona Department of Public Safety Criminal Investigations Division 2102 West Encanto Boulevard Phoenix, Arizona 85009 (602) 223-2000 1 . Detective Terry Johnson, #2479 - Pima County Office of the Medical Examiner (OME) Autopsy Photographs. Autopsy Evidence Recovery 2. Detective Charles Serino, #4731 - Pima County OME - Assist Detective Johnson. Detective Michael Cirivello."

Now the picture painted is: "Locally he had a reasonable rapport with these gentlemen and probably sending a marked patrol car up to Bill's house at 10:00 in the morning and coming up and knocking on Bill's door would have resulted in Bill opening the door and talking to these gentleman and obviously they did not want, however this raid was performed, they did not want to talk to Bill. There was a foregone conclusion in their minds, I believe, from everything we can, all of our research [what research Houghton?] we've done since then, there was a foregone conclusion in law

enforcement didn't want Bill to walk away from this one. So like you say, Doyel, it is very odd that they decided to do this at 11:30 at night."

If this was a genuine scenario and not a masonic script I should imagine an attempted arrest of a heroic freedom fighter who is a dangerous trigger-happy militia man late at night would be justified because they would not want to attract the attention of the locals, which likely would have happened during daylight hours. They obviously would want to just execute the arrest with as little drama as possible. Law enforcement would indeed have been keen to avoid another 'WACO' or 'RUBY RIDGE'; there again I don't think the masons need concern themselves about such standoffs as there are *easier ways of destroying the folk who piss them off*, **thanks to the sheer number [and growing] of masonic lackeys such as the cowardly traitors Doyel Shillshamley and Pete Sanshilli** polluting the WWW these days.

As for a reasonable rapport with the police, Bill despised them. He had a personal vendetta against Garms; he despised the cowardly, lying, traitor. I quote: "Garms let me tell you this, if this continues with my daughter, I will personally settle this with you; you'd better listen to me you nazi son-of-a-bitch, lying puke faced ... if anyone approaches my daughter or any other member of my family, Garms I am going to come down and I'm going to settle this with you personally; you stinking little shit ... here's my message to you Garms or anyone connected with the police or highway patrol, the U.S government, the U.S Marshal service, the FBI ... any of you puke faced traitorous bastards who have taken an oath to protect ... if you have a bitch with me then you have the balls to come up here and take it up with me; don't you touch or harm any member of my family ... if you do – and this is not a threat it is a **promise – I will come down off this mountain and I will personally start the restoration of constitutional republican government over the dead bodies** of all you puke faced, lying, threatening, despicable, dishonourable, unethical, immoral, federal puke faced bastard employee I can find; if you ever dare go near my daughter again ... because you simply haven't got the balls to come up here and face me." https://www.youtube.com/watch?v=PpKoNDL_7Ww
Bill was telling Garms not to threaten his daughter Jessica that she'd be locked up if she didn't provide the police with info. [Bill says Jessica told him that "the US marshalls are after her in an attempt to make her betray me. They want her to tell them all about my house, and all about the rooms, and what is in the rooms and how many weapons are here, and

who else is here and how I'm going to defend myself should they come after me. She said they terrorized her; they threatened her – told her that if she did not co-operate she might go to prison. She's 20 years old ... none of this could be happening without the complete cooperation of chief Garms here in Eagar; the **nazi** police chief.”] **Of course the evil freemasons knew that Jessica would tell her dad everything that the marshals had said; unfortunately Bill's understandable rage and his public threat to Garms was playing right into the masons' hands.**

And not surprisingly the despicable traitor Doyel Shamley accuses Jessica of being a plant “who drew articulate maps and gave detailed descriptions; she was only there to backstab her father.” He says: “She even used that to get famous afterwards; all she did was provide the police with the layout of Bill's house and his habits ... it's **all in the report, signed by her.**” **What report might that be Shamshilli? PUBLISH IT. PROVE what you say, you lying, cowardly, filthy, traitor.**

It wasn't Jessica who betrayed Bill – there's no evidence of that – it was Bill's 'second-in-command' Doyel Shamley. He is the one who facilitated Bill's death. He was a key player in the plot to murder Bill Cooper. Listen to the equally traitorous, fake as fuck Pete Santilli expressing disgust at Jessica's *alleged* betrayal https://www.youtube.com/watch?v=r_1E0jmLtPg [Listen from 1h 17 mins.]

As for the confrontation of Bill and his murderers, the account Shamley gives to Houghton is *at odds* with the one he gives in the 'Meet Bill Cooper' video, which differs to the 'report' which, as you know, is itself a misrepresentation of the facts! I quote:

“Doyel: ... that's when **a car came zooming uphill**, and that would be the access from town up this little hill and that one tried to cut him off and at that point I'm assuming he knew something was wrong. Now, **here is the real clincher.** In the briefing they told Sgt. Fraser, who was decided the one to come talk to me that he, **Bill, had put the vehicle, the truck in park and had stuck both his hands out the window, palm open fashion, basically showing I don't have nothing in my hand.**

Rob: **I'm not a threat**, basically. That's the idea. **Ha ha, he was a threat; that's why he was murdered.**

This *picture painted* of Bill being treated as a criminal or terrorist and ambushed when he was *unarmed and doing all the law-abiding things* – calling cops [*allegedly*] to remove these partygoers and then *seemingly* surrendering when confronted by ‘law-enforcement’ [even the masonic rag *doesn’t state categorically that Bill did surrender*: “At that point, Sergeant Brown saw Cooper extend **his right hand** out the driver's side open window, **as if he were** surrendering.”] are *masonic diversionary tactics ... to discourage you looking at facts, and PROVING the official story is a lie*. Yes, we know ‘they’ were intent on murder, but Doyel Shamley [who was supposedly Bill’s right-hand man – the person who knew him best, an honest and trustworthy guy] and his fellow traitorous, lying, cowardly, masonic-controlled colleague Rob Houghton *deliberately do not provide the evidence of that*.

If Doyel Shamley was *genuine* i.e not a NWO shill he would have pointed out, as I have done, that Bill clearly **did not ‘appear to be surrendering’** because the official story is **jam packed with contradictions** including **whether or not Bill appeared to be surrendering before or after officers exited their Tac Van**. [The testimony of Sgt Brown is: “At that point, Sergeant Brown saw Cooper extend his right hand out the driver's side open window, as if he were surrendering. After seeing Cooper's right hand extended, Sergeant Brown exited the driver's side of the Tac Van.”]

The testimony of Sheriff Hounshell is: “Sheriff Hounshell exited the passenger's side of the Tac Van while Sergeant Brown exited the driver's side. Sheriff Hounshell looked over the hood of the Tac Van and clearly saw Cooper seated behind the steering wheel of the pick up truck. Sheriff Hounshell took a position of cover behind the Tac Van, pointed a tactical rifle (Wilson, Combat, AR-15) at Cooper and began shouting, “Sheriff's Office. Put your hands where I can see them. Sheriff Hounshell said Cooper put his left hand and arm out the open driver's side window but he appeared angry. Sheriff Hounshell said Cooper appeared to comply with the verbal commands by putting his right hand out the driver's side window but quickly Cooper drew his right hand back into the vehicle.”]

Bill would never have said he was going to call the police either; that’s just laughable. We’ll never know of course how Bill reacted to his murderers, and at what point he knew he was in trouble. My hunch is he knew the moment he confronted the ruse vehicle that those imposters were there to murder him.

As said we don’t know what really happened because the official report is a lie, and Shamley is only *pretending* to be in opposition to the authorities. Shamley *does* know what really happened, but he’ll never tell you the truth; his **allegiance is to freemasonry**.

Notice Shamley talks about the officers in a derogatory way, this is just a *show*, to convince you that he is fighting the authorities. The likes of Shillyshamley and his buddy Sanshilly and Houghton want you focusing your anger *on government officials and other authority figures*; it is another little *trick* the men behind the NWO use to get you *off the scent of freemasonry and other secret societies*. How often have you seen amongst the comments under many controlled opposition videos and articles and on other public forums [most of which btw are written by *enemy agents* posing as members of the public] officers being referred to as CIA/FBI/police *goons* for example? The overwhelming majority of government employees are not bad people, they are honest and upright and have no knowledge of freemasonry and what is really going on in the higher echelons of their organization; and that is probably true of many who hold senior positions. It is the *few at the top*, most of whom are high degree masons or who have affiliations with freemasonry or some other secret society, who are perpetrating the corruption and the evil which filters down the *masonic pyramid structure* of their organization. Remember freemasonry controls pretty much everything apart from individuals and small businesses. This is how we are *kept imprisoned in the masonic matrix*.

Doyel: Yeah. Well, then **at that point, more people came out of the other trees**, you know I don't mean out of the air, **this little brush, 6 to 8 feet tall**.

Rob: Is my memory serving me correctly in that there were **fourteen officers involved**? **14? Where does that figure come from?**

Doyel: And **at this point he obviously realized that something was wrong and he whipped his hands back in, threw it into gear, no he did not grab a gun even though there were two available in the truck. I know for a fact, and he didn't do that.** **So how does Shamley know that Bill didn't grab a gun???** **How does he know that for a fact???**

He also says Bill *punched* Sgt Brown: "... he jumped up on the step and tried to swing at Bill, and Bill knocked him off and **they admitted that it was a punch that knocked him off**, no running over him, no nothing like that" which also contradicts what he says in the 'Meet Bill Cooper' video - that Bill had **"knocked him off with his arm"** which also differs to the official story:

“Deputy Brown saw Sergeant Brown hanging partially inside the driver's side window of the pickup as it sped away. Sergeant Brown fell from the pickup and Deputy Brown thought Sergeant Brown had been run over.”

As for Bill's prosthetic leg, Doyel Shamley even lies when he tells Sanshilli “every day I had to ‘caretake’ Bill's stump” because he didn't even know that Bill had a “left *below-knee* amputation”. [See autopsy report.] When Houghton asks if it was above the knee amputation Shamley replies: “Yeah, it was pretty high, it would be mid thigh.”

As for the point at which officers identified themselves, Doyel Shamley's version [which is supposedly Sgt Frazier's account] *contradicts* the official narrative. I quote: “Rob: Now Bill pushes this guy off of his pickup truck, who's trying to swing at him to stop him, I'm assuming at this point, are these officers in uniform? Doyel: No, at this point they still have not identified themselves.” And: “Doyel: Yeah, and the front door right there, and at that point, according to the Sgt. Fraser, at that point they finally identified themselves.” The official narrative is:

“Sergeant Brown left the driver's side door open, clearly displaying the ACSO police markings to Cooper.”

Sergeant Brown aimed his M-4 sub-machine gun directly at Cooper and shouted verbal commands announcing, “Sheriffs Office. Put your hands in the air.” Sergeant Brown heard Sheriff Brian Hounshell shouting the same verbal commands at Cooper from the passenger's side of the Tac Van. Sergeant Brown left the Tac Van running and all lights activated when he exited the vehicle.”

As for the order of shots, the HOTT skills say: “The shot to the heart came after the shot to somewhere else in his body because the heart was still pumping at this point ... basically the order of shots shows that the shot to the head was prior to the shot to the heart.” **That is not what the ‘report’ says; nor is it evidenced by the autopsy.** Scroll back up to the section on stippling.

The skills say their information on the gunshots comes from an ‘autopsy expert’. Shamley says: “So, it had to be in that certain order and that throughout the report he goes step by step, you know we did that on the air step by step in the report as far as the order and the distances which are a key thing, and the angles.” And he tells Sanshilli “There are a lot of indications that one deputy [Goldsmith] shot the other deputy – Marinez, that got injured, and it was blamed on Bill ... because of the angles ...”

That is a gross misstatement – there is absolutely no proof of that; let alone a “lot of indications”.

Shillshamley is proud to announce: “We did a whole autopsy audio as I’m sure you’re aware of cos it got kinda famous ... with a bona fide autopsy expert.” I’m curious as to why he felt the need to stress that it was with a bona fide expert. Is it because Craig Pradarelli is *not* genuine? Also, why has that – famous – autopsy broadcast disappeared into the ether?!

Shamley also says: “When they got him down, then there was multiple close-range shots right at the body [he tells Farren Shoaf that the “autopsy indicated gross amounts of stippling ... he had stippling on his temple and shoulders”] ... And because of the angles, and you can track the course of events in a good autopsy, which we were able to do in our famous broadcast about this, he already had a fatal catastrophic wound.” The point being made is that Bill was already disabled and dying, and yet someone had pumped more bullets into him – to finish him off; which is all the proof you need that the authorities had no intention of arresting him; their aim was to kill him.

Unfortunately Shamshilli *doesn’t back up his assertions with facts* ... and baseless claims, or – worse – a *misrepresentation of facts*, are never going to expose foul play. Job’s a good un.

Shamley again *misrepresents the facts* [this time contained in the autopsy – a *genuine* report.] The autopsy states there was stippling only on Bill’s head, also that there was *one* penetrating gunshot wound to the head. It does **not imply that there were multiple close-range shots at the body**. It states that Bill died from gunshot wounds to his torso, and that the gunshot wound to his head is contributory.

Why did Shamley and Houghton go to the trouble of doing a broadcast [*which is no longer available*] with an ‘expert’ who apparently explained angles of bullets fired [which appear to be mere *speculation* at best and plain bullshit at worst], when they could have simply scrutinized the official report, and made the points I do? Because the points I make are *facts*, which expose the official story as a LIE, which PROVES Bill was murdered by the – freemasons – in the government. Are you seeing the modus operandi?

Doyel Shamley *never* points out *facts* because that is the ‘out of the box’ stuff i.e. the stuff which will free us from the *masonic matrix*; instead he makes unproven statements, he constantly contradicts himself, he outright

lies, he speculates, he misquotes, he bullshits, and he associates with shills. In short, he is prostituting for the masonic powers ... he is a NWO shill ... he is working for the very people he pretends to oppose ... he is working for the men who murdered Bill.

As for the paramedics who saved Marinez's life, well Doyel Shamley lies about them too. I quote: "And that's probably the only reason that I didn't hear anything going on, because if all that stuff would have been blaring I would have heard it. It was a decently weather night, so with the cloud cover and not much wind at the point when I went to bed, the bedroom window even was cracked slightly and being only about a mile away, I would have heard sirens. And the neighbors also reported at the drive by distance to get to his house that there was no lights or sirens whatsoever, and I followed that up with interviews face to face with paramedics and they had been briefed just prior to the Apache County going up there that not to run any sirens, lights, they did not want to alert the public what they were doing." If that was true he would as sure as hell have got such testimonies recorded. He can't even name these people [he can't risk being sued.] Shamley did not speak to any neighbours or paramedics. He is a lying lump of shit.

This is what the lying scumbag tells Santilli [who just accepts all his bullshit of course]: "The report shows that in case of any fatalities the attackers had even pre-arranged with the ambulance services that if they were to come through town not to run sirens; that way people aren't getting woken up." The 'report' does not show that. There is no evidence that any ambulance driver drove without sirens on the way to Bill's house just after his murder. As for driving without lights, can you imagine someone trying to drive an ambulance without being able to see where s/he is going, let alone trying to make an emergency call! [Anyone trying that, I should imagine, would have had great difficulty finding Bill's house; and probably would have crashed on route.]

This is what is stated in the murderers' report:

"Commander Tafoya radioed for the staged medical personnel (a Paramedic and an EMT), a ground ambulance and the DPS Air Rescue helicopter stationed in Flagstaff, Arizona." So, was the helicopter silent and without lights too?

The HOTT shills even contradict themselves on who would investigate any [alleged] disturbances. Shamley says: "It was quite normal if something

seemed awry. It didn't matter what hour it was, he would call me and I would be instantly up there even when some guests were there that were not what they had worked themselves up to be, they were scared to go outside and check out things in the dark because the boogey man, so even though there's three other people, grown men there, he still would have to call me, and I'd go look around and know everything was good, that it was kids down there drinking beer and whatever. It was, you know, quite the normal thing and it was like blueberry hill." Narcissistic prick. Notice he doesn't identify any of these 'guests'; I bet if he had named them they would have quickly let it be known that Doyel Shamley is chatting shit.

According to Houghton, Bill *did not call* his mate Doyel Shamley whenever something needed investigating; he'd do it himself: "Bill had in the past gone up and asked groups of teenagers to get off the hill, so this is something that had happened in the past which is probably the reason that Bill didn't give you a call before he headed out to investigate the ruckus." I wonder if Bill did try to call Doyel or anyone else before heading out; I wonder if Annie [Bill's wife] checked Bill's telephone bill to see if he had tried to call anyone. I wonder if she suspects Shamley is a rat.

Doyel Shamley even contradicts himself on the weather.

I quote: "Doyel: Yeah, except for the fact of probably one of the worst monsoons ever.

Rob: Right. It was raining a lot at that time.

Doyel: And so it was incredibly dark outside.

Rob: Now, was it raining the night before as well?

Doyel: From what I recall, no. It started mid morning.

Rob: Ok.

Doyel: When it goes off here because of monsoons, massive lightning shows.

Rob: So, you remember being woken up at 2:00 in the morning, you said, I'm not sure if that got cut off on our tape. The monsoon hadn't started yet, it probably had started at 2:00 or 3:00 in the morning as you're saying."

So, did the heavy rains start mid-morning or 2:00 or 3:00 a.m? And if the rains didn't start until mid-morning, what woke Shamley up at 2:00 in the morning? [The story is he didn't know anything had happened until Frazier told him at 6 a.m whereby he subsequently went to the ICC and then up to Bill's house.]

And: "At that point, because he opened fire, they opened fire and shot him to death right there on the door, basically on the doorstep, he was...the blood and everything was left there of course so I got to deal with all the mess. He would not have done that job; there is no evidence that he did. There was even hair still laying around and whatnot. It was probably 18 inches from the edge of the sidewalk, so you're talking 3 more foot from the front door."

And: "Doyel: But, either way, if there was some time given to Marinez and with the loss of blood based on what I had to clean up, and I had to identify the body of course at the morgue and everything,

Doyel: Well, conveniently the county coroner is Dr. Scott Hamblin, who's the one who the whole assault charges surrounded. So, they didn't call him in because of conflict of interest so they had to call Navajo county's corner and wake him up, and get him over here. Well, we're talking the next county over. So, then in the middle of the night, he's gotta get up, get dressed, get what he thinks he might need and drive. So, there's another couple of hours leeway before he got there being dead on site, and then he was left there throughout the entire day through some record monsoons for that year out in the open. In the sense of the fact that he was left on site, I did query with the law enforcement officers when I get though the barricade and they told me that a gentleman up there said we're not barbarians and took his poncho out of his truck and covered up Bill. Yeah, that's bullshit too. Shamley has been told to say this kind of stuff to get people to focus their anger and hatred at the regular workers in the police and other government departments. Those people aren't the enemy; the freemasons are the enemy – especially the high wanking ones.

Doyel: Because he was just left out there in the open. And then it was left at that, and then about, this is going from memory at this point now, Jewkes Funeral Home, which is the only one we had at the time, they came up, I would say it would be about 4:30 in the afternoon and picked up the body

because that's who picks up the bodies and holds them to do autopsies, which in our case is Tucson is the forensics lab."

So, if the body was left out until 4:30 p.m those heavy rains [record monsoons] whether they had started at 2:00 or 3:00 a.m or mid-morning would surely have washed away the blood from Bill's body – nothing for Shamley to clean up.

And if the body was removed at 4:30 p.m wouldn't Shamley have identified it *where it lay*, rather than at the morgue? He says: "Nothing occurred and then out of the blue here they come down, I say, about 3:00 in the afternoon or so, and wanted to do this warrant. Now, at this point, this is the first time I'd seen it and this is what included basically everything known to man in that house. They took me to the house, room by room." [Not that he actually *did* identify the body of course.]

And where are his photos/video of the body??? If I was in Shamley's shoes I would be showing the world what those murderous bastards did to my friend.

And who took him to the ICC? Was it Frazier? I quote: "Doyel: Yeah, we had a massively long meeting.

Rob: Ok. I wasn't aware that that all happened at that point. At some point was it this gentleman that took you in to, I don't know what you would call it...

Doyel: The command centre, ICC."

And: "Rob: we're around about 7:00 o'clock in the morning following Doyel's conversation with the Eagar Police ... It came on what exactly had happened up on the hill that day and Doyel's just been taken to the ICC you said, Incident Command Centre or Incident Control Centre?

Doyel: Yeah, by now, ok, there's probably an hour on the front porch with the Sgt. Fraser and then, like you say, about sevenish, eightish, now we'd be pushing a little after eight."

Or was is Kirkham? I quote: "Officer Kirkham, who at the time was Lieutenant Kirkham, he showed up in front of our property. Now, he came up to the door ... He took me out to the Incident Command Centre."

And do the cointelpro turds provide any information on any law suits?

Course not:-

Houghton asks: "Now, were any of the shots that Bill fired, any of those slugs recovered, because Bill allegedly shot one of the sheriff's deputies and apparently there was a law suit which we'll talk about a little later."

Everything's *later* in shillyland. So where is the information on the law suit? Presumably it's the one referred to here

http://www.wmicentral.com/news/latest_news/deputy-sues-county-over-shootingclaims-he-was-not-properly-equipped/article_8d60fd63-9e74-5e80-b749-255d806356d0.html

In response to Shamley saying 'they' "admitted that it was a punch that knocked him off" Houghton says: "Well, I mean that never surfaced at any future law suits either. So how many law suits were there; and where is the information on them? There was never anything else from, no complaints from this particular gentleman, so to speak."

And this is what Shamley says about Bill's ex-wife Sally and his daughter Jessica:

"Of course, Jessica and her [Sally] tried to pursue a law suit by threatening us with scare tactics and I told them to "go piss up a crooked stick" and then they went and got a lawyer and that didn't work and they finally realized they had nothing to stand on; they were not trustees, never had been, were anything close to it." So, publish the documentation from the lawyer and re the law suit – *prove you're telling the truth.*

Ok let's look at what else is spewed on the Pete Sanshilli Show:-

Sanshilli says Shamshilli is "serving our nation behind the scenes on our behalf; he is a true patriot ... I know Doyel Shamley has done his due diligence ..." *Nauseating.* Shamshilli says HOTT have a staff of researchers who research day and night. *Yeah ok, show us this research. Who are the researchers??? Where's ya research into the Boston Marathon Bombings??? Where's ya research into COINTELPRO agents???* He says he has to show youngsters how to research. *Yeah right. Tell us who your students are Mr Phoneyman.* The twat says:

“Believe it or not the world is not on the internet.” Funny how all the shills are! And: “Freedom isn’t easy; and it’s not free.” Well it’d be a lot easier if the likes of traitorous CointelPro monkeys like Shamshilli and Sanshilli weren’t infecting the internet. Notice the bullshitters talking about the constitution and freedom. We’re not free because freemasonry and other secret societies rule just about everything worldwide; including these two smug idiots. Shamley is telling you to go to all sorts of hearings – Town Hall, County – all of which are **masonic controlled** – but he won’t tell you that. He criticizes the liars in congress ... He works for the same masonic master as those liars. Pete Sanshilli skits at all the cowards who are fighting for freedom *anonymously*. Sanshilli is a bigger coward cos he seeks *protection and rewards* from the **masonic puppet master** i.e. the people who are enslaving us. Listen to the scoundrel Shamshilli criticizing the public for accepting their enslavement; saying [with Sanshilli in agreement]: “**Boston was a dry run; a perfect dry run, if you want a litmus test of the American people** ... as the police forces moved down the streets ... people staying in their houses and quivering.” Um isn’t Doyel Shamley a researcher? Doesn’t he have a team of researchers? Why hasn’t he/they **researched the BB psy-op**, and exposed the truth??? Sanshilli asks Shamshilli “If **we** can muster up that 3-5% [of *real* freedom fighters] of heroes to save us.” Ha ha, Sanshilli’s pretending he’s in that tiny percentage.

Listen to Pete Santilli crediting fellow filthy shill **Colonel Roy Potter** - referring to him as a ‘patriot’ who is doing so much to ‘defend the constitution’. Oh Jesus, Bill would be turning in his grave [see <http://sharonkilby.co.uk/wp-content/uploads/2017/07/THE-BOSTON-BOMBING-PSY-OP-%E2%80%93-a-closer-look-at-the-work-of-the-COINTELPRO.pdf> for more on Potter and Sanshilli.] Shamley says: “Just write off the anonymous writers and the bullshit artists.” That would include himself and his pal Pete the Prat; actually no, don’t ‘write them off’, bring the fuckers to justice. The prick Doyel Shamley proudly announces that he’s “in contact with the sheriffs all over the country ...” Yeah, his friends, the people who are under the control of the *very same masonic power as him!* Shamley says the people are lazy; “they’re spreading rumours, they’re not getting any solution-oriented things going.” Shillyshamley is behind rumours regarding the death of his own ‘best mate’ Bill. He says: “The bulk of that stuff is started by agents provocateurs.” ALL of that stuff is spread by shills – scumbags like him. The wanker says: “Don’t press that forward button [on an email] cos you’re only helping the enemy.” And

it won't be long before *everyone* knows how much Shamley and his stupid mate Pete Santilli are helping the enemy. Ha ha. Wankers. Pete Sanshilli says: "They have mastered the art of disinformation; they send you off in so many different directions that you pretty much give up." *Hypocrite. Pete Santilli knows all about the art of disinfo; he's full of it.*

As for the 'false flag' attacks which they discuss, **why don't they do the research on those attacks, and PROVE they are false flags?** Shills aren't allowed to do that, of course; they're only allowed to research stuff the *masons approve of*. They're not allowed to research their masonic paymasters or their co-horts! Doyel Shamley says that in the last few months of Bill's life they were doing lots of research, and getting as much info out as possible, because "we are running out of time." *Bill was the only one getting the real research out; the men in power were in a race against time to prevent that; Bill was a marked man.* Shamley says: "Depending on what kind of agency you're dealing with; they're basically the same thing." *Notice he doesn't tell you that that is because freemasonry controls all agencies.* He says the surveillance [on Bill and his team] increased enormously in the months before 9/11. *If Doyel Shamley was genuine i.e. if he was doing what Bill was doing, he would have been just as much a threat to the masonic powers as Bill, and he would have been taken care of too.*

This is what the superprick Doyel Shamley tells the listeners: "On the [HOTT] website is 'Behold a Pale Horse', 'Oklahoma City' - *the original as published* - is on there; there are some *hacks out there* who have *distorted* some of the publications, like *they're fond of doing to the audios [that's total bullshit, of course]*; the toxicology report and the autopsy is there - *I don't know how to make it any simpler.* *Somebody please punch this tool.* *These people are pitiful. He's pitiful. As for you and your request, yeah we'll talk about it one more time.*" Ha ha, it isn't at *Santilli's* request; that's *pretence*; these two **lowlife masonic sellouts** do *what the freemasons tell them*. Pete the prick Santilli constantly addresses his mate Doyel as "sir" ["yes *sir*" bollocks.] *Sir? What? Jesus wept and fuckin wept.*

Samley talks about **Texe Marrs** [another low down loathsome lying lump of *cointelpro turd*] saying Texe Marrs published "total horse shit about Bill's murder." *Texe Marrs, just like all shills, publishes only what the masonic master instructs.* Look at shilly Shamley on his moral high horse - he works for the *same masonic puppet master as Marrs*. He also says:

“Everyone was making up stories about Bill’s death to get famous off his death.” Shamley wants you to believe it was for fame; he won’t tell you what they’re *really* doing; and *who* they work for – the same people who *he* works for; the bastards who murdered Bill. He says: “**Anthony Hilder** [yet another lying cowardly masonic pawn] went straight to Con con [apt name!] the ‘conspiracy convention’, and we’re regular invitees [course you are, you twat; all *shills* are welcome there]; he went straight there after the funeral. Bill would have been furious at all the filthy shills [all of whom wanted Bill dead] turning up at his funeral. It is disgusting how low they will stoop to twist stories and put out fallacies and glamorization to promote their careers on the death of someone.” These people he *pretends* to denounce all serve the *same masonic puppeteer as him!* Doesn’t it make you sick that Doyel Shamley, Pete Santilli, Robert Houghton, Farren Shoaf and all the other numerous evil enemy agents [and there are a *colossal number of them*] are ‘furthering their careers’ lying and deceiving and *furthering your enslavement* in the masonic NWO hell; they’re **worse than mainstream reporters**; and that’s saying something!

Puke faced Pete Santilli says: “We have honoured Bill Cooper on a daily basis.” There isn’t even the *pretence* of that! In any case didn’t Sanshilli say he only knew of Bill Cooper “Oct or Nov of last year” i.e Oct or Nov of **2012?** He repeatedly says: “**As Bill said, do the research yourself; don’t trust anyone.**” Santilli, Shamley and all the other despicable disinfo agents – hiding behind masonic protection – make me sick when they repeat what **Bill always said.** *Bill was genuine; they’re not.* They repeat his words smug in the knowledge that people are put off being real ‘armchair sleuths’ purely because the likes of these shilly bastards are doing such a good job *muddying the waters*, and *preventing* a mass awakening. Listen up Pete Santilli and all you other scumbags – Shamley, Shoaf, Houghton ... all of you **fools who have sold your souls to Satan**, don’t worry about us doing the research; we’ll do the *real* research ... and we’ll expose all of you filthy lying scheming masonic puppets – all you utter scum who do the dirty work of the men who murdered the one man who put **all** of you pathetic cowards to shame.

Listen to the Santilli ass-hole saying: “Their [law-enforcement] presence could have ultimately saved your life” followed by the narcissistic egotistical wanker Doyel Shamley saying: “Yeah I’m confident ultimately, cos the place was swarmed upon; schools were shut down upon outside advice ...” These two are really getting carried away with the script, aren’t they! This

is just more proof [if it were needed] that both these baboons are chain yankers – *police do not protect genuine freedom fighters*; obviously. If the men in power intend to silence you once and for all, nothing will stop them. Shamley says there was a horrible monsoon – “It brought evil to the town that day.” Shamley *is* evil personified. I’m surprised Bill never saw through his mate Doyel; perhaps he did eventually; maybe he was about to expose him too. He says he “didn’t fancy a shootout with 10,000 militia members.” Ha ha, Shilly Sham has never been part of a militia; he operates *under the protection of the masonic mafia*.

Shamley talks about “Bill’s supposed friends” [warra hypocrite] saying: “One particular friend that Bill spoke of on the air; he had allowed and gave information for his phone to be tapped for that last year of Bill’s life, and then would call Bill every day – that way Bill was not suspicious of a daily phone call from someone he thought was a friend – Dave Mann; that way they were recording all the phone conversations; all this came out afterwards.” This is what is stated in the ‘report’:

“Commander Womack said retired DPS Highway Patrolman Dave Mann was good friends with Cooper and visited him often. According to Commander Womack, Mann reported the threats to kill officers to the local police departments. Commander Womack said Mann told him that he had an agreement with Cooper to take Coopers family out of the house if he was ever barricaded inside because Cooper was going to fight to his death. Commander Womack said the local police became involved with Cooper once he started assaulting people with guns.” This doesn’t ring true. There is nothing at all to back up Shamley’s claim; as for the allegation that Dave Mann reported Bill’s threats to kill officers to the police, why would he do that when *Bill himself had made that public!* There is no evidence that Dave Mann turned coat; all we have is the say-so of *proven liars*. Course no-one needed to tap Bill’s phone, the *masonic controlled* police had *masonic controlled* SPY Doyel Shamley to give them all the information they needed.

Notice how the masons are ramming home the message that Bill was this *trigger happy mad man*.

Now listen from 1h 30 mins. Doyel Shamley says: “Officer Goldsmith who *its thought* [notice the terminology – nothing’s ever *factual* in shillyland] fired the fatal wound, not the point blank one, he was the one most in line to hit officer Marinez. About a month after the incident officer Goldsmith went to his leadership and said “we need some internal investigation, I’ve got a lot of trepidations about that day”, [where is the *evidence* that Goldsmith asked for an internal investigation?] and they said “oh it’s just

PTSD, take another day off”, and he pushed the issue again – we need to have a large scale outside agency complete audit of what happened that night [where is the evidence that Goldsmith asked for a ‘large scale outside agency audit’?]; he himself kinda knew he might have shot the other officer and I think his morals were finally kicking in. The masons want you to believe that. Goldsmith was part of a motorcycle cavalcade, an unknown hit and rrr, an unknown suspect [Shamley changes his mind there] that was never solved came out and ran over him.” There is no evidence that Goldsmith’s death is suspicious. There is nothing to disprove the statement that he simply “lost control of his motorcycle when it struck a gravel shoulder of Highway 264.” <http://www.odmp.org/officer/17571-commander-joseph-allen-goldsmith> Of course good little shilly Santilli goes along with the ‘suspicious death’ propoganda, saying: “Wow the one who was demanding the enquiry into the incident he was involved in.” Shamley continues: “It traumatized his wife and she tried to approach me about a month after his death; she wanted to talk to me bad and in tears; she somehow dug up my number through the police I assume [the wanker is pretending to be in opposition to the police; he answers to the same masonic power as them] and called the home. Course he didn’t think to record that conversation, did he! There is no evidence Goldsmith’s wife called him. This is more of the same shiny bullshit from Doyel Fullofshit Shamley. I’m like woah this is crazy, so I called a deputy [who shall be anonymous] to go with me to watch my back. Fukkin narcissistic prick. When I called her back and said “we’re gonna meet in this very visible parking lot”; I didn’t know if it was another set up, [this lying shit has never been set up] she suddenly changed her view; something or somebody got to her in such a short space of time and she said “I can’t meet you, I can’t talk about it”. When I was doing follow up research [LOL] for the people who made the documentary on Bill [yeah Doyel’s shilly mates] I was at the library in Phoenix and the desk clerk was helping me and I said “I need anything that even mentions Bill Cooper”, and he’s pulling up the records [what records?] and he goes “oh dude this is on the notification list”; and we’d done a broadcast on how libraries are part of the snitch system, if you check out certain books they’re supposed to report to the fed who you are, [yeah, I’d like him to show the evidence for that! Libraries block certain websites but they don’t report people to the government; the masons are well aware of who their enemies are; they don’t need librarians to tell them] and it really was accelerated after 9/11, that program. He says “I’m supposed to alert the authorities that someone’s digging out info on Bill Cooper, so I’m gonna print out the microfilm and you need to get the hell

outta here”. Yeah, as if! So I legged it though a crack neighbourhood I don't know and then hollered a cab ...” Course you did Doyel; we believe you. Twat. Santilli, the good little masonic puppet eggs him on: “You've obviously had concerns for your own life ...” to which Shamshilli replies: “Yeah they're still trying to 'get me'. Ha ha, dream on. No-one's trying to 'get' a cowardly masonic sell out. In 2011 it got really bad in the sense I was doing some workshops I was hit with the heightened security list at Phoenix airport – they shut the whole security checkpoint cos of me. FFS shut the fuck up Doyel, ya lying shit. At a driving check point I got hit ... at a TSA homeland security checkpoint I went through 3 hours of interrogation. Liar; no he didn't. And I wouldn't break and they got pissed off and let me go.” Bwa ha ha ha ha ...

Pal Pete continues to *play the game*, saying: “Wow, so these federal goons [fukkin great pretender – these 'federal goons' work for the same masonic boss as him] are trying to circumvent what you're trying to do – to get out there and educate the public ... Fukkin fakes, the pair of them. So you're teaching Sheriff departments and city councils, and how they can reclaim their land that is being managed by the federal government, and you're teaching that to jurisdictions across the country, correct?” Sheriff depts councils, government ... all controlled by the same masonic puppeteer that controls Sanshilli. Listen from 1h 38 mins to learn about all the useful seminars etc shilly Sham is doing ... He also talks about 'CAJI' which was once a genuine organization – when it was under Bill's watch [although I daresay it had its moles then], not so now that it is under the guardianship of devious despicable skills; although I should add that there may still be some genuine people there – helping with admin etc, if so they will *not be aware that there are now working for enemy agents*. This is what Shamshilli says: “CAJI is still fully functional with many of the original founding members. We occasionally allow new members in through the normal processes; [that means masonic vetting] we have new people applying right now ... we have research arms worldwide – I get reports from Africa, multiple countries in Europe, north and south America ... Sure you do wanker – any 'reports' you get are from your fellow masonic friends. We need quality researchers, not dead weight for the sake of numbers.” That is just another lie. Shamley and his shilly pals absolutely DO NOT want researchers, especially quality ones. They don't want people exposing them! It is very evident that the people Bill thought were genuine researchers were/are NWO skills. More on that coming up.

The good little shill Santilli says he wants the listeners to know that all the research that has been done into the assassination is well documented. He says: “Shame on all of us for not having done all that research, cos we’re all very interested in what you’re talking about; we want to know the facts; but the facts are already there before us.” Lying sack of shit. NO investigations have been done. Folks, this is a **masonic message** to all of you *genuine* Bill Cooper supporters not to do any investigating of your own, cos it’s all been done – by Bill’s ‘right hand man’ ... and the conclusion is **murder by the State cannot be proven**. Sanshilli continues “If you don’t mind me saying, you said everyone needs to get off their arse and do their own research. Yeah carry on playing your *masonic games*, dickhead; what’s the masonic reward???” The main message we need to convey to everyone is you do the research yourself and **you will believe what you have before you**.” Ha ha, not true arsehole. Any genuine independent researcher – who *has some knowledge of how freemasonry works* – would soon figure out what is really going on. His friend – fellow fake as fuck masonic sellout Doyel Shamley is there engaging in *orgasmic agreement*. Listen to the pair of them being polite about Shamley forgetting Sanshilli’s cohort’s name. They make me wanna puke. The assistant – Susanna Cole – needs to know she is working for a dirty lying **enemy agent**. Lying little worm Doyel Shamley tries to shut the cynics up by saying: “What do you mean you didn’t hear it? We’ve given you the time frames ...” No, **you’ve given us the masonic script**.

Sanshilli talks such bollocks saying: “we are in an undeclared state of martial law” and: “We need to restore our republic in 3 to 4 years or it will be unhealable.” No-one can put a time on what will happen in the future, because no-one *knows* what is going to happen. Only GOD knows that. Shamllily plays along: “We see this **experimentation**; we’re like lab rats, like the **Boston marathon bombing – they’re practicing implementing full blown martial law** – isn’t that a practice session – the Boston bombing?” That is what the scumbags in power want; that is what scumbags like Doyel Shamley and Pete Santilli are facilitating. If that was not true, they would have done the research into the BB [course they don’t have to now - they can just give my work the thumbs up ... but will they? Ha ha, hell will freeze over first.]

Towards the end of the Santilli ‘interview’ we hear Shamley saying he carries the constitution in his pocket. **Carry on pretending asshole**. And we

hear Santilli saying: "God gave us inalienable rights". **God does not know you Santilli; nor you Shamlily; he does not know wicked people.**

"I do not sit with the deceitful, nor do I associate with hypocrites." Psalm 26:4.

"After the master of the house gets up and shuts the door, you will stand outside knocking and saying, 'Lord, open the door for us'. But he will reply, 'I do not know where you are from'." Luke 13:25

"The Lord knows those who are His, and let everyone who calls on the name of the Lord turn away from iniquity." 2 timothy 2:1

"For the LORD knows the way of the righteous: but the way of the ungodly will perish." Psalm 1:6

"Many will say to me on that day, 'Lord, Lord, did we not prophesy in your name ...?' Then I will tell them plainly, 'I never knew you. Away from me, you evildoers'." Matthew 7:22-23

Ok, lets see what other BS came out of the Houghton 'interview':-

Prepare to be nauseated when you read the following:

"Rob: Well, I think people will understand, Doyel, that, well basically since this one hour and ten minutes that we've been into here, **if you can imagine, ladies and gentlemen, waking up and expecting to go to work in the morning and then in this amount of time finding out that your best friend has been shot dead in cold blood** and now all of a sudden you're surrounded by a bunch of these people who shot your friend, not necessarily these particular individuals, **this organization that has shot your friend, these are not friendlies, these are people that have to be dealt with very carefully** and I can imagine that there would have been some colorful language expressed to them in the heat of the moment, like this has all happened within a couple of hours and...

Doyel: Well, I told them...

Rob: **I don't think you need to ask for forgiveness for that, Doyel.**"

Here's some more shill shite:

"... and we got out of the vehicle, and of course everybody in the world is looking around and ducking and this and that because they think, you know, military, even though they're a bunch of cowards, and they approach Lieutenant Kirkham, ask him who I was and I'm only like four foot behind him, so I don't know why the rude people just didn't ask me.

There is no justification for calling these people 'not friendlies' or 'cowards'. Regular workers in the police, armed forces, sheriff's dept etc etc are far from cowardly and they're not unfriendly; they are simply unaware of what is going on in the upper higher echelons of their organization, and *who* is really in power. As for people being 'rude', there is no evidence for that either [although when people read this pdf I hope they will be *more than rude* to both these fake fuckers!]

Doyel: No, I just told them how the county something in the real world. I corrected them on their slack job, manner of wearing their uniforms, what they call their uniforms, but which are military and that some of us actually had to earn ours [yeah, I wonder what the *real* reason was for him leaving the army. This loser has such delusions of grandeur; it's a typical shill characteristic; and it's because of their over-inflated egos that their – numerous – lies are exposed. Idiots] and I corrected them on their styles and etiquette and their professionalism. I just did it in terms that are more military terms and with a lot of f's in it and this and that. So, at that point, I realized that these guys were a bunch of boneheads obviously and I need to get out of there. This is all pretence; the lying fucktard didn't really call anyone any names. So, I told Kirkham I said, "Well, I want a ride home", and so he brought me home, and I kinda just camped out here [er, what happened to the – no-named – officer who he told Santilli was *assigned to him to protect him?*] and then of course, the onslaught of the people came by, the press trying to get through and down the street, interview and helicopters overhead from the news media. We're talking ABC, NBC, CBS out of Phoenix... The big ones, Channel 3, 5, and 10. They had helicopters, everything that they had secured that morning and flew up here. I just really didn't have much use for any of them and I knew that whatever I said they were going to twist around [ha ha, look at the twat pretending to be in opposition to the press; he is in league with them; he and they work for the same *masonic* paymaster, although NWO operatives like him are *worse than mainstream journos*] so, I just didn't speak to any of them whatsoever, and camped out at my house, filmed what footage I

could get from my angle. So where is this wonderful footage? I had the VCR going at that point. Well he wasn't recording the news so that he could name and shame lying reporters with the *proof* of their bullshit and lies, was he!

Doyel: Yeah, I have a bunch of the news clips and then of course the footage that I filmed that shows you the volume of agent cars going up and down, up and down the hill and barricades and everything. I filmed that plus at the same time I had the VCR going at that point. Bear in mind this 'interview' was done in March 2005 i.e. more than three years after Bill's death. He should be exposing the reporters by now, not referencing them. But that is not what shills do, they *don't attack their own side*. This pair of prats even pretend that you get information from 'news' stations:-

Rob: So, the videotape that you have, Doyel, you're saying has the, basically all the broadcasts on local news stations that we could get with information [information? Oh God, give me strength!] about Bill from that day, plus some footage locally from your front yard showing cars driving up and down Bill's hill like we said before, it is a line of sight from your front door or so.

Doyel: Yeah, and I've been chastised for not getting all the news reports, [lying wanker] but I would tell those people, "Well, where were you, I was kinda busy. I didn't have time to sit there and flip through the channels and hit record, so I turned on the three major ones and hit 'record' and left it at that." Why??? And I caught what they were showing about nine or ten in the morning, and it was just so absurd, it was incredible. Come about 11:00 that morning, I guess, 11:30, I had found out through information that, sources, that by Arizona law within ten days the reports have to be on file, but it's supposed to be done as quick as possible. So, I went down and put in a request for the report, even though they didn't have a report number yet. I just said all reports to deal with Bill Cooper and signed for them and paid. This twat just oozes shit; doesn't he. Then I found out that Sheriff Hounshell magically made it back from vacation and he just stunk of horse crap. The stench of shit coming from you Shamley is a lot stronger. I mean he's shit that walks and breathes, that's all he is. And that's how he looks too. You're describing yourself Shamley, you numpty. He showed back up miraculously for the news conference because he likes to grab the camera. And this was to be held about noon at that Incident Command Centre, and that was where the three big networks that were already up

working in the area were all going to be there. So, I had an escort take me out there, not a police but a friend, so that there'd be witnesses and I tried to get in there, and they denied me access saying it was not open to civilians. So that lead to a, of course, altercation, and I took off. Course that drama wasn't recorded by his no-named friend either, was it! Fukkin great pretender. Obviously they wouldn't let me in to the press conference [cos they feared the truth emerging. I'm really splitting my sides now] and here is where they really started their lies, [your lies are more dangerous] that they had this dangerous villain, this right-wing talk show host, etc. that had massive stockpiles of food and ammunition and bombs and stuff. They had to raid him for the safety of the public and this and that and...

Press conferences are for the press, so – quite rightly – anyone who does not work for the press would not be allowed in. Why would anyone else want to be there anyway? Genuine protesters would not try to storm a press conference as they'd just be removed. Any so-called disruption at a press conference is *staged* i.e. done by NWO skills. Remember *nothing* gets into the news without the masons knowing about it.

Rob: Calling him a convicted felon at some points...

Doyel: Huh?

Rob: Calling him a convicted felon at some points, which is completely, utterly untrue.

Doyel: Yes. And so that took place, but of course I have to see it on TV and I'm back at home and they continued their drive bys and harassments, stuff around the house, [no-one harassed you then, nor does anyone harass you now, you fukkin loser] I constantly, though mind you, like every half hour, probably a lot closer than that, probably every 5 minutes, so I imagine they were getting quite annoyed. You know, I'm sitting there chewing my nails in my front yard, I'm zooming up there to the barricade asking them what's the progress, what's the progress and the guys put on the front was one quasi experienced officer from Springerville ... All lies; none of that happened.

Rob: These are the same gentlemen that you brought coffee to at some point in the day.

Doyel: Yeah, because the rain was horrendous and it was cold and they were stuck out there and I came up, you know, I had a cup myself but I had

my thermos and I figured well hey you want a cup of coffee, I can afford it, and gave them a cup of coffee and they were mind boggled that I would do that. And there is not even one photo of Shamley sharing his coffee with these cops! And that's actually when they asked me if they were gonna die that day. He's so full of shit, isn't he.

Rob: The news media was playing up the fact that there was expected to be a huge influx of people to come in with, you know fully armed militia to just go against the government for whatever reason they could and this was a good enough reason, so all cops fear for your lives, and they were whipped into this kind of frenzy and that's at the point at which you calmed their nerves, I take it." Puke bucket please.

Shamley spouts more bullshit:

"Doyel: He [Officer Crowe] came to the home, I let him in because I knew who he was and he was telling me "Well, here's how we want to proceed." And I said "Well, I don't give a dang and you need to follow the rules," And at that point I presented him with some simple examples from right here in the area that the search warrant taking basically everything out of the home was not really going to fly being that this guy up the street had done this, and this guy across town had done this, you know, etc. etc., I had about six different things and the same thing had not happened to them. So he ran out and talked to the leadership, and I guess they realized they were cornered. So they came back down and said, "Well, we'll do what's standard protocol."

And notice how casual he is about going to the house:

"Nothing occurred and then out of the blue here they come down, like I say, about 3:00 in the afternoon or so, and wanted to do this warrant" and yet earlier on he'd said: "I saw the immediate need to secure this and that ... I had to assert the something [huh?] responsibility for the trusteeship, and that meant protecting the property for the beneficiaries which were Pooh and Allison." And notice he doesn't even know how Allyson's name is spelt – that's how much Doyel Shamley cares about Bill's daughters.

The dutiful shit spouters continue to act their part in the *masonic charade*:

"Doyel: I think at that point they realized that they got themselves in a corner because what had happened was the Apache County Sheriff packed up and took off and then they had the search warrant that was in their possession to allegedly pursue this arrest warrant that evening before.

They just handed it to Eagar Police and said, "Here, deal with it." And then the deputy took off, so, Eagar Police were stuck with it, who wasn't even involved with it in the first place.

Rob: They weren't really interested in exactly pursuing that. It seems like this point that it was like fait accompli like they'd, Apache County Sheriffs Department had finished the task that they had set out to do and at that point didn't give a rat's butt what happened.

Doyel: No, they were not worried about paper work at that point. They got done what they wanted to get done and then it was dump the paper work on the locals."

Narcissist Shamley says: "... of course there were looky loos like crazy. Supposed militia, supposed patriots, they were all goof balls and fakes, coming up to look at the blood. Some people asked even to get pictures of it, things like that and basically if I needed them all I did was get on the phone and in a heartbeat they were there, and ran them off. They never arrested nobody, just ran them off because there were too many people poking around the place and managed to keep it secure." Course Shamley didn't film that spectacle either; did he. There would have been a police cordon; no 'goof balls and fakes' would have got anywhere near Bill's house.

And: "I called my dad, told him what happened just so he'd know, in case something happened, I wanted my dad to know that this was what really happened, and not what they say." Ha ha, its high time your dad knew that nothing is ever going to happen to you since you are nothing but a yellow-bellied masonic stooge. Its time he knew that you aided and abetted Bill's murder.

Shamley also wants you to believe:

"At that point, the DPS, which is the Department of Public Safety, or the Highway Patrol if you will, found out that the large contingency of the [masonic controlled] National Alliance which is your aligned with the [masonic controlled] Aryan Brotherhood and everything, they have always had a problem with us, so they decided, because they have a large contingency up here, that they were going to en masse cause a big armed ruckus at the funeral. So the law enforcement called me on down, talked to me about it, warned me and said, "What do you want us to do?" And I said,

“Well, basically you blockade the hill and don’t allow anybody up there at all.” And they did so.” Yeah, more lies. The people who have [or rather had] a problem with BILL COOPER [not “us”] are the men in their *secret societies* – the men who are behind the ‘white supremacy’ movement, the same men who are behind Bill’s murder.

No-one had any intention of turning up at Bill’s funeral and causing any problems. So, the idea that [as Houghton says] “*masonic controlled law enforcement* was prepared for some sort of confrontation ... there were *masonic controlled snipers* outside of the church” is nonsense. [And if they were there it was an act.] So too the claim that “*most of the churches turned us down*”.

Houghton wants you to know that “I can understand the fact that it was expensive to get down to Eagar. I remember I was actually on a business trip to Toronto, or I was supposed to be heading to a business trip in Toronto and *when I heard the details of the date of the funeral and everything announced on WBCQ* [I wonder why Houghton had to get that info from the media when his pal and fellow HOTT colleague Shamley was [according to Shamley] organizing the funeral!] I had tried to rearrange my schedule to go down to Eagar and *it was going to cost me, I believe it was either \$3200 or \$3600 Canadian for that last minute flight down to Eagar.* Bill would have been rolling over in his grave at all these traitors turning up at his funeral. So, I can understand because he wasn’t a relative of mine the airlines don’t give you the same benefit as if you’re going to the funeral of your father, or something like that, they give you some sort of compassion rate.”

Of course, Shamley wants you to believe that Bill’s ex-wife Sally and daughter Jessica were behaving abominably:

“Rob: There’s just one other thing I’d like to bring up, Doyel, and that was, I understand Bill’s ex-wife, I believe her name is Sally. Now in 2001 I guess they would have been divorced for approximately 20 years or something like that, a lot of the listeners from the Hour of the Time may recognize the name Jessica, she was on some of the chat groups and had come to visit Bill in Eagar after he’d moved to Eagar and they’d sort of caught up after a decade of so of not being in touch. I understand they contacted you, I guess they were contacted by the authorities and they got some information from the WilliamCooper.com website at the time, could you just give a bit, maybe a synopsis of what happened with Sally and Jessica?”

Doyel: Well, yeah, basically they had found out from the federal Marshall what had happened, plus the website and Sally immediately started calling, 1:00 in the morning, 2:00 in the morning, things like that, calling the funeral home directly **trying to cancel the arrangements** because it didn't fit her schedule—we're talking a lady who hasn't been around for 20 years. **Maybe Jessica had more right over the funeral arrangements than Shamley. Wonder where Bill's wife Annie is in all this.**

And she wants to change everybody's natural plans to come here for her, and it culminated the day of the funeral with them showing up in a rental pickup and me really lost as to why and I said, "Why did you rent that little pickup because you're griping about being cramped up. Why didn't you get a car?" "Oh, we came to get what's ours." And she tried to assert that she was a trustee, which was completely bizarre. **The lawyers threw it out in a heart beat as well as the ones that even she hired dumped it; [so show us the documentation; prove what you say is true]** didn't even want the case because it was so dumb and **stole the guest sign-in book at the funeral** which I had saved for the daughters, Pooh and Allison. And took that and Pastor Jerry got that back for me and Jerry of the mortuary service. During the services, that came up missing and they secured that. **They tried to take the flag during the interment at the gravesite from his casket.** And after such ludicrous behavior, they came in to the food part afterwards and **threw a tantrum** and said, "You haven't seen the last of us and we're going to sue you, etc." and they stormed out of there and these are coming from the people that have never been here, as far as her and...

Rob: Sally.

Doyel: Haven't been married to Bill for 20 years and have not offered a single penny of help throughout the circumstance whether it be funeral, food or whatever. They were **quite the nightmare.** **I'm sure if Sally and Jessica had behaved so appallingly Doyel Shamley would have got that filmed!**

The 'interview' [*masonic charade*] ends with Houghton saying: "... perhaps I guess on a future program **we can get into some of the lawsuits** and things." **No, we can't stomach any more of your bullshit, just publish the documentation.**

Here are some videos of these two treacherous rodents – Houghton and Shamley <http://www.awakeningblog.com/william-cooper-and-his-death.html> Bill would be incandescent with rage if he could hear them and their fake eulogizes.

This is what the despicable pair publish on HOTT:

“Links are supplied that researchers have access to more information. Hour of the Time **does not necessarily endorse, approve, or disapprove** of any site linked from these pages. This is the **age of deception**. We are engaged in an information war. Links will take you to many other websites containing varying degrees of personal belief, religious dogma, truth, **lies, misinformation, and disinformation**. We urge you to practice due diligence in your quest for truth.” <http://www.hourofthetime.com/billrelatedlinks.html>

LOFL. Genuine freedom-fighters don't link to blogs which are run by masonic-controlled NWO gatekeepers, they do proper research, and expose NWO shills; just like Bill did.

These jokers don't even expose the great oracle of bullshit, cointelpro kingpin, scum disinfo-merchant extraordinaire *Alex Jones* for what he is. Listen to what the nauseating masonic kiss ass Farren Shoaf says: “I have always wondered what was at the core of the **dispute** between Alex Jones and Bill Cooper?” **Just the fact he asks that tells you what side of the fence Shoaf is on; and it absolutely is NOT freedom. There was no dispute, Jones is clearly a treacherous lying piece of cointelpro scum, and Bill was exposing him as such. Simple as that. Course ShitShamley also plays down his role saying: “It started because of Alex's – how do I put this nicely – I guess showmanship ... Alex constantly nit-picked back ... it was an odd battle.”** Yeah don't worry folks, Alex Jones is harmless, he's not a devious and dangerous enemy agent, working diligently to ensure your complete enslavement in the masonic prison. You can listen to the rest of that shill shite yourself; if you can stomach Fullofshit Shamley talking about morals and ethics and truth ...

Have a read of the disgusting disinformation and lies printed about Bill by the masons who write the 'cult education' and the 'Tucson Citizen'. I copy/paste/comment on *some* of it:-

“Officers Kill Militia Voice

Deputy Shot

The Arizona Republic/November 7, 2001

By Mark Shaffer

Glenn Jacobs, a Round Valley newspaper publisher [a spineless, lying, scumbag masonic propagandist] and friend [Bill couldn't stand the lying cowardly masonic puppet Glenn Jacobs; for good reason] of Cooper, said he didn't think the police operation was unjustified. Course he'd say that, the dirty sewer rat Glenn Jacobs wanted Bill dead.

"I think Bill just went nuts. Not true. He was looking for martyrdom [Not true; Bill did not want to die; he wanted the truth out, and he wanted the likes of Glenn Jacobs brought to book for their scandalous betrayal of true patriots] anyway and swore he would never surrender," Jacobs said. "They had him dead to rights on the aggravated assault." *Evidence?*

Jacobs also said that if the sheriff's deputies had allowed Cooper to enter his house, "they would have had a bloodbath on their hands." *There was a bloodbath – Bill lay dying in it.*

James Nichols, brother of Oklahoma bombing co-defendant Terry Nichols, said during a 1996 court proceeding that McVeigh had been a regular listener of Cooper's programs in the months leading up to the Murrah bombing.”

Notice how the masons always try and connect Bill with the Oklahoma bombing. This is what Bill has to say about that:-

“Even the FBI made a public announcement in 1995 saying that there was absolutely no connection whatsoever between Timothy McVeigh, the militias or American patriots. Yet the scum sucking puke-faced lying, dog, communist news networks continue to try to make that connection. I heard from various friends [fake ‘friends’ i.e. traitorous masonic NWO operatives] that I was the subject of one of these blatant lying libelous totally false attacks by Fox News out of Channel 10 and Phoenix. I’ve

continually warned people not to talk to any press because they're liars; they will lie to you ... **One of the bottomless pits in this valley that has been a constant pain in my arse is Glenn Jacobs who I understand was a major part of this hatchet job.** Another one is someone who I've warned many many times not to talk to these people. Well he believed the Arizona Repulsive [*he pretended to believe the Arizona Republic*] and he talked to **Mark Shafer**; and Mark Shafer took everything he said out of context and made him look like a total fool and used his words to make me look like some kind of subversive idiot; and **he apologized sincerely** [*he feigned apology*] ... but then they set some TV cameras up here in the last couple of weeks and he **did it again**. Well Nolan Nudal? is no longer a friend of mine; **I can't have stupid people around me**. He fell for it again; they promised him that he would have total approval of the script of the news broadcast; can you imagine that he **actually fell for that crap**. Well, **he didn't fall for anything; he too was a traitorous scum masonic NWO tool.** Unbeknown to him, Bill was surrounded by a bunch of pretenders. These 'patriots' were not 'stupid'; far from it; these people were never Bill's friends, they were **spineless, nefarious, vile, deceitful, back-stabbing masonic whores**. How many others of you out there allowed yourselves to be sucked in by the glamour that you were gonna be on Television? Well I gotta tell you something, they made me look like some kind of subversive idiot, and the rest of you look like the biggest jerks who ever walked on this planet; and I guess **you're never gonna learn**. **The truth is, there were no real patriots talking to the press – those people were all masonic vipers.** Some of you learned a hard lesson over these last few weeks; and the whole purpose of it ... you seem to be so absolutely ignorant that it's pathetic ... I can't believe that people can be so stupid ... was to **make an attempt to tie me to Timothy McVeigh, in order to demonise me, like they always demonise their targets, so that when they finally come after me you all sit back and say "yeah well he's one of those Oklahoma City bombers"**; and if you say that you'll be a liar and you'll burn in hell. Most of you don't give a damn anyway; I'm amazed at the stupidity of the American people; that they believe they're getting the truth on TV or in the newspapers. This country is in the hands of our enemies ... Now I don't give a rat's arse whether you like me or not; but **you'd better damn well listen to my message. Tonight's broadcast is going to open your eyes; it's going to make you understand why I am such a target of these people THAT THEY MUST DESTROY ME; THAT THEY ABSOLUTELY MUST DESTROY ME, TO SHUT ME UP."**

<http://tucsoncitizen.com/morgue2/2001/11/07/91451-militia-leader-slain-by-deputy-in-eagar/>

““For more than 3 1/2 years he had been holed up in his house in Eagar, threatening to kill police officers and federal agents,” said **Mark Potok** of the Southern Poverty Law Center. “He was talked about as a guy who talked crazy and made a lot of threats. The reality is that people like him are frequently exceedingly dangerous.” Bill did not talk crazy, he spoke truthfully. Yes, he was very dangerous – because he had the balls to speak the truth. Mark Potok – who is almost certainly another high-wanking freemason – is just another filthy cowardly LIAR.

“It's more that his conspiracy theories [notice how these masonic scumbags label him a conspiracy theorist, Bill made it clear he never promoted theories or rumours, he only ever presented conspiracy facts – and he always told people to go and verify everything he stated for themselves] leached out in the militia movement as a whole.” Some of the theories revolved around aliens. As said, Bill did not theorise; what he said re aliens is that there is no proof extraterrestrials are real; what is known is that the technology is real https://www.youtube.com/watch?v=7_g0NIBevWk

“This is a guy who had fantasies of knowing all the deep, dark secrets that really make the world run,” said Potok, but added that the groups he ran might really have been Cooper, “his dog and a computer.”” Ha ha Potok and his ilk were terrified of Bill because he was an intelligent man who could think for himself and was fearlessly exposing their secret masonic evildoings.

Bill, of course, exposed many NWO skills, some of whom he once believed were genuine freedom fighters. But what of certain others he afforded credibility? The ones he believed were “all working in the same organization toward the same goal which is to collect the information that is so important to all of us”

<https://www.youtube.com/watch?v=gXqb6PDKBtQ> Could they be serving the masonic powers too? Are some of the people Bill sources as trusted purveyors of information also Satan's little servants? The following is a list [by no means an exhaustive one] of people who Bill either knew or who

gusted on his radio broadcasts or are referenced as recommended books [see p 97 of 'Behold a Pale Horse'

Tony Alamo. He was a "well-known evangelist who, after a radical conversion to Christianity, founded what is now called Tony Alamo Christian Ministries with his wife, Susan, later establishing its headquarters in Dyer (Crawford County). Widely regarded as a cult, Tony Alamo Christian Ministries was at the center of a number of lawsuits and government actions, and its leader was jailed on a variety of charges, including income tax evasion, the theft of his late wife's body, and taking underage girls across state lines for sex." <http://www.encyclopediaofarkansas.net/encyclopedia/entry-detail.aspx?entryID=4224>

Eustace Mullins.

"Mullins' October 1952 article entitled "Adolf Hitler: An Appreciation" was mentioned in a report by the House Un-American Activities Committee.^[26] In it, he espoused anti-Semitic views and expressed the belief that America owed a debt to Hitler.^[27] The article first appeared in *The National Renaissance*, journal of the National Renaissance Party.^[15]

In a tract from 1984 called *The Secret Holocaust*, Mullins stated that the accepted account of the Holocaust is implausible, calling it a cover story for Jewish-led Soviet massacres of Christians and anti-communists.^[28] In particular, Mullins argues that by the mid-1960s, in order to divert the world's attention away from this putative mass slaughter, "the Jews" had cooked up the story of the Holocaust, using "photographs of the bodies of their German victims, which are exhibited today in gruesome 'museums' in Germany as exhibits of dead Jews"^[29] as evidence for their claims.^[28]

Mullins sees the Illuminati as really run by Jews."

Anthony Hilder and Texe Marrs. These two are already thoroughly exposed as NWO shills.

Antony Sutton.

“In Sutton's own words he was "persecuted but never prosecuted" [yeah, I'd like to see the evidence of that] for his research and subsequent publication of his findings.” Sutton was a close friend of another controlled opposition agent **Charlotte Iserbyt** who, just like all the other masonic puppets, is rewarded and protected by the very people she pretends to expose – the men in their secret societies.

William Bramley

<http://www.williambramley.com/index.html>

So, did any of these ‘researchers’, ‘stalwart resistors of the NWO’ and ‘courageous freedom fighters’ that Bill recommended investigate the death of one of the greatest men the world has ever known? Of course not. This

lot are the **great pretenders**; the ones who *pretend* to be exposing freemasonry and other secret societies. Why don't they expose the NWO cointelpro agents? Because *they're not allowed* to expose their fellow masonic puppets. Have any of them researched the current terrorist attacks, for example the Boston Marathon Bombings? Course not. Why? Because that is *real* research; they're only allowed to do *masonic approved* research. Are any of them suffering persecution for their gallant stand against the masonic powers? LOFL, of course not. Bill was so wrong about so many people; the only organization they work in is the *masonic* one.

Howard Nema of the so-called 'Truth Talk News' writes a very good article in favour of Bill Cooper <http://www.howardnema.com/2014/09/07/ behold-a-true-patriot-the-life-and-death-of-william-cooper/> You'll notice however that he *doesn't investigate Bill's death* either; and of course he doesn't expose the traitors Doyel Shamley and Robert Houghton; he references them instead <http://www.howardnema.com/2014/11/05/remembering-william-cooper-murdered-on-11501/> Sadly, Howard Nema is also just another great pretender; another spineless, treasonous cointelpro monkey, secretly aiding the men who ordered Bill's murder. Look at the clown at 22 mins of this video https://www.youtube.com/watch?time_continue=737&v=AZZa7CjkgJs shedding crocodile tears.

In my next pdf I'll be exposing the big fat fake, NWO masonic puppet Nema and **Barbara Hartwell** who he talks to about Bill's death here https://www.youtube.com/watch?time_continue=281&v=bOgXkesnii8 Barbara Hartwell is just another *pretend* patriot who Bill knew; she is in fact just another dirty, lying, cowardly NWO sell out whore. Incidentally you'll notice when describing Bill as a tremendous researcher Nema says "... probably only rivalled by **Eustace Mullins**." As said Eustace Mullins [now deceased] was also another masonic controlled NWO asset.

R.I.P Bill, you did what you came here to do. I salute you. I love you and you are sorely missed.
